MORAVIAN COLLEGE  STUDENT WEEKLY

Volume LXI

Bethlehem, Pa., Friday, October 17, 1958

Number 4

College Hall Renamed Johnston Hall At 1st Convo

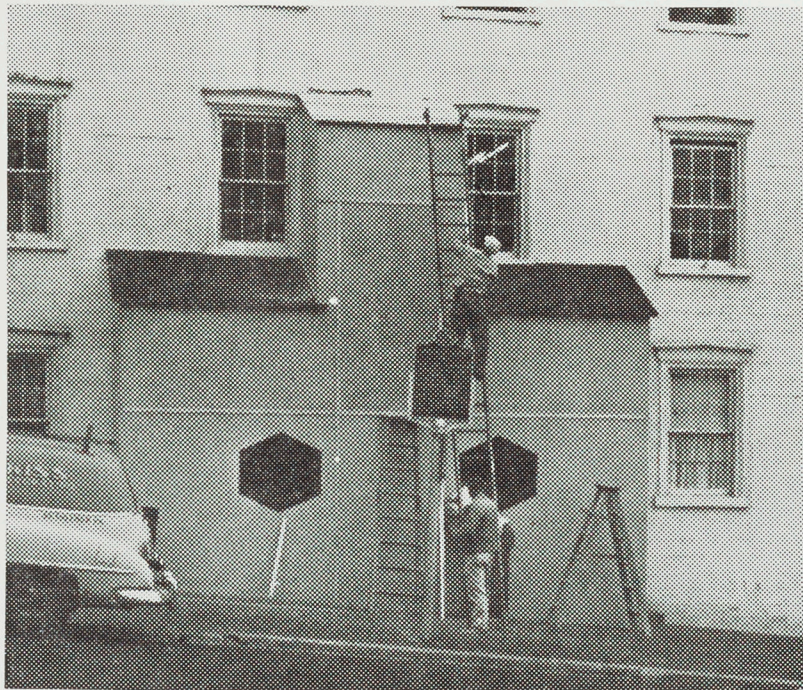

Early To Rise

1st Period Begins At 7:55 A.M.

All first period classes will begin at 7:55 a.m., beginning Monday, Oct. 20. The change, announced by Dean Marlyn Rader, will necessitate all first period classes to begin five minutes earlier than usual and will leave a 20-minute break between first and second periods. The classes will end at 8:45.

Rader said the change was made because of the crowded bus conditions after the first period and because of the heavy traffic at that time. The bus could not make the round trip in the 15 minutes allowed, he said, and as a result many students were arriving late for North Campus classes.

The bus will now leave North Campus before first period at 7:40 a.m. Dining halls will also schedule breakfast five minutes earlier than usual, i.e., 7:10.

Workmen put the finishing touches on the protective enclosure constructed against the front wall of South Campus' Colonial Hall. The structure will serve to protect on-lookers from falling plaster while exploratory work is in progress on the wall. Windows and a bulletin board explaining the process will enable spectators to get a close-up view.

Wood Enclosures Protective, Snyder Says; Work In Front Of Colonial Is Exploratory

The brown wooden structures which have been erected against the north and east walls of Colonial Hall on South Campus are purely for protective purposes, stated Robert P. Snyder, Director of Development, early this week. The enclosures will allow restoration and exploratory work on the building to go on without any possibility of endangering students.

The enclosure between Main and Colonial Halls permits the use of the lower door to Main Hall while the project of restoring the east wall of Colonial Hall is in progress. Besides restoring the wall to its original stone, windows will be created or taken out where necessitated in the plans to return the building to its original state.

The work on the front of the building is simply exploratory work, said Snyder. In conjunction with the restoration of the east wall, the east door of Colonial Hall is also to be restored to its original state, but the details of its design have been lost. Therefore, exploratory work must be done on the front, where, in the middle of the building, a similar door once was. Probably one of the windows on the lower floor will have to be removed to permit this exploratory work, but no actual doorway will be created. All work will be done from the inside of the building, although it will be visible from the outside.

Snyder added that when these details of design have been discovered, the section of the north wall from which the plaster has been removed for exploratory purposes will be replastered to match the rest of the wall. The only exception to this might be in the case that they would find restoration of the entire north

(Cont. on p. 5, col. 1)

Twelve Graduate, Three Receive Honorary Degree

Three community figures of national stature, Dr. W. L. Estes, Jr., Arthur B. Homer, and Jesse V. Honeycutt, will receive honorary doctor of laws degrees at the Moravian College Founder's Day Convocation to be held Thursday, October 23.

The awarding of 12 undergraduate degrees and the permanent naming of College Hall as Archibald Johnston Hall will be included in the ceremonies to be held at 11:30 a.m. in the Hall. An invitation to attend the Convocation is extended to Moravian College friends in the community.

This is the first of four all-student convocations during the fall semester. Students are required to attend three of the four convocations.

