MORAVIAN COLLEGE  STUDENT WEEKLY

Volume LX

Bethlehem, Pa., Friday, February 7, 1958

Number 13

Interfraternity Ball Mar. 1 Is Open To Student Body

The Interfraternity Ball, the only schoolwide dance scheduled for the early semester activities, will be held on Saturday, March 1, from 9 to 12, in the ballroom of Hotel Bethlehem. Members of the I-F Council Fred DeFrank, Dale LaBar, and Al Gara are in charge of the event. The dance is open to the entire student body and not fraternity members only.

The I-F Ball, originally scheduled for late November, was moved to March after Homecoming was postponed. In fairness to the I-F Council, the Social Activities Committee gave up its Valentine Ball, originally scheduled for tonight, and has agreed to work with the I-F Council for this one dance.

Since the dance is being held in conjunction with the SAC, the price has been lowered to \$2.00 per couple, and the dance has been opened to the student body. Previously the I-F Ball was for fraternity members only, and the price was \$2.50.

Bernie Parsons and his thirteen-piece orchestra will play for the informal (suits and cocktail dresses) dance. Parsons, from East Bangor, has played at various dances in the area and at Pocono resorts in the summer.

Highlight of the dance will be the crowning of the queen. The queen will be selected from pictures submitted by fraternity members. The I-F Council will choose six outstanding pictures, and bandleader Bernie Parsons will select the queen.

Housing Problem, 'Sneak' Inspection Cited By Dean

The results of a recent dorm inspection and the next semester housing problem were discussed at a meeting of male dorm students by Dr. Richmond Myers, Dean of Men. The meeting was held in room 9, College Hall, on Tuesday, February 4, during the fourth period. Dean Myers termed the meeting "an informal presentation of facts."

In discussing the next semester dorm situation, the Dean stated that there would be approximately twenty-two beds available for the upperclassmen who are dorm students. This number excludes those men who will be living in the OGO and TKE fraternity houses. It also excludes the senior pre-theologs who are being moved into the Seminary-owned West Hall at the request of the Seminary.

The Dean also said that the system used last semester — that of allowing residents to have first claim on their room for the next semester — would not work any more due to the increased number of freshmen.

According to the Dean, there will be a list of approved rooms off-campus, ready later in the semester and during the summer.

In reference to the new men's dorm, the Dean stated that the plans are complete and the only factor holding up construction is the difficulty in obtaining a loan from the U.S. Treasury Department. The new dorm will contain

The only qualification is that the queen must be escorted by a member of one of the three social fraternities.

Tickets go on sale today. They can be obtained from any fraternity member.

Dean Clarifies Chapel Rules

Dean Marlyn A. Rader has announced that the use of the wrong chapel number will not be considered an excuse for avoiding chapel probation this semester. In the past students were given special consideration if they used the wrong chapel number.

Numbers for the spring semester, many of which are different, are posted on the bulletin boards on North and South campus.

Dean Rader also stated that students will not receive credit for chapels which they are not supposed to attend, unless special permission is obtained from the Dean. Students whose last names begin with letters A to L, inclusive, should attend first chapel. Those with names beginning M to Z should attend second chapel.

Credit will be given for only one chapel on each day.

three units, each unit to accommodate eighty men. There will be special facilities for faculty and student dorm proctors.

The OGO's and TKE's may be asked to limit the men living in their respective houses to only dorm students, the Dean said. He said the presidents of the two organizations will be asked to submit to him a list of the men they expect to have living in the fraternity houses.

James Galbraith, '60, asked that since there was such a difficulty in obtaining on-campus rooms last semester, why was the number of entering frosh even higher next semester. The Dean replied that this was a matter to

PLAY TRYOUTS

Tryouts for the Blackfriar's spring production of "Bus Stop" will be held in the Arts Building on Monday, February 10, at 3:30 p.m. and Tuesday, February 11, at 7:30 p.m.

Frosh Venture, 'Valentine Hop,' Is Called Off

The "Valentine Hop," publicized on campus during the last week by members of the freshman class, will not be held, Dr. Albert E. H. Gaumer, class advisor, said Tuesday. Posters announced the dance as being held in College Hall tonight.

Apparently, Gaumer said, a group of freshmen, possibly the class social activities committee, put up the signs publicizing the dance. However, no arrangements had been made in the Dean's office where the school calendar is kept.

Gaumer said no one had contacted him about the dance, and Freshman President Bill Leicht also said he knew nothing about it.

According to the school calendar, classrooms 9 and 10 in College Hall had been secured by another campus group for this evening. Arrangements had been made many weeks ago.

Discussion Of Constitution Possible At Thursday Convo

The revised constitution submitted by the Constitution Revisions Committee is expected to be presented to the assembled student body for their approval at the first student convocation of Spring semester, 1958.

President Dave Jorgensen stated that the USG is hopeful of having the convocation moved up one week, which would make next Thursday, February 13, the date for that convocation. Mr. Richard Schantz, a member of the convocation committee, said a meeting of that committee would be called at the end of this week to settle plans for the convocation.

