

## PAC Formulates Plans For Model Congress Next March

The Model Congress to be held at Moravian and other spring semester activities were discussed by the Political Activities Club (PAC) at a meeting held on January 8 in Room 301 Comenius. PAC president Bill Rupp presided.

March 1 and 2 were announced as the dates for the Model Congress. Among the various features of the event will be a dance, conference sessions and a banquet. Lieutenant Governor Furman of Pennsylvania will be in attendance.

The event will be run by a four college committee under the chairmanship of Joe Rosenfeld. The committee includes representatives from Muhlenberg, Lafayette, Lehigh, and Moravian. Students are reminded that only PAC members may attend the events of the Congress.

Walid Nammari has been named to run for the first vice-presidency of the Pennsylvania Branch of the International Relations Club of America. The PAC will support Nammari at the state convention to be held at the University of Pennsylvania in Philadelphia on February 7 and 8.

Delegates from Moravian will be among the representatives of seventy-six state colleges and universities expected to attend the Harrisburg Convention which will be held on April 17, 18, 19. The delegation from Moravian will number only 25 and they will have all their expenses paid. Pennsylvania Governor George M. Leader, Senator John F. Kennedy (D. Mass.) and Senator Jacob Javits (R.—N.Y.), will be the main speakers.

The club also discussed fund raising affairs. Among the projects suggested were the sponsoring of a dance or motion picture to be open to the entire student body.

The President announced that any students wishing to attend any of the conventions discussed must attend the next meeting of the club to be held on February 5.

## Second Audubon Screen Tour Set For January 25

Mr. Albert Wool of San Jose, California, will present the second in a series of five Audubon Screen Tours in College Hall on Saturday, January 25. The program will feature a motion picture entitled "Ranch and Range" and will begin at 8:00 p.m.

In the motion pictures he has produced, Mr. Wool portrays golden eagles, hawks, and other birds of prey as they each serve to fulfill a part in the balance of nature. Mr. Wool has shots of many rare birds including the California condor, whose form suggests that it has been in exist-

ALBERT WOOL

tence since prehistoric times. Also included are clips of newts and frogs as they attempt to elude predators, sometimes being successful and sometimes being unsuccessful.

Albert Wool grew up on his (Con't. on p. 4, col. 3)

## Five New Courses Added By Faculty Curriculum Committee

Two courses in American literature, two courses in chemistry and one course in religion will be offered for the first time next semester. This announcement was made early this week by Dr. G. Alden Sears, chairman of the Curriculum Committee.

Miss Ella Louise Williams will teach both of the new English courses which are 3 credit courses, meeting three hours per week. Modern American Literature (English 340) will include a study of drama, fiction and poetry from 1890 to 1930. Particular attention will be given to the works of James, Dreiser, Frost, Eliot, O'Neill, Lewis, Hemingway, Wolfe, Fitzgerald and Faulkner. In the future the course will be offered in alternate years.

Whitman and His Contemporaries (English 339) will include a study of major authors in American Romanticism and Realism. This course will also be offered

in alternate years.

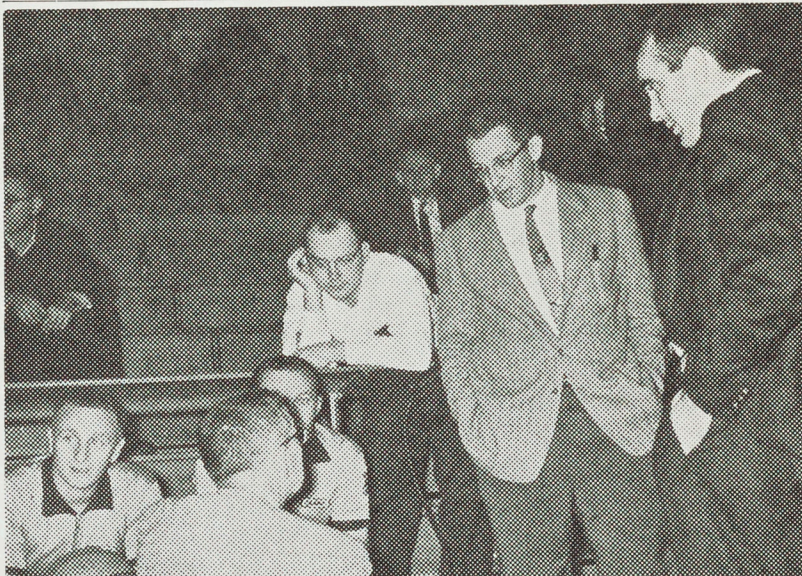

Advanced Organic Chemistry (Chemistry 310) will offer the study of modern theories of reaction mechanisms and their application to the problems of organic chemistry. Accompanying this course will be Advanced Organic Chemistry Laboratory (Chemistry L 310) which will deal with the synthesis and study of organic compounds.