Dr. William Estes, Jr., for twenty years chief surgeon at St. Luke's Hospital, and completing a year as president of the American College of Surgeons, was born in Bethlehem and has been an important and integral part of the community throughout his active life.

A graduate and trustee of Lehigh University which honored him with the doctor of science degree in 1948, Dr. Estes took his medical training at Johns Hopkins University, Baltimore, Maryland, and following his internship there, he was an assistant at Mayo Clinic before joining the St. Luke's Hospital staff in 1912.

A past president of the State Medical Society, Dr. Estes' other professional affiliations are American Geriatric Societies: A-

merican Diabetic Association, Alumni Association, Mayo Clinic and Mayo Foundation, New York Academy of Medicine, American Association for Surgery of Trauma, and Johns Hopkins Surgical Society.

Arthur Bartlett Homer, president and chief executive officer of the nation's second largest steel

ARCHIBALD JOHNSTON

producer, was born in Belmont, Mass., and came to Bethlehem from Quincy, Mass., Bethlehem shipbuilding yard following a naval career in World War I. He was

Voting For Homecoming Queen Monday, Tuesday

Voting for the Homecoming Queen will take place on Monday, October 20, and Tuesday, October 21. The voting will be directed by the elections committee and will take place in the lobby of Comenius Hall, it was announced this week by Marcia Morgan, co-chairman of the Social Activities Committee (SAC).

Each student will vote for five girls out of the 12 entries. The girl receiving the highest number of votes will be queen, and the next four highest will compose the royal court.

"Progress" will be the theme of this year's Homecoming Weekend of Oct. 24-26. Included in the weekend activities are the election of a Homecoming Queen, parades Friday night and Saturday afternoon, a football game with Lebanon Valley, dorm and fraternity house decorating contest, and an informal dance sponsored by SAC on Saturday night.

Each class has selected three candidates for Queen as follows; Seniors—Dolores Dulick, Pat Conover, and Jean Hudak; juniors—Jane Ziegenfus, Mary Lou Clewell, and Diana Fetherman; sophomores—Ruth Mauch, Joan Albrecht, and Carol Landrock.

Arrangements are being made to crown the queen at halftime. Mrs. Janice Keve Steers, last year's queen, will present the crown. The queen will receive her

gift at the dance on Saturday night and there will be a special waltz in her honor. Members of SAC in charge of the contest are Pat Conover and Joan Albrecht. The Friday parade will leave from the corner of Locust and Monocacy at 7:30 p.m. It will proceed from Locust to Main, down Main to Goepp, up Goepp to New, down New to Broad, from Broad down Main. The parade will turn at the center of the Hill-to-Hill Bridge and return to South Campus. After a few songs and cheers, the parade will move up Main to the area below the athletic field, where the freshmen will build a bonfire and hold a pep rally.

The parade Saturday will convene at 12:30 and move from Locust to New to Broad to Main to the athletic field.

Fred DeFrank, chairman of the SAC parade committee, stated that the parade would include floats from the two sororities, four fraternities, and the Vets;

VP Voting Monday, Tuesday; New Constitution Proposed

by Alan Lippman

Nominations were taken for United Student Government vice-president, the formation of a committee to revise the college constitution was announced, and the proposed 1958-59 budget was discussed at a meeting of the USG held Tuesday evening. Joseph Prorok, USG president, presided over the two and a quarter hour meeting.

Peter French '60 and Joseph Powlette '60 were nominated for the position of vice president of United Student Government. The position was made vacant when Jack Riedmiller, vice-president-elect, did not return to school for the fall semester. Elections will be held Monday and Tuesday.

French is a history major from North Plainfield, N. J. His activities include being Social Activities Committee Chairman, USG Elections Committee Chairman, and Triangle Honor Society President. He has been a cheerleader, a dormitory counselor, dining hall proctor, and a member of the choir.

Powlette, a physics major from Bangor, Pa., is a brother of Sigma Phi Omega fraternity, and has been a member of the band, the

Interfraternity Council, and has been a representative to USG.

New Constitution

A committee has been formed to revise and improve the constitution of the student body. Reasons given for this action were that certain aspects of student life had been omitted in the present version, and that new situations have arisen in school government which the present constitution does not cover adequately.

Members of the committee will include the presidents of each of the four classes and a woman member of each class, as yet unnamed, but preferably the secretary. Also working on the committee will be French, Prorok, Kathy Werst, and John Woltjen.

(Cont. on p. 5, col. 2)

The Band And Choir: Potential Financial Abortions

Of all points brought up at Tuesday night's discussion of the USG allocations, one point stands firmly above all the rest: member organizations of the student government are being cheated out of funds which they rightfully should have because the USG is being forced to support college organizations which represent the college as a whole and not just the student body. Prime examples: the choir and band.