The USG passed a resolution on Tuesday to "recommend very highly that the four student members of the convocation committee vote in favor of changing the date to February 13 so that the constitution may be discussed."

Quorum Lacking

Because a quorum (approx. 501) of the student body was not present, the CRC was unable to do more than present the new constitution to the student body for discussion at a recent convocation, January 16, 1958.

If a quorum is present at the next convocation, discussion may be followed by the proposal of amendments to the constitution, Jorgensen explained. An amendment approved by a majority of the quorum present will be incorporated into the constitution.

In order for passage, a motion must be made and seconded that the new constitution be accepted as amended. A two-thirds majority of the student body must then vote in favor of the proposed constitution before it takes effect.

Jorgensen feels that there have been three outstanding revisions of the old constitution. First, un-

USG Petitions Due At Tuesday Meeting

Petitions for nomination of officers of the United Student Body are due at a meeting of the USG at 11:30, Tuesday, February 11, in College Hall 9. President Dave Jorgensen made the announcement at last Tuesday's meeting.

The petitions must be signed by one-eighth ($\frac{1}{8}$) of the student body, according to the student body constitution. Qualifications for officers are stated in the constitution as follows:

"A. No person shall simultaneously be an officer of the United Student Body and either the Men's or Women's Councils, hereinafter described.

"B. No person shall simultaneously be an officer of the United Student Body and either the editor or associate editor of any major publication as defined in the publications code; or a member of the Board of Publications, hereinafter described.

"C. No person may run for more than one United Student Body office in the same election."

If the number of petitions for

each office—president, vice president, secretary, and treasurer—are less than four, "each duly elected member of the United Student Government . . . shall have the privilege of nominating, for appearance on the primary ballot any other member of the USG."

"If said nominations exceed four names for each office, the United Student Government shall, by roll call vote, eliminate all but four of said nominations."

Primary elections will be held on Monday and Tuesday, February 17 and 18. The names of the two persons with the highest number of votes for each office will appear on the ballot for general elections, which will be conducted on March 3 and 4.

The dates for all election proceedings were moved backward one month when the student body voted in favor of that amendment last September. Terms of the United Student Body officers now run from March to March, instead of April to April as in the past.

Fraternities Begin Second Semester Rushing Monday

The three social fraternities at Moravian will begin second semester rushing on Monday morning, according to Fred DeFrank and Dale LaBar of the interfraternity council. The rushing program will be conducted under the rules set up by the I-F Council last summer.

Invitations to both freshmen and upperclassmen will be placed in the North Campus reception office on Monday morning. The names of the intended recipients will be posted on bulletin boards on both campuses.

Omicron Gamma Omega, Tau Kappa Epsilon, and Sigma Phi Omega fraternities will each conduct one rushing part on February 11-13 in that order. Location of the parties will be announced in the invitations.

All rushing will cease at 12 midnight, Monday, February 17. Bids will be extended in the same manner as the invitations on Tuesday, February 18, and the rushees will be given until 5 p.m. Wednesday, to decide on a bid.

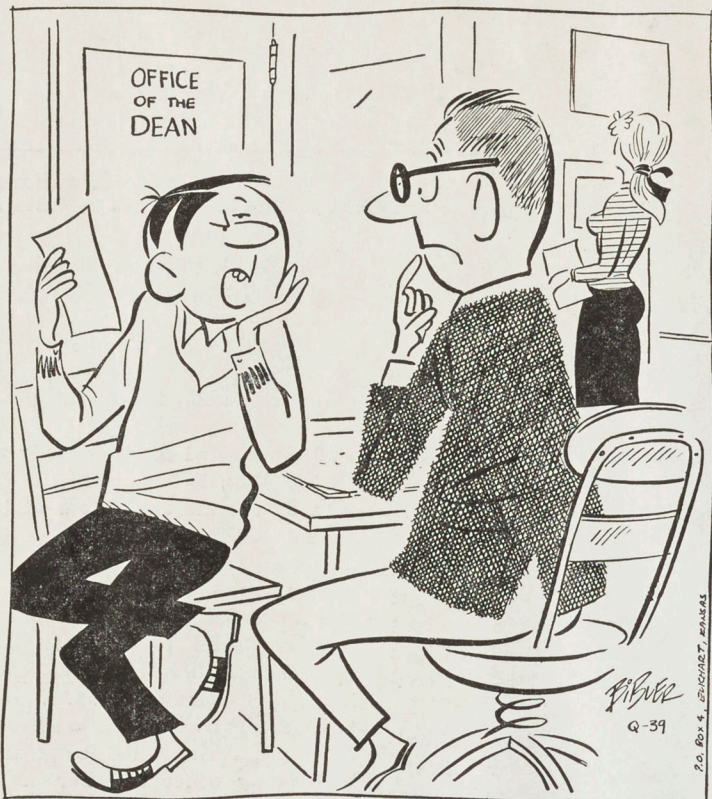

The I-F Council will make note of the fraternity selected by each student when the bids are returned. After this time pledges will not be allowed to change their minds. Should the drop out of the fraternity which they selected, they will be ineligible for membership in any fraternity for the remainder of the semester.

