

# The Comenian

MORAVIAN COLLEGE  STUDENT WEEKLY

Volume LX

Bethlehem, Pa., Friday, December 6, 1957

Number 9

## Christmas Dance Theme Is Announced By SAC

"Here Comes Santa Claus" has been announced as the theme of the Christmas Dance by the Social Activities Committee (SAC). The dance will be held Friday, December 13, in College Hall from 9 p.m. to 12 midnight. Music will be provided by Matt Gillespie and his orchestra.

During intermission while the assembled dancers sing Christmas carols, Santa Claus will make his annual trip to Moravian to distribute candy gifts to all the ladies present.

### Jazz Concert

At its meeting on November 20, the SAC decided to go ahead with plans for a jazz concert by the Gillespie Orchestra. The concert to be held in the Spring has been offered free of charge to Moravian students by Gillespie because he could not play at the Homecoming Dance.

Ideas were also presented for this year's Senior Farewell Dance which will be held on May 2. Several booking agencies have been contacted to find out what bands are available for that date.

Bob Smith, chairman, announced that as a result of conferences with the administration, a member of the maintenance crew will be available when decorations are being put up for dances.

The committee also decided on a tentative dance schedule for next year.

## Honor System, OGO & Voting Topics of USG

The long-proposed scholastic honor system, the care of OGO, the college mascot, and a fact-finding committee to investigate the various methods of forming an election committee were discussed Tuesday night at the regular United Student Government meeting. The meeting took place on the South Campus.

President Dave Jorgensen, after passing to the assembled members a faculty-revised copy of the original proposed USG honor code rules, led a point-by-point discussion to determine the changes. It was brought out that several minor but important changes were made by the faculty revision committee.

### Discussion

The crux of the floor discussion centered around the technical point of a faculty member being the soul judge of a student's guilt. The faculty-revised rule states that the professor is the sole judge of guilt or innocence of the student.

Argument ensued on the point that in this case the student would not have a chance to prove himself innocent if not guilty. Discussion also bogged down on other unclear points in the revised code.

It was decided that the president appoint a committee composed of five USG members to meet with the faculty revising committee and clear up these points of unclarity. The committee will meet with the faculty group before the next USG meeting early in January so as to have the details ready.

### Up To Students

The honor code once approved jointly by the faculty and the USG will then be up to the student body to adopt or reject it for use in all college examinations.

In other USG action Tuesday the governing body made and seconded a motion to give \$200 to the Men's Council to share in the cost of caring for the school mascot, OGO. The motion was tabled until the next meeting.

Prior to the adjournment president Jorgensen explained that he will appoint a committee "to investigate the various methods of forming a permanent elections committee who will have jurisdiction over all college elections, excepting clubs and fraternities." The forming of a permanent elections committee was prompted by the unconstitutional senior class vote of three weeks ago. The new committee would have the power to conduct, under USG rules, all student elections.

## Eight Moravian Seniors Named To 'Who's Who' For 1957-58

Eight Moravian College seniors have been elected to "Who's Who in American Colleges and Universities" for 1957-58, the administration announced prior to the Thanksgiving recess. Those chosen include Jane E. Adams, Frank J. Danyi, Jr., J. David Jorgensen, Janice E. Kennedy, Ruth C. Salabsky, and Robert H. Smith.

The annual selection is made by the executive committee of the faculty. Dean Rader said that these seniors were chosen for the honor on the basis of scholarship, effective leadership on campus, and promise of future usefulness in society.

Jane Adams, of York, Pa., is an elementary education major and is at present a student teacher. She is serving as secretary of United Student Government and of the senior class. She was also treasurer of her class in 1955-56. A member of Triangle honor society, she also holds membership in Kappa Delta Epsilon, educational sorority, and Phi Mu Epsilon social sorority, of which she was corresponding secretary in her sophomore year. Miss Adams has previously served as vice-president and USG representative of Women's Council.

Frank Danyi is a native of Bethlehem and is majoring in history. He is president of Tau Kappa Epsilon social fraternity and

treasurer of the Political Activities Club. In both his sophomore and junior years, he served as class vice-president. Danyi is also a member of Triangle honor society and has played on intramural football, basketball, and baseball teams.

Daneen Jones is also from Bethlehem and is majoring in English. Planning to go into secondary education, she is now a student teacher. Miss Jones is president of the Women's Athletic Association, a member of Kappa Delta Epsilon, and a sister in Alpha Epsilon Pi social sorority. She has played on both the women's varsity basketball

and softball teams and is a member of the cheerleading squad. She was Homecoming Queen in 1955 and was a member of the honor court at this year's Homecoming.

Dave Jorgensen, a business and economics major from Bradley Beach, N. J., is president of USG and is a member of Omicron Gamma Omega social fraternity. He has been a four-year member of the choir and was previously in the band. Last year he had a lead role in the Blackfriars' production of "Harvey."

An English major from Dover, Ohio, Janice Kennedy is chair-

(Cont. on p. 3, col. 4)

## Candle Service, Open House, Dinners Mark Festive Week

The Christmas Vesper Service, with its traditional distribution of the Christmas candles, Christmas dinners, and an open house sponsored by the two social sororities will be the highlights of the pre-vacation Christmas season at Moravian.

In a break with tradition, the entire student body will unite for one Christmas Vesper service to be held in Central Moravian Church at 8 p.m. on Thursday, December 12. Excessive overcrowding has resulted in the cancellation of the usual one service held in the South Campus chapel and the two services held in the North Campus chapel.

The service will begin with the Moravian College Choir, under the direction of Mr. Richard Schantz, singing, "Hodie Christus Natus Est" a Gregorian chant, in the foyer of the church. The congregation will then join in singing the carol by Edward Waswall, "Come Hither, Ye Faithful."