The USG gets a limited amount of money with which to work each year, namely \$12.50 from each student per semester, an estimated total this year of \$18,500. Budget requests from member organizations, according to USG treasurer Lekorens, exceeded the present funds by close to \$3,000.

After the USG budget committee allocated bare necessities to the organizations, it still was over its budget, mainly due to requests of the choir and band.

Band and choir requests, however, were for the "bare necessities" of those two organizations.

Both groups represent the college in public appearances (as opposed to other campus groups such as Modern Language Club, **The Comenian**, etc., which are generally obvious only to the student body). In addition to this, both groups have paid directors as opposed to the fact that all other member organizations have non-paid faculty advisors who freely donate their time.

The point made is this: By paying directors and directly advising them on their activities, the college expresses its desire to make these groups active in order to spread the college name and gain favorable reputation. And yet the college refuses to pay for, or even subsidize these groups' activities and needs.

Dean Gillespie, administration representative to the USG, said the college does not have sufficient funds to help out the groups. And the result is that the band will have to stop attending "away" football games (although the group at times has been the sole support or spirit backing up the team), the majorettes will not have half-decent uniforms to wear at the home football games, and activities of the choir will have to be curtailed. Reason: the USG does not have the money to give and the college refuses to lend assistance.

However, a passive reply of "No" is not going to be sufficient for long. At present the choir and band are proceeding with plans, e.g., the choir has bought much music, new majorette uniforms are already being made, and the band just may decide to go to PMC tomorrow—all on money the groups don't have.

The USG can refuse to pay the bills for these organizations. The result will be that someone **must** pay. Whether the bill will be split between the organization members, paid out of the director's salary, or paid out of funds of the college (which may just get "stuck" if it doesn't watch out) remains to be seen.

A speedy consultation between members of the administration, the USG officers, and the directors of the choir and band is mandatory if another financial mess is to be averted. And a good time might be before the band leaves for PMC tomorrow and spends another \$200.

"Grin And Bear It" . . .

Since the construction of those little brown "monstrosities" (as some students call them) as part of the restoration work on Colonial Hall, the extent and nature of the work going on has been misconstrued in the minds of many.

Some comments that have been heard are that the enclosure in front is to become a new door, that the building will be a museum, that the whole front is going to be restored to the original stone, that just the center section will be restored, and probably several others.

Actually, none of these rumors is true. As is mentioned in the story on the first page of this issue, the work in the front of the building is merely exploratory and therefore temporary.

Because we don't know or understand what is taking place, we often become resentful of the changes and exaggerate them so that they become something terrible. Besides the explanation in the article, to let you know what is planned, you will be able to see for yourselves the daily progress by viewing the work through the windows in the enclosure.

We don't deny that these "monstrosities" are, in a sense, an eyecore against the white building. But they are for our protection while the men are working, and at least they are very well built. Until the construction is completed and everything is back to normal, we would suggest the best thing to do would be to "grin and bear it."

Is It Proper And Safe?

It never ceases to be necessary to constantly remind students of the smoking regulations on North and South Campuses. It has become so habitual that it is boring. But when two specific violations occur—one extremely irreverent, and the other not only rude, but a definite fire hazard—it becomes necessary once again to speak about it.

The first incident we refer to is that of smoking in chapel. On South Campus, the only places where smoking is allowed are those specifically listed—and the chapel is not among them! Granted, there is no written rule which prohibits it in North Campus chapel, but the lack of it should certainly not be the excuse for such deplorable behavior. We have always believed that the chapel is a place for spiritual emphasis and consequently not for material and selfish habits such as smoking!

The second incident of the misuse of the smoking privilege has been on the dance floor—at record dances and other dances in College Hall. It shouldn't be hard to realize the potential danger of a lighted cigarette in such a crowded area.

And it shouldn't be hard to visualize the inconsiderateness, discourtesy, and the rudeness of dancing with someone and blowing smoke in their faces or simply distracting from the conversation by smoking.

We hope that students will take time to think twice before they smoke—think where you are and if it's proper and safe. Then smoke all you want.

Give Us A Chance, Profs

The announcement that first period classes will begin five minutes earlier starting Monday has come as a surprise and shock to many, if not everyone. And getting adjusted to getting up a little earlier, eating earlier, and catching an earlier bus may not be the easiest things in the world to come by in a short time.

It is for this reason that we request a little leniency on the part of our energetic professors in reporting first period lates. The first week may find a good many more late for first period than were detained by the bus from second period on North Campus.

We ask you, our professors, that for a week or so we be given consideration for being late for first period. However, chances are we'll be lucky if we see you there bright and early Monday morning.

Former President's Views Of P. A. C. Mess

To the Editor:

October 9, 1958

Only today, I read an article in the *Comenian* of Friday, October 3, 1958, entitled "U.S.G. Decides . . . P.A.C."

It is not only proper but also necessary that I state that the article is libelous, defamatory and provocative. I was deeply shocked at the comments of the writer.