2.5 Average Required

Third, the revised constitution would require that all USG officers have a 2.5 cumulative average while in office. All class officers, USG representatives, and alternates would have to have at least a 2.25 cumulative average.

The revisions also incorporate the Men's and Women's Councils into the USG. Committees added to the constitution included the Women's Activities Committee, which would have the same general powers as the Women's Council does now and a lounge and day-student facilities committee which would set up rules and regulations on the various lounges.

LITTLE MAN ON CAMPUS

"MATH F, PSYC F, ENGLISH F, AN' A C IN PHYS ED. — JUST SHOWS YA WHAT HAPPENS WHEN YA SPEND ALL YER TIME STUDYIN' ONE SUBJECT."

MC Students Look To Busy Spring Semester

by Gene Salay

Many jobs, a bit of leisure, some social activities, and numerous other events can be looked forward to with the passing of the Fall semester. The word busy cannot adequately describe what is in store for us.

March 1 will witness Lieutenant Governor Furman of Pennsylvania in attendance when the Political Activities Club of Moravian will conduct a Model Congress. The event will be run by a four-college committee under the leadership of Joe Rosenfeld. The Committee also includes representatives from Lehigh, Lafayette, and Muhlenberg. The March 1 events will be climaxed with the Annual Interfraternity Dance at the Hotel Bethlehem.

The Convocation of the Moravian Church will be held March 7 through March 9. Representatives from various sections of the United States and foreign countries will attend.

State Band

The State Band of Pennsylvania will engage in a 3-day festival March 13-15, highlighted by a concert which they will present March 15 at College Hall. The Band is made up of 150 of the best musicians in our Pennsylvania Colleges.

The beginning of April will find the Moravian College Choir on its way to Winston-Salem for a week of concerts and fun.

Two concerts, which should prove well worth attending, remain on our school calendar. On March 8, Ray Dudley, a concert pianist from Canada, will perform for his community-student audience. The Obernkirchen Children's Choir, directed by Edith Moller, will appear on April 12. This group of 37, who come from a village near Hanover, West Germany, performed on the Ed Sullivan Show this past weekend. Many can recall their very big hit "The Happy Wanderer."

"Bus Stop"

The Blackfriars spring performance this year will be William Inge's "Bus Stop." Faculty advi-

sor and director Robert T. Burcaw will present the play in the Arts Building, May 7-10.

The Comenius Day observance, March 28, will be highlighted by the presentation of the Alumni Award by Dr. William Hemmerly, president of the Moravian College Alumni Association. The award is presented each year to a Moravian graduate for outstanding achievement in his or her field. Another feature of the program will be the awarding of prizes to winners of the Comenius Day Oratorical Contest.

Spring Festival

The grand Spring Festival, with the queen and her court, marks the beginning of the termination of this semester, followed closely by the Senior Farewell and organizational Dinner Dances. These can be looked forward to with pleasure.

The forecast of events which will transpire are certainly many. Let us all do our part to make them a success.

Tau Kappa Epsilon Initiates 10 Pledges At Ceremony Tonight

Epsilon Gamma chapter of Tau Kappa Epsilon Fraternity will initiate ten pledges into the national fraternity at a ceremony this evening. The ceremony will be held in College Hall at 6:30 p.m. Immediately afterwards, a banquet will be held in the Refectory in honor of the initiates.

Those who will be inducted are Ed Borger, Neil Boyer, Jim Cannon, Ralph DeWalt, Kent Fretz, George Mesaros, Ted Neidengard, Nick Nolf, Dick Schnur, and Don Serfass.

The New Constitution . . .

The USG, at this writing, hopes to hold the first convocation of the semester next Thursday for the purpose of bringing the new revised constitution before the student body for amendment and final vote.

We are pleased with the efforts of the USG and its special committee on constitution revisions to improve the constitution of the Moravian College student body. We are pleased with the constitution "en toto" and believe that the points of disagreement in it had been thoroughly considered by the committee in their work and have been handled in the most satisfactory way.

At the United Student Body meeting on January 16, the major point of controversy in the revised constitution appeared to be the 2.5 cumulative average required of officers of USG.

The argument presented against the requirement was the fact that it is undemocratic, that it would prevent from running for office those who haven't made that average, yet who may otherwise be well qualified for the job.

This may be in a few cases, but a standard must be set somewhere, and inquiry has verified that the suggested standard is still below that of most other colleges of similar size in Pennsylvania. As revision committee chairman Joe Rosenfeld pointed out at the meeting, eighty per cent of these colleges and universities have a 3.0 grade point requirement for officers of student governments.

The administration holds that the average student at Moravian should be a "C" student, which means one with a 2.0 average. Surely the students we call our leaders, the officers of our own student government, should be expected to be above average scholastically. They should, we think, be expected to show the determination, initiative, and ability of leaders to achieve a better-than-average grade point.