After the praying of the liturgy, a small group composed of singers from the choir will perform the "Lauda Zion Salvatorum" by Dietrich Buxtehude, a 17th century German composer. The work is written for organ, two violins, and three part choir.

The carol, "Silent Night, Holy Night" of Joseph Mohr will be sung following the prayer.

At this point the college choir will process to the front of the church while singing Gustav Holst's "Personent Hodie" a Christmas song. While standing in the front of the church the choir will offer several selections. These include "Rejoice and Be Merry" an English carol; "A Virgin Most Pure," a Medieval carol; "Alleluia" by Randall Thompson, a contemporary American composer; "Bethlehem Down" by Peter Warlock, a contemporary English composer and "Sing We Merrily Unto God" by the English composer Martin Shaw.

Following these selections by

(Cont. on p. 4, col. 2)

## Teddy Wilson's Concert Jazz Program Set For 8:30 P.M. College Hall Performance

Teddy Wilson's Concert Jazz program scheduled for tonight at 8:30 p.m. in College Hall is a unique presentation of the Bethlehem Community Concert Association — Moravian College Series. Moravian College students will be admitted to the concert by displaying their Bethlehem Community Concert Association-Moravian College Series cards.

### Contemporary Art

The innovation of this type of program in the nation-wide Community Concert series is a recognition of modern jazz as a form of contemporary art. The Teddy Wilson group is a new company of seven stars led by the celebrated jazz pianist himself. Forming an instrumental ensemble of leading jazz virtuosi will be Arvell Shaw on bass, Bert Dahlander with the drums, Buck Clayton on trumpet, Sonny Truitt with his trombone and Sam Most on the woodwinds.

### Vocalist

Joya Sherrill, vocalist of the group, has an impressive number of vocal hits as well as countless television appearances to her credit. Miss Sherrill recently was acclaimed for a brilliant television performance in the Duke Ellington production of "A Drum is a Woman," produced by the Theatre Guild.

### 'Tone Poem'

Highlighting tonight's program will be the first performance of a "Tone Poem" in three movements by Duke Ellington. Also on the program are a number of songs by Joya Sherrill, several numbers by the Teddy Wilson Trio and a Jam Session finale.

(Cont. on p. 4, col. 2)

## NEIL'S SPIELS

by Neil Boyer

CHOMP! Such was the sound issuing forth from man's best friend (mainly, Doc Jones' best friend) recently on the third floor of Comenius Hall. It seems the head of the only college Spaniel Field Trial Club in America had left one of his animals guarding his office desk. Officemate

Dr. Otis Shao walked in unaware, and the dog, also unaware that this was a friend, promptly sunk his teeth in the meat part of Dr. Shao's hand. Ah, well, such is life!

Now that we've all had our fill of turkey (and some are STILL getting it in sandwiches), it's time to look ahead to a bigger vacation. And since most college students have little time to go shopping, we offer here a list of suggested Christmas gifts for some members of Moravian's faculty and administration. Hope it saves some of your valuable shopping time.

**Dean Richmond Myers**—a louder police whistle guaranteed to quell any dining hall riot.

**Miss Florence Bradley**—a full time mechanic to ride in her 1935 Ford wherever it goes.

**Dean Marlyn Rader**—a blue suit with matching accessories.

**Mrs. Josephine Martin**—choice of new bedroom slippers or an IBM worrying machine.

**Mrs. Jean Beecher**—bicycle saddle bags designed for carrying cameras, tripods, flash equipment, etc.

**Mr. Robert Snyder**—a brown suit with matching accessories.

**Dr. J. Richard Jones**—a muzzie.

**Mr. Harry Williams**—a dozen Slim Jim neckties.

**Mr. John Gehman**—a private phone, so that nothing need be divulged.

**Miss Mary Snively**—a cash register for overdue fines (one with a LOUD BELL).

**Dr. Karl Hahn**—an up-to-date flu forecasting machine.

**King Lear**—a album of silent records for his juke box.

A little bit of poetry should make your day more inspired. Try a little of this for size:

I'm in a 10der mood today  
& feel poetic, 2;  
4 fun I'll just — off a line  
& send it off 2 U.

I'm sorry you've been 6 o long.  
Don't B disconsol8;  
But bear your ills with 42de,  
& they won't seem so gr8.

The cold winter weather striking prematurely last Tuesday seems to have brought a bit of difficulties to most people. Comenian staff people, however, have had their share, too. Right now we spend our spare time shoveling the snow which drifts in our broken windows while at the same time trying to avoid being washed away with the water which drips from the leaky upstairs radiators. All in the game, I guess!

**The Teddy Wilson Jazz Concert** tonight promises to be a real great one. Don't miss it, gang. IT'S FREE!

And now back to those term papers! With eight days left we might still get them done on time.

## Sputniks Jolt U.S. Attitudes; Big Education Switch Sought

by Robert Kellow

With the advent of two Russian satellites, the United States has been jolted out of a complacent attitude. Prior to Sputniks I and II, Russia was an ever present theoretical threat with scientific knowledge but without American know-how. Most of their scientific achievements were a direct result of the exploitation of military secrets obtained through leaks in the American security system. Since Sputniks I and II, an American misconception of Russian practical ability has been shattered. However awkward it may seem, we have been forced to admit that Russia is ahead of us in missile development. She now looms larger than ever as a threat to the security of all free nations.

Our government is aware of the threat and is making an effort to counteract it. Here are some of the steps being taken and a few of the roadblocks which hamper their successful conclusion.

1. Top U.S. educators have been called together to seek out a means to revamp our system of education in order to provide enough scientists to compete with the mechanized Russian system.
2. A proposal has been made that we form a closer union with NATO nations.
3. James D. Kilian, former Pres. of MIT, has been appointed to integrate Army, Navy, and Air Corps research programs.
4. Every available means is being used to counteract the propaganda advantage Russia gained by setting the first man-made satellite on its orbit.
5. The lid has been taken off the budget to allow satellite and missile programs to be accelerated.