The prerequisite for both courses is one year of organic chemistry. The lecture course will be offered for two hours per week with one credit given. Dr. Sears stated that these additions to the (Con't. on p. 2, col. 5)

## Education, Music Discussions Highlight March Symposium

by Marcia Morgan

The program for the Sesquicentennial Symposium which will be held at Moravian College, Friday, Saturday, and Sunday, March 7, 8, and 9, has been announced. It will consist of a series of discussions and demonstrations of colonial higher education, early Moravian music, and colonial portraiture. They will be conducted on a graduate level by authorities in those fields.

CONFERENCE: Moravian Athletic Director Gil Gillespie (center) holds a pow wow with officials Pete Dambrosio, Harold Tyson, The Upsala coach (in light jacket) and Rocco Calvo, Hound coach, after a power failure at the start of the second half of Wednesday's court contest. Moravian was leading 49-36 when the cancellation was made. See complete story on Page 3. (Comenian Photo by Borger)

## Blackfriars To Hold 'Bus Stop' Cast Tryouts Early Next Month

The Blackfriars, dramatic group of Moravian College, will present "Bus Stop" as its spring performance. The announcement was made this week by Robert T. Burcaw, faculty advisor and director. Tryouts for all acting parts will take place during the first week of February.

Burcaw has expressed a special desire to have men try out for the parts in the play. The script requires a cast of five men and three women. Four of the male roles are in the husky, cowboy type.

The play will be presented Wednesday to Saturday, May 7-10, in the Arts Building theater-in-the-round.

A new method of ticket distribution will be inaugurated by the Blackfriars for this performance. Free reservations will be given to students before the play. Then, to insure attendance at the performance, the reservation must be exchanged for a ticket on the day preceding the performance.

Each student is entitled to one free ticket. Each additional ticket, and tickets for adults, will cost 75 cents.

The change has been made, Burcaw said, because many students picked up tickets for the last play far in advance of the performance and then failed to show up. This resulted in leaving many empty seats, he said, although more than enough tickets were distributed.

The starring role in "Bus Stop" has been played with marked success by Kim Stanley on Broadway, and by Marilyn Monroe in the motion picture. All the action of the play takes place in a Montana bus stop during a snow-storm.

Author of the play, William Inge, is also the author of the prize-winning plays "Picnic," and "The Dark at the Top of the Stairs," now running on Broadway.

## March 28 Scheduled For Annual Comenius Day Program, Awards

The Comenius Day observance, which will be held on Friday, March 28, will be highlighted by the presentation of the Alumni Award by Dr. William Hemmerly, president of the Moravian College Alumni Association. The award is presented each year to a Moravian graduate for outstanding achievements in his or her field.

Another feature of the program will be awarding of prizes to the winners of the Comenius Day Oratorical Contest, for which no date has as yet been announced. Also, a special group from the Moravian College Choir will present several selections.

Comenius Day is an annual event of the Spring Semester. It is held in commemoration of the life of John Amos Comenius. Comenius was a bishop of the early Moravian Church in Europe and was well-known in educational circles. He is still regarded as an authority on educational matters. Comenius Hall on the North Campus is named in honor of this man.

On Friday, March 7, at 8 p.m., the College Choir will present a public concert of 18th Century Viennese classical music, especially that of Haydn and Mozart, and some early Moravian works. A string orchestra will be assembled to accompany the choir. The major works which will be presented are Mozart's "Te Deum" and "Missa Brevis in G."

On the following day the History, Music, and Art Departments will have separate programs, beginning at 10:30 a.m. At that time a panel discussion entitled "The Impact of Denominational Influences on Colonial Higher Education" will be held in the Archives Building. Sponsored by the History Department, it will be moderated by Dr. Daniel R. Gilbert, from the Moravian faculty, who is currently on a one year leave of absence at Amherst College.

### Scholars Present Program

Scholars who will present their viewpoints on that morning are as follows: Dr. Mabel Haller, who wrote her doctoral thesis on early Moravian education from material in the Archives Building and will highlight the Moravian viewpoint; Dr. Howard H. Brinton, director of the Pendle Hill Graduate School of Religion and Social Studies, who will present the Quaker viewpoint; and Dr. Clifford K. Shipton, librarian of the American Antiquarian Society of Worcester, Massachusetts, Archivist of Harvard University, and a member of the Advisory Council of the Institute of Early American Culture and History of Williamsburg. He will represent the Congregational aspect.