The new constitution also provides that all USG members have 2.25 cumulative averages, yet no disagreement with this point was evidenced. Why should the officers of USG not be required to make an average that is a little higher than that necessary for the group they are guiding?

The argument seems to boil down to the fact that perhaps some students who don't have a 2.5 average want to be candidates for office this year. However, the grade point requirement cannot possibly affect this year's candidates, since petitions must be submitted by this coming Tuesday, and the constitution cannot be ratified before Thursday at the earliest. Should it be ratified, it cannot be made retroactive to affect those already running for office.

From our point of view, the arguments for the requirement outweigh those against it. This scholastic standard is not meant to prevent from running for office those otherwise qualified, as much as it is designed to encourage students who want office to raise their grade point.

In other sections of the constitution we feel the committee also did an outstanding job. We appreciate the new provisions for a permanent elections committee, a women's activity committee, and the men's and women's dormitory councils. These groups have been given definite powers which previously have been overlapping or not specifically delegated.

We hope that the student body will take into consideration the responsibility that was placed in the hands of the revision committee and that it will appreciate the constitution which is a result of their efforts.

NEIL'S SPIELS

by Neil Boyer

Well, gang, about the most, if not the least, we can say—after losing all our money in the business office and the book store, and after enjoying a splendid two-day vacation—is WELCOME BACK; We're glad all of you made it (there were some who didn't) and we are especially happy to see so many new faces on campus.

The new ones may not find this to be the perfect college (the bus doesn't always run and the plumbing leaks occasionally), but you find that we are a good group — fun-loving, bleary-eyed, and abnormal, like all good college students.

After a "sneak attack" on the men's dorms by several administration "inspectors" last week, the boys found themselves disposing of all their hotplates, steam irons, and television sets due to a fire insurance regulation. However, this could be a promotion campaign for Emcee coffee, Ling Wong's hand laundry, or the "Campus Beat" radio show. Seems we're back to "DON'T do it yourself."

Mr. Burcaw is on the lookout for several tall, husky Texans and a Moravian version of Marilyn Monroe. The tryouts for "Bus Stop" are next Monday and Tuesday, so if you see any such characters, send 'em around.

Members of the International Relations division of the Political Activities Club found themselves in a little hot water early this week when they received a letter confirming hotel reservations for 25 in Philadelphia. Although they hadn't asked for the reservations (but there is an international political convention today and tomorrow), the group quickly found 25 people with money and sent them along. And all along we thought no one around here had money. Some people have it stashed away.

A recent AP dispatch told of a new newspaper development which makes it possible to print food ads that smell like fried chicken and wedding announcements that have the scent of orange blossoms. More than 120 distinct aromas can be incorporated into bringing procedures, they say.

And this, of course, started us thinking about what we could do with this trash rag. Like, for instance, basketball stories that smell like locker rooms, or dormitory stories that smell like coal gas, or RAU Science stories that smell like formaldehyde, or even election stories that smell like something decaying near the Balkan Peninsula.

Incidentally, Dean Rader got a new suit. And it's got BLUE flecs. However, they're so densely surrounded by BROWN, that they're almost invisible. At least we tried.

Girls Defeat Misericordia; Matmen Bow First Time In History ????

By Marcia Morgan

For the first time in modern history (or at least in the memory of anyone currently attending Moravian) the girls' basketball team beat Misericordia. This exciting event took place on January 18 in College Hall. The team, with a 47-39 win now has an undefeated 2-0 record this season.

With the exception of a few tense minutes in the fourth quarter, the Moravian team led during the entire game. From the first basket, a confident and determined squad was in complete control of the situation.

Sparked by the brilliant shooting of co-captains Vickie Kokolus and Danni Jones, who scored 25 and 16 points respectively, the Moravian girls found themselves leading by five points (12-7) at the end of the first quarter. In the second quarter they played even better resulting in a 23-15 score at the half.

Misericordia started a comeback in the third quarter, scoring 15 points to Moravian's 10 and narrowing the latter's lead to 3 points. With 7 minutes to go in the fourth quarter, the visitors took advantage of a series of fouls, tied the score, and then went ahead. But the Misericordia rooters had little to cheer about for three minutes later the Houndettes caught up with their opponents and continued on with a fast series of baskets to win by seven points.

Much of the credit for the victory goes to the three guards, Dora Thomas, Rosemarie (Boom) Boyle, and Sandra Yaeck. They played the entire game and kept feeding the ball back to the forwards. Each of the guards was responsible for at least one spectacular steal.

Coach Emily Butner substituted only twice in the forward line. Jones, Kokolus, and Judy Fretz started and played through the first half. At the beginning of the third quarter Phyllis Zwarych went in for Fretz. With two minutes to go in that quarter Judy Clay replaced Zwarych. Fretz went back into the game after nine minutes of the fourth quarter.