Right now, the revision of the educational system is in the talking stage and will probably remain that way for at least a year. When a program does begin, it will be hindered by the lack of a means for standardizing curriculum requirements throughout the country. Federal government direction could solve that problem, but that would entail relinquishing a vital part of the democratic principle. Other methods will take a great deal of time and can hardly result in an efficient, standardized system.

Proposals have been advanced advocating the sharing of scientific and military secrets with NATO nations. With fifteen nations participating, the problem of security would be extremely difficult. However, there are several factions deliberating the question in Great Britain. One faction desires an exchange of secrets between G. B. and the U. S. only, while the other espouses the cause of all NATO nations. Should only the U. S. and G. B. swap information, the other member nations would feel slighted. Even

now, some of the European countries show a waning confidence in the ability of the United States to curb Russian aggression. For this reason they may thwart the establishment of American missile bases on their soil.

The problem of disentangling the Army, Navy, and Air Corps Wrangle may be complicated when Defense Secretary McElroy appoints a single manager for the satellite and anti-missile programs. This announcement indicates that there may be a conflict of duties between the new manager and the presidential appointee, James R. Kilian. Two weeks ago the Army and Air Corps were squabbling over the control of the new missile to missile program. That problem was adroitly solved by Secretary of Defense McElroy, who gave the nod to the Air Corps. If McElroy continues to take the initiative, Mr. Kilian may be merely an additional governmental expense.

In answer to the Russian gains in prestige realized through the Sputniks, the U. S. has released much heretofore classified information. We are, in effect, putting up our umbrellas after we have been thoroughly soaked.

The soaking has served at least one purpose. It has awakened us from a smug and complacent attitude. This awakening has been displayed in President Eisenhower's pep talks. American morale, however, seems insignificant compared with the greater difficulties facing us.

Of all the problems, education is probably the most important. The future looks to technological development which depends upon the education of enough scientists to compete with Russia. Its importance is revealed in these words of Dr. Edward Teller, who was responsible for the development of the "H" bomb. "Every year without war is a benefit for all mankind. But the Russians can conquer us without fighting, through a growing scientific and technological preponderance."

These are the problems that must be faced. Their answers rest upon the shoulders of the United States Government and the American people. In the past, our nation has been able to surmount problems comparable to the ones facing it now. There is no reason that it can't be done again. However the United States cannot afford to be mired in an attitude of complacency and overconfidence.

## The Honor Code Again . . .

Once again the honor system faces our college. Shall we adopt or reject it? Last Tuesday's USG meeting was almost entirely devoted to reviewing a revised college honor system. Although the system before being able to be put up for vote to the entire student body needs more discussion, the fact remains will it logically work?

The original honor draft made by the USG was submitted to a faculty committee for review. At the USG meeting this week a point by point discussion was held reviewing the faculty changes.

Much dischord was voiced on several points of the revised code. Opinion of the student body representation at the meeting on the South Campus appeared to be split on the major premise—"Will an honor code work here at Moravian?" If such dissension was voiced by those in attendance at the USG meeting we can only surmise what the student appeal to an all college honor code would be.

It must be pointed out that the honor code was not a faculty volition. It was the will of some interested students last year. The faculty and administration are interested because the school at large is interested.

The honor code although still not in final form is most complete and precise. The only work left to be done lies in committees designed to clear up minor technical points. Upon completion of the final draft and acceptance jointly by the USG and faculty the code will go to the student body by vote for acceptance or rejection.

The decision will be up to us the student body.

## A Complete Sell Out . . .

For the first time since when on the Moravian campus has a Blackfriars production ever been so well attended? Antigone, the recent one-act play based on a Greek theme, was so well attended that director Robert Burcaw announced a third performance. Heretofore these productions enjoyed only a two-night run.

It is gratifying to note that more students are becoming interested in the college theatrical productions. In the past these works were played to a meager audience of twenty or thirty people. Consequently the Blackfriars productions were good but crude as evidenced by the turnout.

A winning combination seems to have been reached. Perhaps it was the activities card admission fee, or the trend to modern Greek tragedy. This new stimulus may pave the way for more frequent productions throughout the year and an improvement in the Arts Building facilities.

## Let's Dance . . .

The Comenian views with approval the increased activity of informal dances held in College Hall classrooms nine and ten. Two weeks past the sophomores held a highly successful stag or drag session to records. It was well attended. Tomorrow the junior class will do the same.

It has been some time since Moravian has had an informal dance to break the social monotony. These get-togethers are a good thing, let's keep the ball rolling.

# 'Antigone' Production Termed Good; Lighting, Dramatic Dialogue Well Done

by Brian Saderholm

Two weeks ago, Nov. 21, 22, and 24, 'Antigone,' an adaptation by Lewis Galantieri from the play by Jean Anouilh, visited Moravian, and the colleges had a taste of a different kind of Greek classic tragedy, the play concerns itself with morality against the underhand methods of a totalitarian state. It was written in 1944, and came to the United States in the 1945-46 theatre season.

The play itself is quite effective, making use of special lighting and sound effects, and very dramatic dialogue. As a whole, it was well done, and the Blackfriars should be complimented on having the courage to perform something of this nature.

Director Burcaw gave each player a lot of leeway in his part. As a result, the characters were interpreted pretty much according to the individual actors themselves, giving rise to some fine acting, but also to some faulty presentations.