Enclosed please find my own "statement" on the matter, a statement which I sincerely desire to discuss with you over the Homecoming weekend.

With kind personal regards, I remain,

Sincerely yours,
William J. Rupp, Jr.
100-C Garden Drive
Aberdeen, Maryland

Statement

A financial obligation of \$233.17 was incurred by the Political Activities Club of Moravian College in April of 1958 at the Penn-Harris Hotel, Harrisburg, Pennsylvania, while members of the club attended a convention of the Intercollegiate Conference on Government.

Before the end of the spring semester, this obligation was presented to the President and Treasurer of the United Student Government because the Political Activities Club funds were practically exhausted. At that time, I was assured that the obligation would be paid out of the United Student Government funds, and I was informed that a voucher had been signed for the exact amount of the deficit. This deficit was known to Political Activities Club members and officers as well as to the Presi-

dent and Treasurer of the United Student Government well in advance of the end of the school year.

At the same time, I issued a personal check for \$60.00, returning to the college unspent Political Activities Club funds. I did not, and do not now, promise to give Moravian College any more money because such does not and has never existed.

An additional obligation of \$17.14 was incurred by the Political Activities Club, but to my knowledge was not to be paid for out of club funds. This was an in-

(Cont. on p. 3, col. 3)

Under the Table

by Nan Gingham

So hazing is over, and nobody's really any the worse for wear, except for a few of the "weaker" ones. No use discussing it anymore, other than to warn the frosh: don't take your hazing program out on next year's class. Just because you've been shaping up into a good bunch, and a lot of sophomores seem to have resented this, YOU, TOO can be a good hazer. Lots 'a luck . . .

Heard an upperclassman say the other day that to him, freshmen were "merely a big question mark." In other words, he felt that until they're here a few years, everyone wonders how they're going to turn out. Will they be a success at college, or just they join the ranks and be nothing? Okay, this is a legitimate opinion. But why pick on the Frosh? Try looking around at some "older" people around here, namely juniors and seniors. Then the question changes: not "who" will they turn out to be, but **WHAT WAS THAT?**

Yes, we're leading up to something. ("Column, column, on the wall, who is the rottenest one of all?") Since subtlety and tongue-in-cheek type thing is not something we're particularly proficient at, might as well get down to business. Do you REALLY think that yearbook will be ready by Christmas. That's all there is to say. Except for this one teenie news FLASH: did you know that the name will be different for the first time since Countess Benigna kicked off? Yessireeee, men. The new, all-encompassing, ad-less 1957-58 yearbook of Moravian College will be titled (get this) the **RENIGNA!**

Now for some happier newsy-bits: and this is the last call for Stork Club enthusiasts. **ABSOLUTELY**. Mr. and Mrs. Gil Lopez had a baby girl, Susan, this summer; and Bubbie Mugione has been wildly scrambling around handing out Hershey bars—a girl, Janet. Okay, now, that's enough. No more babies for awhile. Please?

Back to the salt mines . . . No more CHOPS this week. Just one request: please, don't ANYBODY DO ANYTHING for awhile. Then we'll have lots of material for "Poison to Poison."

Seniors Get Second Chance To Take Reading Test Tues.

Seniors will be given a second chance to take the Nelson-Denny Validation reading tests next Tuesday at 11:40 a.m. The tests, also to be administered to sophomores and juniors at the same time, will be given in rooms 204, 205, and 304 of Comenius Hall, and College Hall 9 and 10.

According to Mr. Nick Stelmashuk who is administering the tests, only 26 seniors reported to take the tests at the appointed time last Tuesday, although almost all of the freshman class was present.

Stelmashuk emphasized that the results of the test will not be held against the record of those taking the tests. He stated that an untrue rumor had circulated that failing the test would require a course in freshman English to be repeated.

The test contains two parts, Stelmashuk said. The first part is ten minutes and is for vocabulary; the second section, lasting 20 minutes, is for reading comprehension.

The reading test, Stelmashuk explained, has been designed by the Houghton-Mifflin Publishing Company, and that company is using Moravian as one of a select few colleges on which they may base their standards. Other typical colleges which may participate are state colleges or a representative ivy league college, he said.

The H-M Co. will arrange the results in percentile fashion so that it can be determined where a student ranks among students in his same class all over the country.

The tests, being given to the

entire population of representative colleges, such as Moravian, will determine the percentile ratings to be published by the H-M Co.

Stelmashuk said the results of the tests will be available so that students may see how they ranked among other colleges. The results will not affect the individuals college grades in any way.

HEY! What's Goin' On?

Saturday, October 18
2:00 p.m. Football, PMC, Away
2:00 p.m. Cross Country, Lafayette, Home

Tuesday, October 21

Decorating For Dance.