When the Moravian team arrived at College Hall for the game, they discovered that Misericordia had not arrived. Starting time approached and still the opposition did not come. Just as everyone decided they weren't coming, the bus pulled up in front of College Hall. The reason for the delay was icy, snow-covered roads.

Among the fans who attended the game were about 30 Moravian men who, after they became accustomed to girls' basketball rules, joined in cheering the victorious team.

Forwards: Kokolus, 24-1-25; Jones, 12-4-16; Fretz, 2-4-6; Zwarych, 0-0-0; and Clay, 0-0-0.

Guards: Thomas, Boyle, and Yaeck.

OGO's 'Birds On Top In Intramural Basketball League

By Art Potasnak

On Monday afternoon the intramural basketball league resumed action, with two games in league B. In the first game Sigma Phi Omega defeated the Tekes 53-46, and in the nightcap the OGO's won a tight game from the Seminary 37-32.

Sigma Phi got off to a fast start against the Tekes and led all the way to capture their first win in the league. The high scorer for Sigma Phi was Freiler with 16 points, Nick Cuttic had 12 and Sy Hirsch followed up with 10 counters. The leading scorer for the Tekes was Frank Danyi who garnered 12 points, Bud Zeigenfuss had 9 points while Paul Meilinger had 8. Sigma Phi lead by 11 points at the half with the score 28-17.

OGO's Win

The second game between the Seminary and the OGO's was closely contested throughout. The OGO's led by 6 points at half time with the score 24-18. Al Apple was the big scorer for the OGO's with 16 points, Hal Barwick had 9 points and "Monk" Morelli 8. Haupt and Graf were the spark-plugs of the Seminary attack; Graf had 14 points and was closely followed by Haupt who had 11.

In games played before the exams, the Tekes were defeated by the Seminary 30-27 and the OGO's trounced Pi Mu 50-23.

Going into the final stages of league play, the high flying Redbirds are leading League A. In League B the OGO's are in undisputed possession of first place.

Approximately 750 fans watched the Moravian College wrestling team celebrate its home mat debut on January 15 at College Hall with Muhlenberg.

Although the Mules won the match 24-6, taking six of the eight bouts, the fans were cheering loudly when Moravian's unbeaten Charlie Bartolet won a decision over Muhlenberg's Jerry Rehrig 7-5 in the unlimited weight class. In the first period, after Bartolet had been taken down, he reversed and got a near fall for a 4-2 advantage going into the second period.

Jerry Rehrig started from bottom position in the second period and obtained a reverse. He held the top position until the final five seconds when Bartolet suddenly twisted himself around and into a command advantage for a reverse and two points, then winning the match 7-5.