In the South Campus Chapel from 11:00 a.m. to 12:30 p.m. the Music Department will hold a discussion and demonstration on the "European Influences on Colonial Moravian Composers." It will be led by Mr. Richard Schantz, director of music at Moravian. The College Choir will be present to help illustrate the program.

### Panel On Education

The panel on Colonial Education will be continued after lunch. Following Dr. A. Pierce Middleton, rector of St. Paul's Episcopal Church, Brookfield, Connecticut, and former Director of Research for the Williamsburg Project, who will present the Anglican contribution, there will be a general discussion of the topics.

An exhibit of Colonial Portraiture will be on display in College Hall on Saturday from 9:00 a.m. to 5:00 p.m. and 7:30 p.m. to 11:00 p.m. and on Sunday from 1:30 p.m. to 5:30 p.m. It is being prepared by the Art Department.

**LITTLE MAN ON CAMPUS**

"GRAB A PENCIL MISS GRAVES — I'VE JUST FOUND AN EXCELLENT ESSAY QUESTION!"

*Campus Chatter*

by Ginny Dancy

Exams are getting a little too close for comfort, and by now we guess most of you feel like lambs going to the slaughter. If you're one of those who plan to pass by cramming — happy coffee-time! (or, if you prefer, No-Doze.) Or if you are a No-care Charlie who's going to flunk now and avoid the rush later, throw away the books and notes—they've just been cluttering up the room, anyway. They say the model student, who has studied all semester, can just review for his exams, but really now, where can you find one of those around Moravian?

**Help wanted desperately!** The Comenian office needs an office manager—as there is no waste paper basket, the floor is covered with drifts of trash paper. Like Dave Schattschneider says, "You think we're not having a paper next week because of exams? You don't know! We just can't find anything down here!"

Looks like it's a fad for your pets to have babies. Probably having heard about Rod Miller's pups a while ago and not wanting to be outdone, Carol Scoby's parakeet recently laid eight little parakeet eggs! Three of the birds have been sold at the time of this writing, but there are still five more—\$2 each.

This past week some of the senior students finished their student teaching and received little tokens from the children in their classes. A couple of them turned out to be kind of humorous, like the recipe for honeycake Michael Lepic got from an 11-year old boy. The recipe called for the following ingredients: 1 soft sofa, 10 pounds of melted kisses, 4 to 5 hugs, 1 nice girl, and 1 nice boy. Directions are to bake the girl in the boy's arms on the sofa for 4 to 5 hugs, add ten pounds of melted kisses and beat it when her father comes. And at 11 years old!!

Some people like to do things ahead of time, but we think Salem College got a little carried away. In an exchange issue The Comenian received even before Christmas vacation, they announced they had chosen their May queen and her court! Nothing like rushing the season.

We received a special request from representatives of the Biology 101 class to ask Mr. Harry Williams to PLEASE WEAR THAT SLIM JIM TIE they gave him for Christmas. They're getting mighty impatient.

Wonder what the attraction in the kitchen was at the I-S informal dance last Saturday night. Or maybe it was just that it was the most inconspicuous place for the chaperones to practice the let loose on that dance — even Mrs. Hauptert.

See you next semester—won't be in any condition to speak to anyone before that. Over and out.

**New Teke Chapter Installed At 'Berg By MC Fraters**

The officers of Moravian's Epsilon Gamma Chapter of Tau Kappa Epsilon Fraternity served as the installing team at the installation of the Zeta-Eta TKE Chapter of Muhlenberg College. The chief installing officer was Mac Flaws, Province Hegemon.

The ceremony, which took place at the Chapter House on the Muhlenberg campus, began at 8 a.m. Saturday, January 11, with talks by the respective officers of Epsilon Gamma Chapter. The officers and fraters were installed from 1 p.m. to 4 p.m.

A banquet was held at the Americus Hotel from 7 p.m. to 9:30 p.m., celebrating the formation of the new chapter. The principal speaker at the banquet was President C. J. Conrad See-gers of Muhlenberg College.

Among the national fraternity officers present at the installation were Frank B. Scott, Grand National President of Tau Kappa Epsilon, and Don Becker, Grand Chaplain.