## Antigone Combination

The parts of Antigone and Ismene were split up between Nancy Baker and Mary Lou Clewell, and Audrey Hair and Madlyn Senick, respectively. It is impossible to say which of these people did better than her counterpart, but it is just as easy to notice some differences. Mary Lou Clewell was better in her part as far as pronunciation and clarity of speech goes, and showed more poise on the stage. However, this poise was mixed in with a wordy type Antigone, which somehow did not seem to be entirely convincing. On the other hand, Nancy Baker presented an Antigone more true to the form of a heroine against the evils of the world. She was a naive type, a fresh young thing with a oneness of purpose. However, she had a tendency to become unintelligible at times, and gave too much of her performance at the top of her lungs. Thus, what one had, the other didn't, and vice versa. A combination of the two would have resulted in an excellent bit of acting.

The part of Ismene, Antigone's sister, was presented by Audrey Hair and Madlyn Senick. They were quite alike in their interpretations, making Ismene into a rather frivolous, superficial girl. This was the correct interpretation, but each overdid her breakdown early in the play, when she imagines the result of burying Polynices. They too had a tendency to get too excited, but did not become garbled in their speech when doing so.

## Creon Too Forceful

Creon, portrayed by Griff Dudding, was played as a very emotional, nervous man who spent his time shouting at everybody. Dudding also was too forceful in his treatment, and while he did not rush his lines as much as he did in 'Harvey' last year, there were times when one wondered just what it was he was saying. Creon should have been shown as more of a thinker, not given to as many violent outbursts as he was. His part in the play is one of presenting the problems confronting the leader of a state. Dudding was not too convincing in this area of his treatment, with the result that he made Creon over into a rather helter-skelter villain. There was no growth in his part, but rather he started from the beginning as a violent man, and so detracted a bit from the climax of the play. However, had Dudding toned down, he would have given a fine performance.

Sandra Iobst did a fine job as the nurse, even better from the standpoint that she was a last minute replacement for the ailing Nancy Gingher. She was very convincing, subordinating herself excellently to a minor role which, however, stood as what I consider the best acting per se in the production. The only fault, she had besides that of missing a few unimportant lines, was that of talking too fast. Even though a character is supposed to be excited, and this goes for most of the cast, he or she must still be intelligible.

Wayne Shugart played Haemon, Antigone's fiance. He played a flat role, but entirely within the specifications of the play. Of all the characters, he seemed to be the least interesting, but of one has to take into account the type of part. He did as good a job as was called for, and at least did not muff his lines.

The minor players all did as well as their parts allowed. One thing though, was bothersome, and that was Dick Tewell's tendency to be too humorous.

The chorus, played by Jerry Heintz, was the most important part in the play from the standpoint of continuity. He did very well, and accomplished long lines of uninterrupted dialogue admirably. There are two things, however, which could have been improved upon. First, he smoked too much on stage. This was probably done to impress the audience with the chorus' informality, but was not too impressive. The part calls for one cigarette, but the

three or four smoked was too much, and added nothing. More should have been done on the part of Heintz to act informal in other areas, rather than smoke.

Secondly, there were times when it seemed as if the chorus did not know what he was talking about. His lines were important, and effective, but this slight aura of parroting detracted from the part a little.

## Audience Poor

All in all, the Blackfriars did a good job. There are, of course, and always will be, faults in play productions of any caliber, but our own group minimized amateurism to a great extent, and came through with something entirely worthwhile. However, there were other people in the Arts Building during the production who never come into criticism, but who figured a great deal in making the performance what it was. They may be divided into two groups: the effects people, who did a magnificent job, and the audience, who did an extremely poor job. It is too bad that a college audience cannot take a production like 'Antigone' without giggling like a bunch of second graders. Perhaps it is not their fault, but that of the fact that they do not belong in an institution of higher learning, in which case, they should be asked to leave. There are plenty of comic books around to keep them satisfied.

Congratulations to Robert Burcaw, the director for a fine choice and an excellent over-all job, and best wishes for continuation along the same plane.

## Campus Christian Association Members Attend Conference; Continue Weekly Bible Studies

The Campus Christian Association (CCA) of Moravian College will send six delegates to the Fall Conference of the Student Christian Movement in the Middle Atlantic Region. The conference will be held at the Y.M.C.A. Camp Hilltop, Downingtown, Pennsylvania, on December 6, 7, 8, 1957. The speaker for the conference will be Dr. Charles Spitts, Head of the Department of Religion, Franklin and Marshall College.

J. Norman Hauser, president of the CCA has appointed Ted Wilde chairman of a committee to study the constitution, in order to determine the changes necessary to incorporate the aims and purposes of the group as it is now functioning.

## Sponsor Bible Study

The Association has continued to sponsor a Bible study group which meets every Monday evening from 7:15 to 8:15 in Room 41 on South Campus. At present, Dr. James Heller, professor of Bible at the Theological Seminary, teaches the group, which is open to the entire student body whether or not they are member of the CCA. Members are now discussing the Acts of the Apostles.

## All Invited

Interested students are invited to participate in the activities of the group.

## Sigma Phi Alpha Has Fall Banquet; Fearer Is Speaker

The Sigma Phi Alpha Classical Society held its fall banquet on Wednesday, December 4, at 6:30 p.m. at the Anna-Maria Restaurant in Allentown.

Professor Douglas Fearer, professor of Greek Classics at Lehigh University was the speaker. Fearer spoke on the "Cities of St. Paul," and showed slides he had taken in the Near East. The cost was \$2.00 per person with transportation provided.

Nine new members of the organization were formally initiated at a meeting of the organization held on Wednesday, November 20.

The new members of the society are: Walid Nanmari, Nancy J. Williams, John Higgins, Theodore Rights, David A. Schattschneider, Leland K. Pritchard, Thomas N. Christianson, Neil P. Eskolin, and Jerry Fanos.

## Cedar Crest Buskin Society Gives Medieval Plays Tonight

The Buskin Society of Cedar Crest College under the direction of Dr. Constance Ruys will present two classical medieval plays, "Everyman" and "The Second Shepherd's Play" tonight in Alumnae Hall on the Crest Campus. Curtain time is 8:00 p.m.