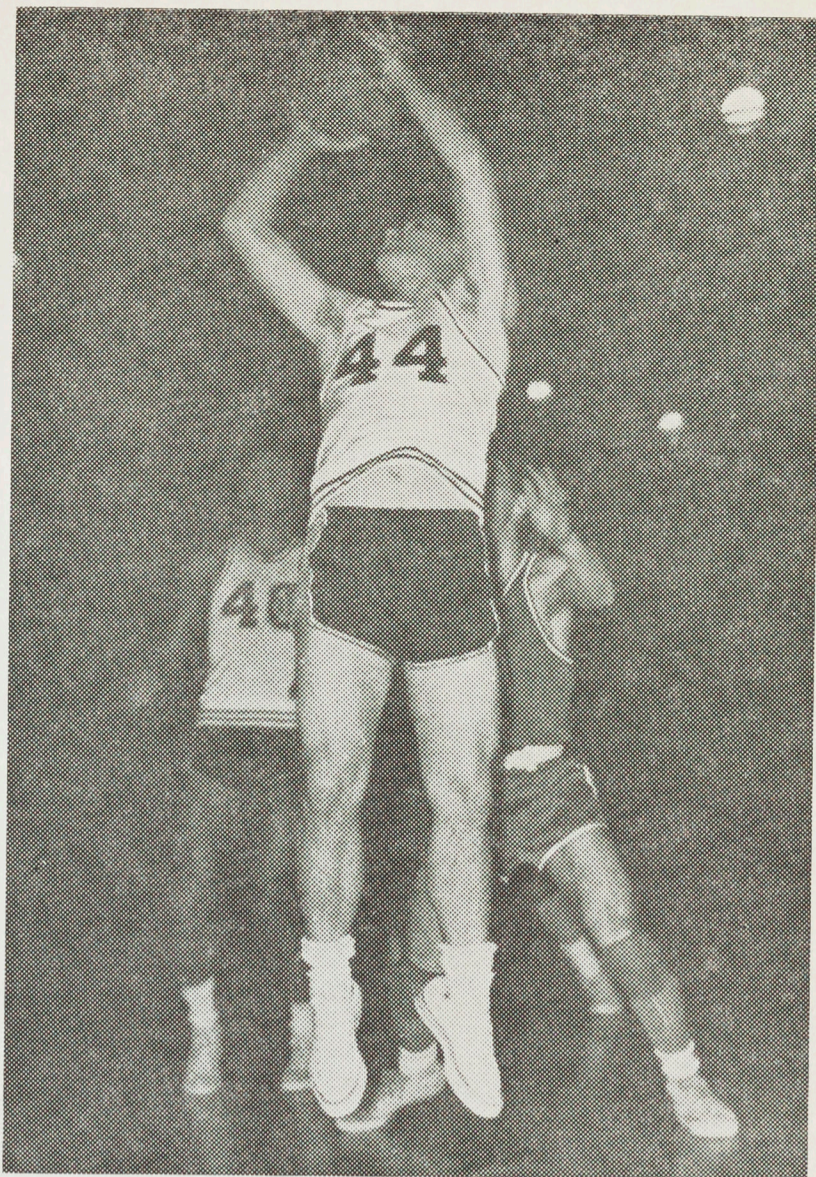

The Hounds wrestling team, coached by Paul Kuklantz, is 0 and 4 for the season. The Mules, being undefeated in three meets this year, have four of their grapplers sporting undefeated records.

In the opening bout, 123 pound class, Pierce Knauss of the Mules started his team off with a five point lead by jack-knifing the Greyhound Willie Wohlbach at 1:53 of the second period.

John Jacob of Moravian won a decision over Mike Peters in the 130 pound match. This was the first college match for both boys. Muhlenberg's regular 130 pounder, Art Jaquette, was injured in the previous match with Temple. Jacob had a take-down, a reverse, a predicament point, and time advantage.

Two Bethlehem High grads, Ron Cziracky (147) and Bob Silvetz (167) of Moravian lost close matches to Jim Walter and Dick King respectively.

The Mid-Atlantic champion Don Simpson at 157 pinned Tom Lerch of Moravian at 4:58. The other fall of the evening was scored as Roger Kuehn of the Mules pinned Joe Pulley in 5:30.

Captain Fritz Toner dumps in two of his 16 points against Dickinson last Monday.

Greyhounds Trounce Dickinson By 97-75

By Neil Eskolin

The Greyhounds returned to their home court after nearly three weeks to take on Dickinson College on Monday night. Dickinson, who boasts of having the high scorer in the Middle Atlantic Conference, Roy Weaver, went down to defeat at the hands of a very impressive looking Greyhound squad 97-75.

Moravian started the second semester activity on February 1 by traveling to Jersey City to meet St. Peter's College. The Hounds put up a good fight but were not equal to the Peacocks who are ranked fifth among small colleges of the East.

The final score doesn't even give a clear picture of how lopsided the game really was, for the Hounds led Dickinson by as much as 31 points during most of the scoring half.

The Hounds were well balanced throughout the game but the outstanding player, by far was sophomore reservist, Dick Chergy, who was elevated to a starting role for the first time this season. Chergy, who in addition to being high scorer for both squads with 24 points, also pulled down 16 rebounds and was credited with six assists.

Dickinson started off the action with a long set by Ray Weaver who looked as though he would continue with his 23.7 point average. However, with the exception of this opening basket and a later foul shot, Weaver was held scoreless in the first half. Causley started the Greyhounds off on the right foot on a Potter-assisted layup. The game appeared as though it would be pretty close throughout most of the first half.

Joe Keglovits and Deck Causley had to be removed from the game as each had committed three fouls late in the half. This seemed to be a bad break for the Hounds but they did not falter. At the half Moravian was in command 37-26.

The Hounds jumped into action in the opening minutes of the second half and popped in 10 consecutive points to lead by 21, 47-26. Once again Keglovits and Causley were benched each with four personals, but the Hounds still continued to play well.

Weaver, who was held to but three points in the first half, began to hit in the second half and wound up with 17 to be high man for Dickinson. Sophomore Ducky Potter played a very good game being credited with nine assists.

Besides Chergy, Fritz Toner and Russ Causley hit double figures for the Hounds with 16 and 13 points respectively.

In the preliminary game a local quintet, the National Sokols nipped the Hound J.V.'s 88-86. Jim Kritis was high for the Hounds with 21 points.

St. Peter's Game

St. Peter's attack was led by 6'5" Lon Gaynor and 5'9" Bill Dooley who both tallied 26 points. Fritz Toner, the Hound captain, paced the Bethlehem cagers with 17 markers. He was followed by center Joe Keglovits, who accounted for 16. "Keg" also helped the Hounds under the boards by pulling down 15 rebounds.

Moravian was never to get closer than 7 points behind in the final 20 minutes as the Peacocks continued to hit on driving layups. Just when it looked as if the Hounds might narrow the gap with the score at 70-62, St. Peter's dunked another quick six points which put them out of reach.

USG Discusses Constitution, Mimeograph At First Meeting

The new constitution, the honor system, general elections, and several motions concerning the PAC and IRC were discussed at the first USG meeting of the semester, held Tuesday at North Campus.