**Alumni Head Finds Meetings Of AAC Of Special Value**

Miss Dorothy Ruyak, Associate Director of Alumni Relations, represented Moravian at the District Two (Mid-Atlantic States) annual convention of the American Alumni Council. The Council met at the Hotel Dennis, Atlantic City, New Jersey, from Wednesday, January 8, through Saturday, January 11.

Miss Ruyak was one of the representatives of 120 member schools who met in an effort to create a greater common meeting ground for those who promote organized alumni activities.

A pre-convention workshop devoted to the solving of various alumni publication problems began the proceedings Wednesday evening, January 8. The convention was officially opened the next morning under the theme, "Our Alumni, Our Responsibility." Numerous panel discussions were held concerning office routine, clubs, general alumni affairs, fund raising, and alumni publications.

Dr. John W. Nason, president of the Foreign Policy Association and former president of Swarthmore College, was the main speaker at the banquet Friday evening, January 10.

Miss Ruyak stated that the sessions dealing with alumni publications and one session concerned with college alumni groups of less than 5,000 members were especially valuable.

**122 MC Students Are Moravian; 63 Aim For Ministry**

One hundred twenty-two students from fifty-four Moravian congregations are enrolled in Moravian College and Theological Seminary. These statistics are contained in a report which was released early this week by Mrs. Kathryn Phelps, director of publicity for the College.

Sixty-three of these students are enrolled in pre-theological courses. At present there are forty-two men preparing for the Moravian ministry in the college and twenty-one in the seminary. Of the seminary enrollment, fifteen are graduates of Moravian College.

The remaining students, not preparing for the ministry, who come from Moravian congregations vary in their major fields of study from a strict arts background to complete technological training.

**Courses Added . . .**

(Con't. from p. 1, col. 2) chemistry curriculum will enable the department to offer a "standard" chemistry course.

A seminar course, Philosophy of Religion (311), has been added in religion. The course will consider a study of the relationship between philosophy and religion. Perspectives on God, evil, immortality, religious experience, and faith will be discussed. There will also be readings in selected works. The course will be a two hour course and will be offered in alternate years. Dr. Brodhead is the instructor.

Dr. Sears also stated that three two hour philosophy courses (301, 302, and 303) had been dropped for the spring semester. In their place History of Philosophy (304) and the second semester (305) will be given. Both of these courses are three hours a week and give three credits. Dr. Brodhead is also the instructor of these courses.

**Why No Programs? . . .**

Most sporting events are confusing enough these days with their ever changing rules and regulations. For the fan to know all the players, totals, statistics, and enjoy the game he would have to be another Red Grange.

To depend entirely upon the public address system is not wise because of its visual limitations. There is only one alternative—PROGRAMS. The need of programs at any sporting event is obvious.

The fall events are always expertly covered program wise, by the EBA. There was never a slip. Everyone who bought a program at least could look up the members of the visiting team.

The winter sports events are somewhat the reverse. The program vending has dwindled from poor to worse, and now to nothing. The spectator now can no longer tell the player without a program.

What is the game without a program? The answer is simple—NOTHING. In the past years basketball programs have been a hit and miss affair. Several organizations and individuals have taken over the reins only to lose interest or financial backing. Consequently this year we have nothing.

One would reason for the few so called "big games" Moravian enjoys that someone would think to have a few hundred printed. This never occurred. The members of the press, visiting coaches, and scouts covering the games merely receive a list of the Moravian team members with no mention of the opposition, or even enough room to score results.

We can see no real reason as to why there are no programs. We feel that no one is to blame because the job has shifted so widely in the past four years no one is certain just to whom the task belongs. The fact remains however that some organization or person should be put permanently in charge of program printing and distribution at each and every college sporting event.

Whether the programs be printed in booklet form with pictures on the covers, or be they merely mimeographed on cheap paper is not important. The cost involved can be ironed out in various ways. Additional help could be secured at the athletic office and from this publication.

Someone should revive this public service to our sports spectators before the custom is completely forgotten, or will it be another dwindling failure of the modern Moravian College?

# Toner, Keglovits Get 20 In 86-80 Victory

The Hounds turned in their best performance of the season last Saturday as they defeated Albright 86-80 on the Lions' home court.

Moravian displayed a well balanced offense as five players hit double figures. Toner, the Hound Captain, and 6'5" Joe Keglovits turned in brilliant performances as they led the Hounds in scoring with 20 markers apiece. Toner dunked 9 of 17 shots from the floor as well as two charity tosses. Keglovits, who has been greatly improving in the last few games, sank 8 baskets and four fouls, and pulled down 12 rebounds as the Hounds moved into the win column again after dropping their three previous tilts.