There is no admission charge and all interested theater-goers will be welcomed.

"Everyman" is a medieval morality play portraying the plight of Everyman when he is confronted by Death. He discovers the transient qualities of those possessions he held most dear, such as Beauty, Strength, Fellowship, and Goods and Riches, when he asks them to accompany him on his long journey to the grave.

Of special interest to all area theatre-goers will be the special effects employed by Dr. Ruys and her crew. An organ and a choir singing authentic medieval music will help to lend atmosphere of the medieval church. A newly-improved stage lighting system will be used.

The role of God in "Everyman" will be portrayed by Al Jeffries, who has appeared in the lead role of last fall's production, the "Misery," and in the Allentown Civic Little Theatre. Gloria Knobloch, president of the Cedar Crest Buskin society and veteran of many local theatrical productions, is cast as Everyman.

"The Second Shepherd's Play" is an English mystery play which deals with the Nativity. It is so titled because it was the second Nativity play about shepherds in the Wake field cycle. Although this play concerning the lives of the shepherds who took part in the first Nativity is an old one, the humor of its characters still brings chuckles to modern audiences.

## 'Who's Who' . . .

(Cont. from p. 1, col. 5)

man of the Religious Activities Committee. She is a member of Triangle, Pi Delta Epsilon, national honorary collegiate journalism fraternity, and Women's Council. She is now serving as vice-president of the Moravian College Choir and as USG representative of the band. Miss Kennedy is also Associate Editor of *The Benigna* and has been on the staff of *The Comenian* four years. She is a three-year member of the Campus Christian Association and Sigma Phi Alpha classics club.

Ruth Salabsky, of Bethlehem, is an elementary education major and a student teacher. This year she is serving as president of Kappa Delta Epsilon and as treasurer of Alpha Epsilon Pi. She has previously been treasurer and secretary of Women's Council. A former cheerleader, she has been a member of the YWCA, the Glee Club, and the Women's Athletic Association.

Bob Smith is a pre-theology major from Sister Bay, Wisconsin. He is chairman of the Social Activities Committee and vice-president of Triangle. He is also serving as president of Pi Mu, pre-theological fraternity. Smith is a member of the Moravian College Choir and has been a member of the band.

## Triangle Society Formally Initiates Ten At Meeting

Ten new members of Triangle Honor Society were formally initiated at a dinner meeting last evening at Walp's Restaurant.

Triangle President Dick Lambert took charge of the ceremony. Upon being formally presented to the group, each new member received the pin signifying membership in the society.

The initiates are Nancy Baker, Carol Burwell, Frank Danyi, Peter French, Janice Kennedy, Dr. Mary Kennedy, Dick Steiner, Dora Thomas, Ted Wilde, and Dr. Sam Zeller. The new group raises the Triangle membership to twenty.

The new members were selected at the opening convocation in October. Both students and faculty members are eligible for membership in Triangle, which bases its selection on leadership in campus activities, generally high standards of scholarship, and spirit of service to the college.

## Pi Mu-Seminary Glee Club Formed By Twenty Men

A Pi Mu-Seminary Glee Club became a reality on Thursday, November 21, as more than twenty men from the college and seminary joined voices at Hamilton Hall. In the absence of Mr. Richard Schantz, director of music at Moravian College, seminarian Jack Giesler and freshman Jerome Livengood conducted the group at their first rehearsal.

Thursday, December 5 at a second rehearsal, Schantz met and conducted the new glee club in room 301, Comenius Hall, from 6:45 to 7:45 P.M. He has, as yet, no definite plans regarding either the pieces to be sung or singing engagements.

Impetus for the group's organization was the fact that a number of the students at the Pi Mu Fraternity retreat, impressed with their success at harmonizing, requested that a glee club be formed. Members of the seminary asked to join the proposed group and Pi Mu welcomed their support. The services of Schantz were then procured. The glee club hopes to be able to sing in various area churches in the future.

### Polio Injections

Polio injections will be given in College Hall on Wednesday, Dec. 11, from 8 to 10:45 A.M. It is most important that those who received the first injection on November 20 appear for the second on the scheduled date. Persons may receive the first injection at this time and the second on a date to be announced by Dr. Karl Hahn. Cost—\$1.25 per injection.

### Christmas Service . . .

(Cont. from p. 1, col. 5)

the choir, Moravian Christmas hymn "Morning Star" will be sung responsively by the college choir and Janet Heller. Janet Heller is the daughter of the Rev. Dr. and Mrs. James Heller. Dr. Heller is a member of the Theological Seminary faculty.

The Christmas candles will be distributed as the congregation sings several carols including, "Behold, a great, a heavenly light," "Light Immortal, Light Divine," "As with gladness men of old." After all the candles have been distributed the choir will sing "Gloria in Excelsis Deo" by Gustav Holst. The service will come to a close following the prayer and benediction.

Participants in the service will include, Dr. Raymond S. Haupt, President of the College, Dr. Vernon Couillard, Dean of the Seminary, Dean Marlyn M. Rader, Dean of the College and Dean Halycon Sartwell, Dean of Women.

Immediately after the service the members of the choir will group themselves on the steps at the rear of the church and sing familiar Christmas carols as the members of the congregation leave.

The service is open to all Moravian College students, their families and friends as well as members of the public.

Prior to the Christmas Vesper service the annual Christmas dinner will be served in both the North Campus and the South Campus dining halls.

Women day students have been invited to attend the South Campus dinner beginning at 6 p.m. The cost for the day students will be \$1.10. They are asked to pay this amount to Mrs. Martin, director of residence, in her office as soon as possible. They are also requested to sign the poster on the South Campus bulletin board.