The meeting, held at its new meeting time during the Tuesday activity period, started with the appointment of Nancy Gingham to the chairmanship of the Honor System committee, replacing Dick Steiner, who was recently married. To fill out the committee's membership, depleted by the loss of Steiner, Sophie Nicholas was appointed to the committee. The question was asked when the Honor System would come to a vote. It was felt that the committee should decide on that point.

Joe Prorok, member of the constitution committee, stated, in answer to the question of whether the USG would vote on the new constitution, that a convocation will be held in the immediate future in which the student body will vote upon this matter. It was felt that the administration would approve of the revisions.

It was announced that general elections are scheduled for the first week in March. Primaries will be held two weeks before that, and the elections committee will meet one week before the primaries.

Joe Rosenfeld requested the sum of \$99.99 to cover part of the expense of the Philadelphia IRC convention. This was voted upon and passed.

Rosenfeld also stated that the company selling mimeograph machines, which were discussed last semester, would allow rental on a machine to go into the amount needed to buy the machine, provided that the machine is bought six months after rental. He made a motion to rent the machine whereby the USG would pay \$15 a month, and the PAC \$10, but it was defeated by a USG vote.

Other business conducted at this meeting was the allocation of \$200 to the Men's Council for care of Ogo, the school mascot.

Dean Halcyon Sartwell has requested that campus organizations schedule no meetings during Religious Emphasis Week, which will be held March 3-8.

Moravian Students At Convention Of IRC At Penn

Twenty-five Moravian students are expected to attend the state convention of the International Relations Club (IRC) which will be held Friday, February 7, and Saturday, February 8, at the University of Pennsylvania.

Expenses for the convention will be paid by USG and IRC. Those students wishing to attend this conference should register with Dr. Mary C. Kennedy, Dr. Otis H. Shao, Bill Rupp, or Joe Rosenfeld before 1:15 p.m. Friday, February 7. There are presently five vacancies in the Moravian College delegation.

The convention program will include talks by leading government personalities, a banquet, a get-together dance and discussions with special emphasis on the Explorer satellite. Walid Namari is also expected to run as a candidate for vice-president of the state-wide organization.

List Of Available Class Rings Is In Registrar's Office

Many Moravian College class rings, ordered early in the fall, are now available, a representative of Finkelstein's said this week. A list of the names of students whose rings have arrived is now in the Registrar's office. Those students have been requested to pick up the rings at the store.

Due to an apparent misunderstanding, the representative said, many students believed their rings would be sent to the school or to their homes.

Robert C. Hermes Listed As Speaker For Audubon Tour

The third of the Audubon Screen Tours programs presented under the sponsorship of the Moravian College Conservation Association is scheduled for Saturday at 8 p.m. in Moravian College Hall.

Robert C. Hermes, one of the best known of the Audubon lecturers, who has already made many friends in Bethlehem during previous lecture seasons, will present "Ranch of the Purple Flowers."

Departing from his more usual geographic habitat, Hermes' "Ranch of the Purple Flowers" is located in Venezuela. Commissioned by the Creole Petroleum Corporation to make a natural history motion picture on Venezuela, Hermes lived and traveled on the plains and in the jungles filming beyond the ranch life and the entirely new wild life community.

The film to be presented on Saturday night features primitive regions of the most remote sections of equatorial Venezuela.

Placement Office Lists Jobs For Men And Women

Dr. Richmond Myers, Director of Placement, has announced the following schedule of job interviews for the month of February.

On Thursday, February 13, interviews for those interested in summer resort and camp jobs will be on campus. The interviews are open to both men and women of all classes.

Gimbel Brothers will be represented at Moravian on Tuesday, February 18. This interview is open to men and women of the senior class only.

The last interview scheduled for the month of February is set for Thursday, February 27. The firm represented will be the American Stores, and the interview is open only to senior men.

Housing Problem . . .

(Con't. from p. 1, col. 2)

be taken up with Registrar Sam Kilpatrick. However, said the Dean, if he had his way, the administration would have simply filled Colonial Hall with freshmen and then turned the rest away.

Kilpatrick, who was contacted later in the day, stated that the reason for accepting an increasingly larger number of freshmen was due to the fact that the dorm plans are in an advanced stage and nearly ready for construction.

Therefore, Moravian College was accepting more freshmen, as are all colleges, in fairness to the increasing number of students applying for college admission. "Although they will be handicapped for a year or so," continued Kilpatrick, "there will soon be spaces for all dormitory students."

Dean Myers invited the men to present any ideas as to elevating the problem to him by next week, at which time the dorm council will meet to consider the ideas.

Dorm Inspection

The other item of business discussed at the meeting was the results of the surprise dorm inspection made by the Dean, comptroller Charles Kuhn, and Paul Cunningham, Superintendent of Buildings and Grounds. Dean Myers stated that the inspection was made to check on certain requirements of the Underwriters fire insurance.

The men were informed that it was against college dormitory rules to keep any "heating element" in a dormitory room. "Heating element" was defined as an electric heater, coffee percolator, steam iron and appliances of that nature. The Dean stated that the administration has decided for this semester that they will allow no TV sets in bedrooms.