The Hounds hit for 52 per cent of their shots in hitting 34 of 65 shots from the floor and converted 18 of 22 foul tosses.

With the score tied at 30-30, Toner put the Bethlehem quintet ahead to stay on a jump shot with 6:40 to go in the half. Before Albright realized what was happening, the Hounds had tallied 10 points in a row and were on top 37-30.

At half time Moravian led 44-39. As the second half got under way, the Hounds increased their lead to 13. At this point the Lions started to come alive and with five minutes remaining, Albright inched to within five points 73-68. From here on, the Hounds played top notch ball to insure the victory. A lay-up by Potter and another lay-up and foul shot by Causley gave Moravian an 80-69 lead. Albright rallied but it was too late and Moravian stayed on top till the final buzzer.

Leo Stinner, the 6'2" frosh who came up from the J.V. team early in the season, continued his excellent foul shooting, amassing 5 for 5, thus giving him 19 out of 11 since he joined the varsity. He was third in scoring behind Toner and Keglovits with 13 points.

Albright was placed by freshman ace, Stan Kaminski, who had 22 points and led both squads.

The Hound J.V.'s nipped the Albright Cubs 73-70 to bring their record up to 3-3 for the season.

# Kokolus Sinks 22; Houndettes Take Opener

The Houndettes traveled to Wilkes Barre to open their 1957-58 season against the girls from Wilkes College last Thursday.

Coach Emily Butner's team started off the year with an impressive start as they trounced the opponents 45-34. Both teams got off to a slow first quarter, but the Houndettes, led by co-captains Vickie Kokolus and Danni Jones, picked up the pace in the second quarter and led their rivals by a comfortable score of 21-9 when the buzzer ended the first half.

When play was resumed, the girls from Wilkes began to close the gap as they outscored Moravian 17-9 in the third quarter. The Houndettes came back in the final period when Vickie Kokolus scored five consecutive field goals in the opening minutes. From then on, they had complete charge of the game.

Moravian's guards, Rosemarie Boyle, Dora Thomas, and Sandy Yaeck played a beautiful defensive game, controlling the boards throughout most of the game. Vickie Kokolus shared scoring honors with Joan Cornell from Wilkes, as they each tallied 22 points. Vickie was followed by teammates Danni Jones with 11, Judy Clay, an impressive freshman, with 9, Judy Fretz with 2, and Ruth Helmich with 1. Both teams did poorly from the charity line as Moravian had 5 in 21 attempts.

Tomorrow the Houndettes will open their home schedule against Misericordia in College Hall at 2:00.

Moravian: Forwards: Kokolus 22-0-22; Jones, 8-3-11; Clay, 8-1-9; Fretz, 2-0-2; Helmich, 0-1-1; Guards, Boyle, Thomas, Yaeck, Zwarych.

Wilkes: Forwards: Cornell, 16-6-22; Sheasley, 0-0-0; Trewern, 6-1-7; Davies, 0-0-0; Klowan, 0-1-1. Guards: Lazarus, Federer, Darlene, and Ohmmarcht.

## Houndettes Tie For First Place Honors At Kutztown Meet

Members of the girls' swimming and volleyball teams participated in a playday between Kutztown State Teachers' College, Cedar Crest College and Moravian College at Kutztown on Saturday, January 11. Moravian and Cedar Crest tied for first place in the swimming meet with twenty-six points each.

Moravian obtained its points in the following manner: Sandra Yaeck placed first in the backstroke; Mary Vezzoli, first in the breaststroke; Jane Merchant and Mary Vezzoli, second in the feet first relay; and Sandra Yaeck, Mary Vezzoli, Jane Merchant, and Jean Davis, third in the wheel barrow relay.

Additional points were obtained by the whole team in the following relays: lighted candle relay in which they placed second; newspaper relay, third; circle race, first; and free style team relay, second.

Members of the team are Sandra Yaeck, Mary Vezzoli, Jane Merchant, Jean Davis, Mary Lesin, and Mary Jane Dugan.

The volleyball teams from each school were divided equally into several teams for elimination competitions.