At the dinner members of each class will sit together and decorate their own tables. Members of the faculty will also sit at one table and decorate it. Big and little sisters will exchange gifts and after the meal those present will sing traditional Christmas carols.

Immediately after the Vesper service, the two social sororities, Alpha Epsilon Phi and Phi Mu Epsilon, will hold open house in the sorority rooms. The rooms will be decorated by the sisters, and red and green punch and refreshments will be served.

### Teddy Wilson . . .

(Cont. from p. 1, col. 2)

JOYCE SHERRILL

The remarkable Teddy Wilson was not only one of the pioneers of the "swing" era in a long association with Benny Goodman, but also has the added distinction in his career of the long tenure he has held teaching jazz piano at New York's Juilliard School of Music.

### Junior-Sponsored Record Dance Will Follow B' ball Game

A record dance will be sponsored by the junior class tomorrow evening in College Hall rooms 9 and 10. The dance will begin after the basketball game with Drew and will run until 12 o'clock. Admission price is 25 cents.

Root beer will be on sale for ten cents; pretzels will be provided.

The junior class committee for the dance is made up of Ginny Dancy, Gerry Heintz, Joe Prorok, and Jack Reidmiller.

### Symphony Feature Of Easton Concert Wednesday Night

The Easton Community Concert Series will present the Baltimore Symphony Orchestra at 8:30 p.m. in the Easton High School Auditorium, Wednesday, December 11.

Students will be admitted on their Bethlehem Community Concert Association—Moravian College Series cards. A separate section has been reserved for Bethlehem residents.

The Baltimore Symphony Orchestra, conducted by Massimo Freccia, is composed of eighty-five musicians and is currently on its forty-first concert season.

Massimo Freccia, since his United States debut with the New York Philharmonic in 1938, has conducted the New Orleans Symphony, the Havana Philharmonic, and the orchestras of Chicago, Detroit, and San Francisco. He is also known for his executive work as guest conductor for many of the major European orchestras.

Dr. Freccia has been Music Director and the Conductor for the Baltimore Symphony Orchestra since 1952.

### French Teachers, 'Friends Of France' Here For Meeting

A joint meeting of the Lehigh Valley Chapter of the American Association Chapter of the American Association of Teachers of French (AATF) and of The Friends of France will be held tomorrow at 3:30 p.m. in the George Washington Room, South Campus.

Dr. Jean Pierre Le Coq, newly-appointed head of the Department of Modern Languages at Cedar Crest College, will be the featured speaker. He will speak in French.

At the business meeting which will precede Dr. Le Coq's talk, the following items will be discussed: a report on "Bon Voyage Dinners Abroad," plans for winter and spring meetings, and news of the National French Contest for 1958.

French refreshments will be prepared by the Gourmet Group of the Friends of France.

Mrs. George Tyler, wife of Professor George Tyler, head of the Classics Department of Moravian College, is secretary-treasurer of the AATF.

## Greyhound Gossip

by Dick Steiner

Now that football season has been neatly tucked away till next year, we can take a long and accurate look at its results. The old saying that hindsight is always better than foresight was never more appropriate than when applied to a recently completed athletic season. Our Greyhounds enjoyed their third consecutive winning season under Coach

Calvo, posting a 4-2 mark. In pre-season forecasts I figured on one loss, but P.M.C. upset the cart. The season was an especially good one, however, when you recall that we dropped our first two encounters before nailing down four in a row.

Seven seniors played their last game against Wilkes, and each of them has made an outstanding and individual contribution to the Greyhound effort for the past four years. RON RHEN showed fight and hustle throughout those four years, playing his last season with a broken finger. DAVE KRATZER held down the other end position, snaring several touch-

down passes and supplying the team with constant chatter.

In the center of the line was BRUCE MUMIE, our steady reliable center for three years, coming up with that key tackle so often. Four really fine backs will be gone next year headed by co-captain ROD MILLER. The Bangor Bull started for four seasons and his contribution on offense and defense is really immeasurable. Half-back PAUL SLIFKA set a college ground-gaining record during his sophomore year and has been one of the stand-outs of the Greyhound ball carriers throughout his career. Little JACK FINELLI is the kind of guy everyone admires, overcoming a handicap of size to develop into a really good college player. The quick little guy from Bangor will be missed. DICK BERNER also was a really strong competitor, giving 100% in practice as well as the games. His transfer from Delaware helped us quite a bit. Hats off to seven really fine football players and seven great guys!

With the first game cancelled, the Greyhound basketball team opens their home schedule tomorrow against Drew. For a number of years our teams have been virtuously unbeatable in College Hall, (two years ago we won 9 and lost 11, and all 9 wins were at home) and so we will hope that the friendly atmosphere of our all-purpose hall has not changed. Look for the boys to win their home opener, say around 82-73.

# Hounds End Season With 4-2 Record

## Football Statistics Headed By Esposito, Miller, Hollendersky

The final football statistics of the 1957 season for the Hounds show that they outplayed their opponents in offense and defense. The Hounds had an impressive season: even with the flu they compiled a record of four wins and two losses. The losses were to Lycoming, 34-13, and P.M.C., 6-0.

Moravian was mainly a running team as evident by the statistics which show that they gain a total of 1,283 yards on the ground. Their opponents' ground gainage was 863 yards. Joe Esposito led in the rushing department for the Hounds this year. He carried the ball 50 times for 329 yards and a 6.3 average.

### Miller Tops On Ground

Again this year Rod Miller, a senior, was second in this department of ground gains. He carried the pigskin 71 times for 358 yards. George Hollendersky, a junior fullback, again this year placed third. He carried 69 times for 297 yards. Other leaders were Paul Slifka, Dick Berner, Tony Matz, and Jack Finelli.