Thursday, October 23
11:30 a.m. Commencement Convocation, Johnston Hall,
Decorating for Dance

Placement News

Seniors are reminded to pick up Placement Data Sheets in Dean Gillespie's Office. Information gathered from this source will influence the type of interviews to be arranged.

Armstrong Cork Co. of Lancaster, Pennsylvania has issued their first employment bulletin for the 1958-59 academic year. Approximately 115 men will be included in the training classes which will begin on February 3 and June 23, 1959. Over half of this group will be trained for non-technical sales positions. Further information regarding this program can be secured at the Dean's Office.

Letter From Rupp . . .

(Cont. from p. 2, col. 3)

dividual obligation incurred by a member of the club.

The entire Political Activities Club account is open for public inspection in the office of the Comptroller of the college. Mr. Charles Kuhn. It may be inspected by the United Student Government and the new president of the Political Activities Club.

This account was used to cover club expenses for meetings, programs, and activities; the funds were used under the supervision of the Political Activities Club executive committee. The financial records of the Political Activities Club were turned over to the new officers at the end of the 1957-58 school year.

I personally asked an independent individual to financially assist the club in its work. This assistance, given to me personally, to be used at my soul [sic] discretion, was to be no one's responsibility but my own. It was not used for personal advantage or gain.

During the past summer, no efforts were made to contact me in regard to this financial difficulty, even though my Harrisburg address was known by the president of the United Student Government, the president of the Political Activities Club and the college. I even corresponded with the president of the Political Activities Club and the college on July 21 and July 30. The college as well has a record of my permanent home address.

Having no idea that any question had arisen as to the Political Activities Club funds or my own integrity, I was deeply shocked at the comments of the writer of the Comenian article.

I would very seriously caution The Comenian, the United Student Government, and the Political Activities Club to investigate all the facts very clearly before once more defaming any individual.

William J. Rupp, Jr.

Ed. note—Although Rupp was "assured that the obligation would be paid out of Student Government funds," his agreement with the heads of the student government concerning payment of the bill was done without the knowledge of PAC advisor Dr. Otis Shao. This was done after Rupp had assured Shao that the money for hotel expenses would not be taken from USG funds.

THE CANDIDATES—Moravian College students will select their Homecoming Queen and her court Monday and Tuesday in elections on North Campus. Students will vote for five of the above 12. Top to bottom, left row, Judy DeBray, Hette Ann Dickman, and Barbara Stefanavage, freshmen; second row, Joannie Albrecht, Carol Landrock, and Ruth Mauch, sophomores; third row, Mary Lou Clewell, Diana Fetherman, and Jane Ziegenfus, juniors; right row, Pat Conover, Dolores Dulick, and Jean Hudak, seniors.

12 Girls Vie For Queen

(Cont. from p. 1, col. 2)

the band, cheerleaders, and five finalists in the queen contest. Floats will be placed in alphabetical order by the entering organizations.

The Homecoming game will get under way at 2 p.m. Halftime activities will include crowning of the queen, entertainment by the band and twirlers, and awarding prizes for the dorm decorating contest. Prizes of \$15, \$10, and \$5 will be awarded on the basis of originality, creativity, and consistency with the theme of Progress. Each living unit will be responsible for financing their own decorations.

The informal dance which climaxes the weekend will be held

in College Hall from 9 to 12. Music will be provided by Matt Gillespie and his orchestra. Decorations have been planned along the theme of Progress at Moravian.

Five sketches of the buildings which represent progress at Moravian—Main Hall, student Center, College Hall, the new men's dorm, and the three fraternity houses—are being prepared by Joan Albrecht. A blue and gray crepe paper ceiling and 68 tables will be used. Decorating begins Thursday after the convention. The Alumni will serve cider and pretzels at the dance and the Comenius Day Art Exhibit will remain to decorate Rooms 9 and 10.

Smoking Regulations

NORTH CAMPUS

No smoking is permitted in classrooms, laboratories, or chapels, at any time.

Smoking in faculty offices will be governed by the faculty members concerned.

Smoking is permitted in dormitory rooms, lounges, and hallways.

SOUTH CAMPUS

No smoking is permitted in the building except in the places listed below:

1. Femcee
2. Lounges adjacent to the Femcee
3. Faculty offices, if faculty members permit it
4. Dormitory lounges
5. George Washington room, after 5:00 P.M.
6. Alumni room
7. Faculty lounge
8. Sorority rooms
9. Dining room, when ash trays are provided

Under no circumstances is a student permitted to smoke in a dormitory room or in any room on campus other than those specifically mentioned above. All violations of smoking rules are to be immediately reported to the Women's Dormitory Council.

Students are requested to acquaint themselves with the smoking regulations and to comply with them.

Elementary...

my dear Watson! From the happy look on your physiog, from the cheerful lift you seem to be enjoying, I deduce you are imbibing Coca-Cola. No mystery about why Coke is the world's favorite . . . such taste, such sparkle! Yes, my favorite case is always a case of Coke!