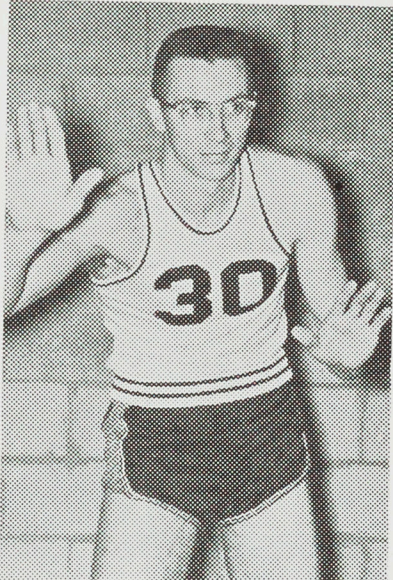

## KAGERS KORNER

Joe Keglovits

In Kagers Korner this week we have Joe Keglovits of Northampton, Pennsylvania. Joe, who plays center for the Greyhounds, is a junior 21 years old, 6 ft. 5 in. and 200 lbs. This is Joe's third year on the Varsity.

Joe's basketball days started at Northampton High where he also participated in track. For the track team, Joe took part in the high jump, shot-put, and discus-throwing. He won three Varsity letters, two in basketball and one in track.

Joe's greatest thrill in basketball came in his high school days at Northampton. In the game between Whitehall High and Northampton in his senior year, Joe topped in the winning basket in the third overtime period of the

game. He had twenty-six points that night.

The year after graduation, Joe played for the Palmerton Red Wings, a semi-pro team. The following year Joe came to Moravian, where he played freshmen and varsity basketball in his freshman year. In his sophomore year Joe had a total of 101 points.

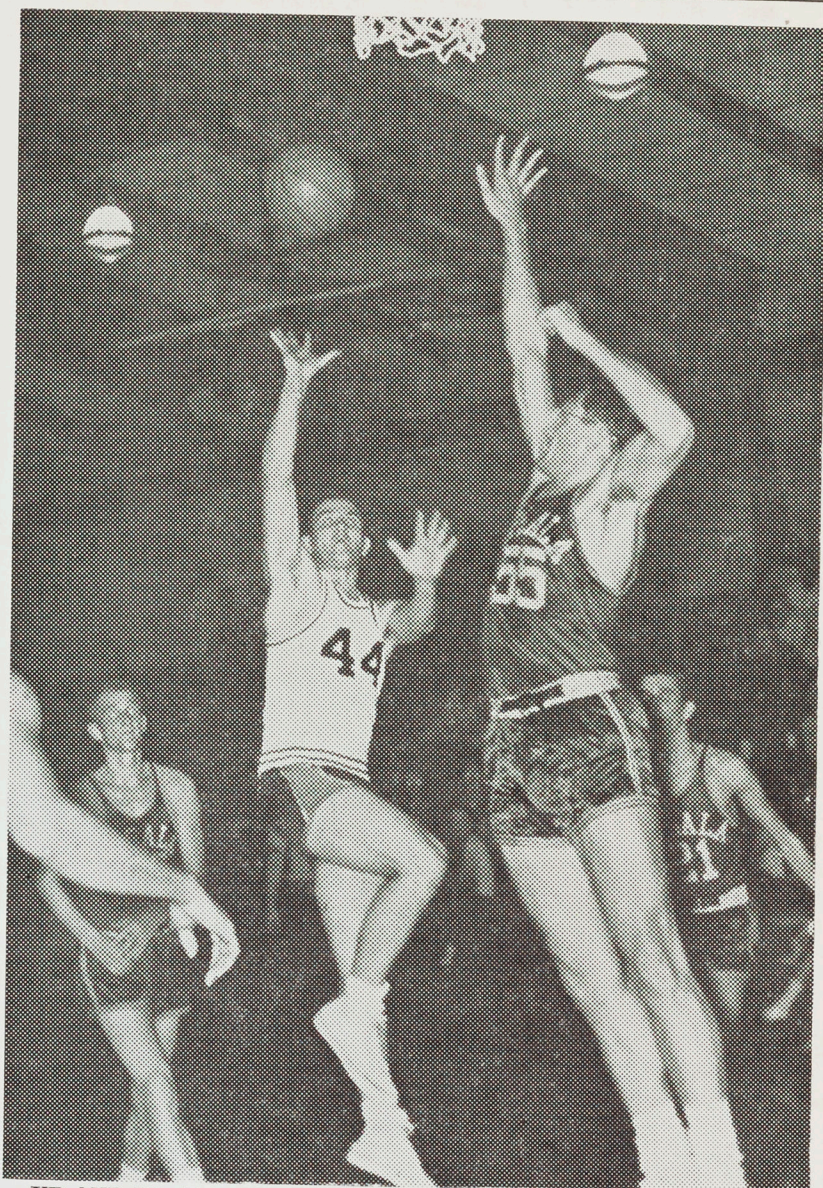

Joe's interests lie in popular music, dancing, and sports.