Fred Harberg, '60, asked that if the electric heaters were removed, what were the students to do when there was no heat. Dean Myers replied that he was not "a heating engineer" and referred the question to Paul Cunningham, Superintendent of Buildings and Grounds.

Interviewed later in the afternoon, Cunningham stated that there was "no reason in the world" why the dorm rooms should not be heated at all times. He said he had received several complaints about lack of heat on Sunday mornings. To correct this situation, Cunningham said, an additional man had been put on to fire the furnaces over the weekend.

"Not Enough Copper"

Concerning the prohibition of "heating elements," Cunningham stated that there is "not enough copper" in the buildings to accommodate the added load these appliances place upon the wiring.

Dean Myers stated that the "heating elements" had to be removed, since, if there should be a fire in any of the dorms and such a "heating element" were found, the school would not be able to collect "a penny of its insurance."

In conclusion, the Dean said that in the future all inspections by members of the college staff would be announced, but that a fire underwriter inspector is privileged to inspect the dorms at any time and unannounced.

Eleven MC Bandsmen Named To State Festival

Eleven members of the Moravian College Band have been selected to play with the Pennsylvania Intercollegiate Band, which will hold its annual festival at Moravian on March 12-14. The state band, members of which were chosen last Saturday, numbers 150 of the best musicians from 34 colleges in Pennsylvania.

Director Ray Huston announced Betsy Blum, second flute; Tony Schuster, third clarinet; Daniel Simon, tenor sax; Caroline Denham, first horn; Phyllis Zwarych, third horn; Robert Stewart, fourth horn; Bill Dimmich and Jim Harkel, first cornet; Neil Boyer, baritone horn; George Beidelman, third trombone; and Dave Bittner, snare drum.

Beidelman, Dimmich, Schuster and the Misses Denham and Zwarych will be participating in the band for the second time. Boyer will be playing in the band for his third year.

Guest Conductor

Guest conductor for the concert will be Walter Beeler, eminent composer, arranger, and conductor, from Ithaca College.

An instrumental clinic has been arranged for the visiting bandsmen on Saturday afternoon, March 15. The clinic will feature Vincent Bach, manufacturer of America's finest brass instruments, who has played first trumpet with the Boston Symphony and the Metropolitan Opera. Entitled "The History of Brass Instruments," the clinic will discuss the use of brass in the modern symphony orchestra and concert band.

Homes Needed

Members of the state band will

Tonight's Free Movie

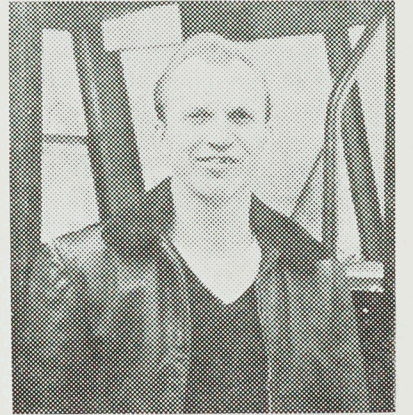

A howling evening is in store for Moravian students at 8:15 tonight in College Hall, rooms 9 and 10, as the Concert-Film committee presents four Essanay comedies by Charlie Chaplin.

The films, produced by the Essanay Studios, were four which are said to have set the course for movie pantomime and are the culmination of the art of silent movies. One of the outstanding films is "The Tramp."

Arrangements are being made with Ed Kellow, the College Hall custodian who played piano with the Dorseys and in vaudeville, to play piano accompaniment.

The film was originally scheduled for tomorrow night, but a conflict with the Audubon tour was the reason for the change. Since College Hall will be occupied in the early evening, the movie will not begin until 8:15.

be housed in the homes of area residents. Any area day student who can accommodate one or more musicians should pick up a housing form in the Registrar's office. All meals will be served to the bandsmen at the Refectory.

Who's New In Busdrivers

Meet John Hillenbrand

Latest personality on the Moravian campus is tall, blond John Hillenbrand — a man most MC students will depend on from time to time to get them back and forth between our cross-town campi. John has the job of trying to get our never-lasting "Greyhound bus" to work in the way it should.

Aside from chauffeuring college students, John also is self-employed in the glass business—the manufacture of clinical thermometers being a highly skilled specialty. He had his own glass instruments factory in Allentown before taking on his job at Moravian. The glass business is now just part-time.

John was married while attending Muhlenberg College (2½ years of Chemistry). Now, he and his wife Marceline, and their children Timothy, Robert, and Melanie, reside in Bethlehem's Beth-Allen Gardens. John was a radar navigator for Uncle Sam's Air Force from 1943 to 1945.

Having no complaints on his bus-driving job, John ("Call me John or Jack") has found Moravian students to be very cooperative and especially patient—even when they have to ride in the station wagon as they did last Tuesday. However, he's hopeful that the bus will stay in working order and continue to be on time.