Gridders Ready To Face Undefeated P.M.C. Squad

The Moravian College football team will face the second of two tough opponents on two successive weekends when they travel to Chester, Pa. tomorrow to take on Pennsylvania Military College.

P.M.C. seems well set up with a veteran ball club that includes nineteen letterman back from last season. Thirteen of these lettermen are linemen who have combined in a rock-hard defense this season. In their three victories over Western Maryland, Wagner, and Wilkes, the Cadets have given the opposition little ground in either rushing or passing.

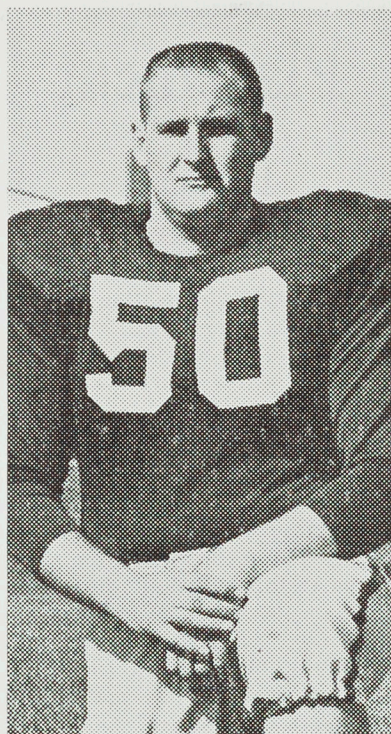

Balanced against this strong record is Moravian's own potent forward wall and the desire to bury the Cadets who the Hounds have not beaten in two years.

An injection of youth will spark the Moravian Backfield along with the return of two injured veteran halfbacks. Ron Myers, a freshman speedster who

has shown will this year will be teamed with Joe Esposito, the Hounds leading ground-gainer, at halfback. Ready also at halfback will be Bill Hershey and Jeff Gannon who were both suffering from leg injuries.

Rounding out the starting backfield will be seniors George Hollendersky and Tony Matz at fullback and quarterback, respectively.

The line will be also at full strength with Paul Noonan and John Olson at the ends, Jim Kritis and Mike Payonk at tackle, Gus Rampone and Bob Haney at guard, and Fred Lipari centering the ball.

FALL FOCUS

Bob Haney—Guard

Bob Haney is the topic of this week's Fall Focus. A commuter from Hellertown, Bob is 24 years old 6 feet 1, and weighs 220 lbs.

While attending Hellertown High School, Bob participated in four years of football and two of baseball. Upon graduation Bob enlisted in Uncle Sam's Marine Corps. During his four years hitch he played tackle for the Marine Corp's football team at El Toro California.

Bob is a second semester junior and is majoring in Business Administration. He has played the right guard slot of Coach Calvo's Greyhound squad for the past two seasons, this being his third.

Besides being an active bowler during the winter months, Bob plays the trumpet. He is a member of the Varsity "M" Club, Teke Fraternity, and EBA (Business Fraternity).

When asked for a comment on the PMC game, Bob replied, "They will be tough. If we play good heads-up football, we'll beat them."

Indians Trounce Hopeful Greyhounds In 28-6 Rout

The state's longest winning streak was held intact last Saturday, as the Juniata Indians scored their 15th consecutive victory, defeating a determined but under-manned Greyhound eleven. In turning back the Greyhounds, 28-6, the Indians also scored their 25th straight home victory.

The Indians salted the game away the first time they had possession of the pigskin. A George Hollendersky kick to open the game rolled out of the end zone and the ball was placed on the 20. A third down pass from quarterback, Dave Goodling to end Ken Opiery netted the Indians a first down and ten on the Moravian 37.

Another pass, this one on the fourth down, placed the ball on the five. Two plays later Joe Sopata bulled across for the score. Bill Berrier kicked the extra point and for all purposes the game was over.

After an exchange of punts, a budding Greyhound drive was stopped by a tough Indian line. Minutes later, Jim Kritis, Hound tackle, fell on the second of two Juniata fumbles and the Greyhounds had the ball on their own 28. They marched 25 yards only to be stopped again.

The Indians gained possession on the 33 when they partially blocked a punt by Hollendersky. Short gains by halfback Bob Skill and Berrier gave them a first down on the 48. Stan Walasik skirted the end for 16. Berrier climaxed the march by deftly evading would-be tacklers on his way to pay dirt. Goodling added the point and the first half ended

with the Greyhounds on the short end of a 14-0 score.

Neither team made much headway in the third period until John Olson, Moravian end, recovered an Indian fumble on the Moravian 47. Joe Esposito carried to the 49. Freshman scatback Ronnie Meyers scooted 37 yards to the Juniata 12 for a first down.

Indian Coach Kenn Bunn, reinserted his first team. His move looked like the right one as they held the Greyhounds for 3 downs. However, a fourth down Matz to Esposito pass broke Moravian into the scoring column. The two point run play failed.