Majoring in German and secondary teaching, his future plans are to teach and coach.

Joe is a charter member of the Sigma Phi Omega Fraternity and a Varsity M Club member.

TRUMAN L. FREY, JR.  
ROGER B. FREY

UP AND IN: Fritz Toner hits for 2 from the key in last Wednesday's action with Upsala. Toner was high man with 23 points when the lights failed at halftime.

## Don't Be Mad Fritz, It Couldn't Happen To A Nicer Guy!

by Neil Eskolin

The biggest disappointment of the basketball season took place Tuesday night as the Moravian-Upsala game had to be cancelled midway through the contest due to a power failure.

With less than a minute of play completed in the second half and Moravian on top by a 49-36 score—poof—College Hall was in darkness and play was discontinued.

The fact that the game was declared "No Contest" in itself was bad, but what made it twice as disappointing was the score that Capt. Fritz Toner had rolled up in the first half. Toner, who scored the first five baskets for Moravian, had amassed a total of 23 points in the half on 11 field goals in 13 attempts as well as a charity toss. The college record of 38 set in 1956 was within Toner's reach, but due to the power failure he, as well as the rest of both squads, was held scoreless for the remainder of the evening. And to top it all off, the game was erased from the records, thus nullifying all scoring.

The Hounds jumped off to a 8-3 lead in the first few minutes and then followed with seven more in a row to take a commanding 15-3 lead before Upsala had realized what had happened. Of the first 15 points made by the Hounds, Toner accounted for 11 on two layups, a jump, a push, a hook, and a foul shot. The Hounds built up a 16 point lead before Upsala started hitting and tallied seven in a row to bring them to within 9 by a 31-22 score. Toner and his cohorts kept bombing from all over the floor and built up a 47-36 lead by half time.

As the second half commenced, the Hounds gained control of the ball and Joe Keglovits dunked a two-pointer to put Moravian ahead 49-36. No sooner had Keglovits scored, and the lights went out; the time was 9:15 p.m. The officials decided to wait until 10 p.m.

before cancelling the game. When 10 p.m. came, the lights were still out and the game was cancelled.

The Hounds looked better that night as a team and individually than in any previous game this year, and it is doubtful that Toner ever looked better. Behind Toner in scoring was Causley with 12. Lazaroff was high man for Upsala with eight markers.

In the J.V. game Upsala defeated the Hounds 77-55.

# Knights Upset Hounds 68-62; Stinner Gets 17 For Losers

The Moravian Greyhounds, who were well on their way to setting the Knights of Fairleigh Dickinson University down to defeat last week, lost a 12 point half time lead as well as their chances of gaining their third victory against four reversals. The hounds, who sported a 40-28 lead at intermission wound up coming out on the short end of a 68-62 score.

The score was tied five times in what started out to be a very close first half. Moravian drew first blood on a push shot by "Ducky" Potter and a charity flip by Martin. With the score knotted at 23 all, the Hounds put together 10 quick points in three short minutes and seemed to be clicking well.

The Hounds came back after half time and dunked four more quick points to lead 44-28. That was to be nearly all the glory for Moravian for the night. The Knights, who must have taken vitamin pills or gotten an effective pep talk from the coach during intermission, started moving like a ball of fire.

Led by John McCabe and 5'10" sophomore Charlie Potyrola, the Knights closed the gap to 44-43 in what seemed like no time at all. Two foul shots by Stinner and a Keglovits tap-in moved the Hounds out in front again by 5. Fairleigh then hit four baskets in a row, as Potyrola tallied nine points in less than five minutes, and put the Hounds behind 51-48 with 11 minutes to go.

The score was tied three times after this, the last time being at 60 with two minutes to go. The Knights then put the game on ice as they tallied on a lay-up and six free throws. Moravian could retaliate with but two points.

The bright spot of the evening for Moravian was the sparkling

play of 6'2" freshman Leo Stinner. Stinner, who never played high school ball, led the Hounds in scoring with 17, including 11 of 13 foul shots and pulled down 15 rebounds to lead Moravian in that department. Toner with 11 and Keglovits with 10 were the only other Hounds to hit double digits. The Knights were led by Charlie Potyrola who netted 16 points.

The Moravian J.V.'s dropped their earlier court contest to F.A.U. 81-77, Shikora led the Hounds with 15 points.

# Grapplers Drop Two Meets To P.M.C. And Swarthmore, 20-12

By John Layman

Moravian grapplers in their last two meets with Swarthmore and Pennsylvania Military College were defeated by 20-12 scores.