In passing the Hounds led over their opponents with 399 yards to 380 yards. Between Matz and Cuttic, a total of 47 passes were thrown, 16 of which were completed. For the opponents there were 70 passes thrown with 24 completed.

### More Mo Mo First Downs

The statistics further show that Moravian dominated in first downs, 85 to 70, and in scoring, Moravian 108—opponents 73.

Moravian's opponents kicked 11 times more than did the Hounds, proving that the Hounds were strong on defense. George Hollendersky did the punting for the Hounds. His average of 41.9 yards per punt is exceptionally good.

### Esposito High Scorer

In the scoring department Joe Esposito led with 24 points scored by four touchdowns. He was followed by Rod Miller, three touchdowns for 18 points, George Hollendersky, one touchdown, seven extra points for a total of 13, and Paul Slifka and Dave Kratzer,

each with two touchdowns for 12 points.

This season marks the third year for Coach Calvo at the helm for the Hounds. He has compiled a record of 15 wins, 6 losses, 1 tie.

### Team Statistics

	Mor.	Oppo.
First downs	85	70
Net yds. rushing	1283	863
Net yds. passing	399	380

Hollendersky	1	17

## Seniors Take Mo Olympics; Frosh Score 2d

Female members of the senior class won the Olympics a la Mo competition Wednesday evening, Nov. 20, in College Hall, beating the freshman girls by one point. The seniors scored 26 points; freshmen 25; sophomores 16; juniors 10. The senior class was presented with a Blue and Gray jug as a trophy which will be handed down to winners in future olympic events.

The senior olympic winners were Connie Hanks, Rosemarie Boyle, Judy Fretz, Ruth Salabsky, Kathryn Lambert, Carol Burwell, and Daneen Jones.

Those who placed first in the individual events were as follows: three-legged race, Joan Albrecht and Kitty Hilles; 50 yd. dash, Kitty Hilles; basketball throw, Danni Jones; Indian wrestling, Pat Amison; running broad jump, Danni Jones; standing broad jump, Danni Jones; tennis throw, Danni Jones. That last event was the annual tug-of-war between the freshmen and sophomores. The sophomores came out on the short end of the match and had to wear signs the next day reading "We Lost the Tug-of-War."

Daneen Jones, president of the Women's Athletic Association, was chairman of the arrangements assisted by Ann Corbett, Sophie Nicholas, Dora Thomas, and Phyllis Zwarych.

## Esposito And Miller Score In 19-7 Win

The Moravian Greyhounds closed out their fourth straight successful year by defeating the Colonels of Wilkes 19-7. The Hounds, flu-ridden in the beginning of the season, dropped their first two games, had two flu-cancelled contests and then bounced back into form by soundly drubbing their next four opponents in succession.

Halfbacks Rod Miller and Joe Esposito took the scoring honors for Moravian as Miller ran 54 yards for his T.D. and Esposito dashed 7 yards and 52 yards for his tallies.

Wilkes wasted little time in taking the lead in the first quarter as they produced their score the second time they had the ball. They advanced 85 yards in six plays with star halfback, Ron Rescigno streaking through right tackle and deceptively running 64 yards for the touchdown. The extra point gave Wilkes a 7-0 lead. Moravian struck back near the end of the quarter. Miller intercepted a Wilkes-aimed pass from Rescigno on the Colonels' 39 and returned it to the 20. Miller fumbled the next play but tackle Larry Enstrom kept Moravian's threat alive by recovering.

### Esposito Scores

Two play later, Esposito fought his way seven yards, dragging a Colonel with him the final three, for the Hounds' first T.D. Hollendersky knotted the score with his extra point kick.

Moravian's offense went into action again in the second quarter. Sam Puma of Wilkes punted from Moravian's 39 but advanced the pigskin only 4 yards on a bad kick. Senior halfback Dick Berner moved up 11 yards on the next play and then Miller sped downfield on the left side 54 yards to give M.C. a 13-7 advantage. Nick Cuttic missed the P.A.T.

### Final Touchdown

The last touchdown of the day was by Moravian in the closing minutes of the third quarter as the Hounds moved 65 yards in five plays. Trey advanced to a first down on the 48 after taking over a punt on their 35. On the next play, Esposito raced 52 yards over right tackle for his second T.D. giving the Hounds an insurmountable 19-7 edge.

The Greyhounds were rather impressive offensively and defensively in their final outing of the season. The whole team saw action and they performed well. Jeff Gannon, freshman halfback, looked very sharp as he advanced the ball for good yardage in the second half.

### Six Seniors In Finale

Several Hounds seniors saw action in their final game. Among them were starters Miller, center Bruce Mumie, ends Dave Kratzer and Ron Rhen, and backfield reservists Dick Berner and Jack Finelli. Paul Slifka set out the game with an injury.

The Hounds completely outclassed the Wilkes squad by piling up 406 yards as compared to 209 for the Colonels. The real spark plug for the Wilkes team was Ron Rescigno, their senior halfback. Standing only 5'8" and weighing 165, Rescigno advanced

130 yards on the ground during the contest and completed 3 of 11 passes for an additional 31 yards. He was twice named to the All-East squad this season.

Esposito topped the Hounds in the scoring department this year with four touchdowns accounting for 24 points. Miller was second with three T.D.'s and Hollendersky third with one tally and seven conversions.

## Grapplers Open At Wilkes Tomorrow; Season Hopes High

Wrestling coach Paul Kuklantz has been conducting trials for the last two weeks to determine what men will start against Wilkes in Moravian's first intercollegiate wrestling meet, on Dec. 7.

Currently the squad numbers 17 men and only several have definitely nailed down a starting position. In the heavyweight class Charley Bartolet has notched the starting role. Bartolet is a sophomore from Easton and has recently joined the grapplers after finishing the football season. In the 177 lb. class, Don Evans, a freshman from Bethlehem appears to have garnered the starting role. Robert Silvetz, a junior from Bethlehem will start in the 167 lb. class.