Long took Hollendersky's kick-off on the 15 and returned it to the 40 to start Juniata's third touchdown drive just as the third period ended. The Indians drove to the Greyhounds 35. A Goodling to Krause pass placed the ball on the 23. Walasik galloped through a tremendous hole provided by the Juniata line and again the Indians struck paydirt. Berrier booted the point.

After Moravian could move the ball only to its 33, Hollendersky punted and Juniata took over on the 45. With Berrier and Walasik lugging the pigskin, the Indians marched for their final tally. Berrier plunged over from the two to climax the drive. Goodling split the uprights.

The game ended with Juniata in possession of the ball after intercepting a pass from Hound quarterback, Nick Cuttic.

The Juniata club were small in size but great in numbers. They were able to substitute freely due to their more than adequate reserve strength. However, Moravian, for the most part, had to stick to its starting line-up due to their depth problem.

The Benchwarmer

by Neil Eskolin

Gone but not forgotten is the 1958 baseball season, and more recently the World Series. I'm sure you'll all agree that the Fall Classic this year was about the most exciting you can remember. Whoever thought on that Sunday night when the Braves held a bold 3-1 lead that the Yanks would sweep three straight. A lot of New York fans were hoping it would happen, but few actually expected to see such a near miracle. But they did it, to the cheers on many (me included) and the disappointment of others. In any event, the Braves played a great series with Spahn and Burdette looking superb. But the Yanks played better. Casey Stengel summed it all up very well when he commented, "Now we can play in the National League."

Hopes for an undefeated season were lost for Moravian last week. The Indians of Juniata really looked like a ball club that

owns 15 straight victories and only one loss in five years. The size of the players was not so great as only four men on the squad tipped the scales at 200 or better. But, the size in numbers was very impressive. They had four full teams and then some. When the first string tired, they were able to put a whole new team on the field without losing much strength. The Hounds, however, were not in such a position. They put up a good fight during the first half but then they tired. Their pass defense and sub-par tackling also helped to tell the tale of disaster.

Tomorrow the Hounds take on a P.M.C. club that doesn't promise to be too powerful. Even though the Cadets defeated Wilkes last Saturday, 20-14, this doesn't say much for them, as we have seen that Wilkes is not top flight competition this year. Look for Mo-Mo to pull one up in the win column by a rather comfortable margin, possibly 28-12.

Some of Moravian's other opponents fared well last week. Muhlenberg pulled a surprise victory over the Temple Owls by a 21-18 margin. The season's finale with the Mules should prove very interesting. Also last Saturday, Lebanon Valley, our homecoming opponents, beat Upsala 16-6 and Hamilton College topped the Wagner Seahawks 20-13.

What did you think about the Army-Notre Dame Game last Saturday? Look for the Cadets to be the number one team in the nation by the end of the season. How about Columbia shutting out Yale 13-0. The win broke Columbia's 10 game losing streak. Another surprise was the Texas (15) Oklahoma (14) game. It was only the Sooners second loss in 54 games.

It looks as though it's time to stick my neck out again with a few predictions. (The one about the Yankees wasn't too bad was it?) Look for undefeated Army to smear Virginia by at least five T.D.'s. Notre Dame despite its loss to mighty Army should ease past Duke without much trouble. Oklahoma should bound by Kansas, who scored their lone T.D. of the season against Iowa St. last week for a 7-0 win. The Wisconsin-Iowa game should be close but Wisconsin will probably come out on top. Well, that's enough for now.

See ya on the bench.

HEY! WHO'S GOT THE BALL? Mass confusion is the result of one of the plays during Tuesday intramural game between the OGO's and the Upsetters. The game, highlighted by the quarterbacking of Gene Jani, was a lopsided decision for the OGO's, 21-2. Jani connected for three touchdown aeriels, two to Hunter Matthews and one to Barry Gaal.

The intramural football season got underway on Monday as the Seminary ckd out a 7-0 victory over the potentially powerful passing attack of the Irish. Lou Thomas, Dick Steiner, and Pete Hauptert provided the offensive strength for the Seminarians.

Harriers Drop Ist Meet; Terry Paces Hounds

Wendell Terry, Moravian's freshman running sensation, captured the individual first place last Saturday at Huntingdon, Pa. when the Greyhound harriers met and were defeated by the Juniata Indians, 20-35.

Terry, who set a course record in Chester, Pa. against P.M.C., was four seconds off the Juniata course record, running the 4 and 3/10 mile cross-country course in 23:52. Juniata won the meet by placing finishers from second to sixth position.

Moravian will meet a tough Lafayette team tomorrow in its first home meet.