The Greyhound wrestlers traveled to Swarthmore and wrestled in the Swarthmore field house before a Christmas holiday. They won four of the matches by decisions. The Swarthmore matmen won the remaining four bouts by falls which gave them the lead and the match.

In the heavyweight class, Charlie Bartolet, former Easton High School wrestling star, decided Pete Durkston 7-6. This was his second consecutive win.

Tom Lerch, 147 lbs., and Bob Silvetz, 167 lbs., gave their opponents trouble throughout the entire match. In the 157 lb. class, Ron Cziracky scored the remaining victory for the Hounds.

third period. The Jesters lead 15-14 at the end of the first quarter and the Redbirds came back to lead at half time 31-28. Both squads cooled off in the third stanza, but the "Birds" increased the lead to six points at 40-34. In the fourth quarter, however, the Redbirds held their six point margin and added three more for a total of 58. The offensive stand-out for the "birds" was Mickey Hartnett with 21 points. He was followed by Ron Rhen with 14 counters and Mike Gallagher with 10 points.

The offensive leader of the Jesters was Kessler who hit for 15 points, 11 of which he got in the first quarter. He was backed up ably by Bob Brown with 13 points and Bill Gaughan with 11 points.

father's ranch in California's Coast Range country. His interest in wild life began as a boy when he had pets of different species of frogs, toads, and salamanders.

While a student at Stanford University, Mr. Wool's interest in natural history led him to special work on problems involving conservation of deer and the economic importance of California birds of prey. A member of the Santa Clara Valley Audubon Society, he has served as president for two years. He is recognized as an authority on California wildlife.

Mr. Wool, who is married and has several children, owns and operates a six hundred acre ranch near San Jose, California. In the past several years he also has been producing pictures dealing with the life of wild animals.

# Greyhound Gossip

by Dick Steiner

With the basketball season at about the half-way mark the Greyhounds present a rather two-sided picture. At times, they have looked poor, with that certain something lacking that makes a smooth-working club. At other times our basketeers have shone brilliantly, as in the thriller with Lafayette. Part of the trouble is due to a natural variation in performances, but one wonders how a team can do so well one game and so poorly the next.

I believe the second half of our season will find a much improved team taking the court, for the games thus far have been an overall indication of improvement despite several poor showings. Considering the fact that only Deck Causley, Fritz Toner, and Joe Keglovits had seen extensive varsity action prior to this season, the boys have done a pretty good job. Look for even better things in the second half.

The Moravian wrestling team has also progressed very well, and many students are looking forward to the home matches when we can watch our grapplers perform. Charlie Bartolet has done an outstanding job in the heavyweight class, and Easton has been quite well represented by other team members. Perhaps in a few years wrestling will attain the high station of other Greyhound sports.

How amateur are our so-called amateur sports? Supposedly only the pros are playing for pay in this country, but I would question that very strongly. The expense accounts of famous name track and tennis stars competing in major events would put a big business executive to shame. These athletes must live, and if all they do is compete in athletics. They must be paid, either under the table or over.

Although college sports are not nearly as professional, some schools are afraid to admit they are helping at all. Here at Moravian we supposedly give no athletic scholarships, but I wonder if it's only by coincidence that most of the good athletes are the "needy" students named in the scholarships.

I am glad that we do give these boys help—they certainly have helped the name of the school—but why deny these are athletic scholarships. It is true that they are not removed if a boy is injured and can no longer play, but if he does not try out for the sport, I wonder what would happen.

# OGO's Trounce Tekes 59-43 Red Birds Beat Jesters 58-49

Last week, the OGO's downed the TEKES 59-43. The TEKES got off to a bad start, as they could score only 3 points in the first period due to an airtight OGO defense, while the OGO's got 13. The score at half time read 32-21. The OGO's dumped in 17 counters in the final period while the TEKES only managed 8 and the OGO's put the game on ice. "Monk" Morelli was high for the OGO's with 20 points and was followed closely by Hal Barwick with 18, and Dave Stanwood with 9 markers.

Dick Roth was high man with 11 points, while Bob Kincaid contributed 10 points and Bob Breidenbach had 9 points for the losers.

### Tuesdays Action

On Tuesday afternoon the league leading Redbirds and Jesters battled for undisputed possession of first place in league A. The Redbirds emerged victorious in a well played game 58-49. The nine point margin of victory doesn't tell the story of the game as it was a nip and tuck affair throughout the first half and the