### Positions Open

The remaining positions are still being contested for in the trials. Ron Cziraky and Lynn Couch are the leading candidates in the 157 lb. class. Tom Lerch and Ron Cziraky are the candidates in the 147 lb. class. Cziraky is trying out in both the 147 and 157 lb. class. Ron is a senior from Bethlehem and wrestled for Bethlehem High.

The 137 lb. class has a trio of candidates working for the starting position; Steve Viglione, Jim Houser, and Richard Kern.

John Layman and Harry Wildfeur are contesting for the 130 lb. starting position. In the 123 lb. class, Dick Gross and William Wohlbach are vying for a start against Wilkes.

### Wilkes Toughest

Coach Kuklantz stated that the team won't meet anyone tougher than Wilkes this season. Due to the fact that the squad is largely inexperienced time had to be taken from conditioning to work on fundamentals. Only six members of the squad have had previous meet experience: Charley Bartolet, Ron Cziraky, Jack Jacobs, Tom Lerch, Robert Silvetz, and Steve Viglione have wrestled in high school. Coach Kuklantz believes that there is a lot of talent on the squad and by the middle of the year the boys should be showing up well.

## What Is A Freshman?

by Nan Ginger

EDITORS NOTE: The following was written by Miss Ginger for the initial broadcast of "Campus Beat," Moravian's weekly radio show.

Between the ignorance of adolescence and the dignity of an alumnus we find a repulsive creature called a "Frosh." Frosh come in assorted sizes, but all Frosh stand out like a sore thumb—they are frightened, wide-eyed, clumsy, eager-to-please, lonely, enthusiastic, confused, idealistic—and disillusioned.

During the hazing period when sophomores conduct Freshman indoctrination, Frosh can be seen wearing dinks, saluting sophomores, carrying books in a bucket, screaming cheers at football games, playing leap frog for the benefit of their tormentors, and singing in school's Alma Mater in cracked, falsetto voices.

Sophomores hate them, juniors tolerate them, seniors ignore them, faculty members sympathize with them, but only mothers love them.

A Frosh is Inspiration with its new white bucks, ambition with its D — minus English theme, Youth with its first pipe in its mouth, and the Hope of the world with chewed fingernails.

When you are studying, a Frosh is a noisy, inquisitive, talkative meddler. When he tries to make a good impression at the Dean's Reception, he rattles his coffee cup, spills the sugar, and loses his voice while talking to the President's wife.

A Frosh is a composite: he has the thrift of a gambler, the perseverance of a small child, the audacity of a carnival barker, the appetite of a starved prospector, the tongue of a spinster, the maturity of a comic book, and when he takes his first exam he has the mind of a brain-washed P.O.W.

#### His Likes and Dislikes

He likes cheesecake calendars, sports cars, buttdown collars, pizza pie, *Esquire* magazine, coffee breaks, progressive jazz, coeds, Ivy League scores, midnight bullsessions, and checks from home. He is not much for eight o'clock classes, the college library, sophomores, term papers, writing home, chapel attendance, dorm proctors, history lectures, and draft laws.

In his dorm room you can find dozens of empty coke bottles, an unmade bed, a prep-school banner, a blaring radio, overflowing ashtrays, stacks of old chemistry exams, picture of THE girl, and piles of dirty laundry.

#### His Activities

On a Saturday night you will see him chomping cheeseburgers at the local restaurant, prolonging his good -night in front of the girls' dorm, watching the late-late TV show in the lounge, or taking part in an all-night poker game.

During his first year he will be frustrated by his instructors, discouraged by his marks, deprived of his castles in the air, and when final exams are over, certain that his college life is at an end. But the heartaches and seemingly insurmountable obstacles that often loomed so large in his first year are wiped away by three words—"You're a Sophomore."

## PAC Hosts Model Congress At Moravian During March

The Political Activities Club (PAC) has received permission to host the Northeast Regional Model National Congress, it was announced recently by Joe Rosenfeld, publicity director of the PAC. The congress will be representative of the Pennsylvania Intercollegiate Conference on Government, an organization comprised of 73 colleges and universities.

The Congress will be held at Moravian on March 1st and 2nd, 1958. Institutions participating in the conference in addition to Moravian are as follows: Albright College, Cedar Crest College, East Stroudsburg State Teachers College, Kings College, Kutztown State Teachers College, Lafayette College, Lehigh University, Marywood College, Misericordia College, University of Scranton, and Wilkes College.

It is presently expected that over 260 students will represent the member institutions as each member school is entitled to twenty-five voting delegates.

A committee of five members from Cedar Crest, Lafayette, Lehigh, Moravian, and Muhlenberg will plan the entire convention. Joe Rosenfeld, representing Moravian, has been named chairman of the convention by the executive committee of the state organization.

Other students representing Moravian on the Planning Committee are Bill Rupp, President of the PAC, and Paul Meilinger, Moravian College's ICG Chairman.

This regional congress is a prelude to the annual convention held in Harrisburg this year on April 17, 18, and 19, 1958. The students chosen to represent our college at the Moravian conference will also be the delegates to the state convention.

## EBA Member Tour Lynch Brokerage, N.Y. Stock Exchange

Members of the Epsilon Beta Alpha Business Society toured the offices of Merrill Lynch, Pierce, Fenner, and Beane stockbrokers and the New York Stock Exchange last Tuesday.

Thirty-one members of the club made the trip. Accompanied by advisors Mr. John Gehman and Dr. Alden Sears, the group was taken on a tour of the stockbroker firm by several company trainees. The group also visited the New York Sugar and Coffee Exchange.

After the tours, a group of the club members witnessed two professional basketball games at Madison Square Garden, while the remainder of the group witnessed the Broadway play "Tunnel of Love."