The two squads last Saturday finished as follows: Wendell Terry (M) 23:52; Don Layman (J) 24:21; Herb Deucher (J) 24:35; Galen Heckman (J) 24:48; Bill Lefe (J) 25:01; Ed Smith (J) 25:08; Jim Worman (M) 25:48; Ray Herman (M) 25:57; Hank Sunyak (M) 27:07; Dick Gross (M) 27:13.

wall feasible and would decide to go ahead with that project.

The brown enclosure in the center of the front of Colonial Hall has been constructed with two windows to enable spectators to view the progress. A bulletin board type of sign will be placed between these, explaining what is taking place. A light in the enclosure will enable the public to see the work on the wall.

The development director also stated that these structures would remain intact possibly from six to eight weeks, or, if construction is delayed, until the spring months.

VP Voting . . .

(Cont. from p. 1, col. 5)

The main discussion of the meeting revolved around the proposed 1958-59 budget. A total of \$17,448.33 has been allocated for distribution among thirteen student body organizations.

The Board of Arts, composed of Alpha Psi Omega, The Comenian Literary Society, and the Blackfriars, has been allocated a total of \$70.34, to be distributed as follows: Alpha Psi Omega, nothing; Comenian Literary Society, \$25.; and Blackfriars, \$45.-34.

Board of Publications

The Board of Publications will receive \$9,351.24, to be divided among **The Comenian** (\$3,203.85), the **Benigna**, (\$5,000.), and the **Manuscript** (\$285.90). The discrepancy in the total here is comprised of funds needed to cover the **Freshman Handbook** and new photography equipment.

The Campus Christian Association has been allotted \$43.09, the Modern Language Club, \$59.; the RAU Science Club, \$45.56; the Religious Activities Comm., \$71.70; the Women's Activities Committee, \$126.42; the Social Activities Committee, \$5,147.75; the Women's Athletic Association \$105.; the Spelunkers \$97.95; and the Political Activities Club, \$350.

Music Budget Tabled

The budget for the Music Board has been tabled until the next meeting, pending a motion to give the organization an additional \$2,000 to be added to an original \$1,049.28 allocation.

Nine hundred and thirty-three dollars had already been allocated for the concert-lecture as the result of a previous vote.

The budget which was submitted for approval had been whittled down from an original total of nearly \$23,000., the sum that had been asked by the above-mentioned organizations. It was brought to its present proportions with practically no financial harm done to the organizations involved, Prorok said before presenting the allocations.

Class Dues

Other business covered in the two and a half hour meeting concerned naming Sandra Kromer to the Elections Committee to fill a vacancy, and a motion by Paul Meilinger, President of the Political Activities Club, that the USG adopt a plan by the Senior Class to establish a file of students' names regarding payment of class dues. The file would include information regarding the amount paid each year, and would be handled by the respective classes. The motion was passed.

Trustees Receive Meeting Reports At End Of Week

The Moravian College Board of Trustees' meeting will convene on Thursday and Friday, the 23rd and 24th of this month.

Tentative plans of the group include meetings, which will take place in the Archives building, at which the members along with the wives of the local trustees will be present. On Thursday afternoon a tour of Main Hall will be conducted at which time tea will be served followed by a committee meeting in the evening. On Friday morning the last session of the Board will be held.

In the report which is to be made to the board will be the fact that this year an all time high of \$99,434 has been received in annual gifts to the institution. This amount compares to the \$59,000 which was received the previous year.

It will also be stated that the total enrollment of the college has reached 783. There is also an enrollment of 34 in the theological seminary.

In the area of admissions, 814 applications were completely processed by the admissions office. The number of new students who enrolled in September totals 274. Of this number, 225 students were freshmen of which there were 75 women and 150 men. It will also be noted that the number of women dorm students outnumbers the day students 39 to 36.

Fund Nearing Goal

An amount of \$1,042,900 has been raised toward the goal of \$1,050,000 for the Development Fund. Included in this amount is \$124,582 from the spring campaign in the Southern Province.

Physical improvements to be discussed include parking, final grading of the lower field at Mauch Chunk Road, and the lowering of the football bleachers into the hillside east of the football field.

It will be reported also that according to the spring semester graduating term, the academic average of the freshman class was 2.18; of the sophomore class, 2.36; of the junior class, 2.71. The entire student body average was 2.42.

Kovach And Rabovsky Artists At Ballet Performance Oct. 25

The Community Concert Association will present Nora Kovach and Istvan Rabovsky and their dance ensemble on Saturday Oct. 25, at 8 p.m., in the Liberty High School Auditorium.

Kovach and Rabovsky have been hailed all over Europe and in North and South America as two of the most exciting ballet dancers in decades. They were born in Budapest and trained in Moscow and Leningrad, making their first American debut on Ed Sullivan's "Toast of the Town."

Five years ago these two dancers made their escape to West Berlin, and audiences of today have admired the technique and charm of this couple, while remembering the exciting and human story of their leap to freedom.

Included in the ensemble is Sonia Aroua, winning international recognition as a featured ballerina with "The Ballet Theatre," and Job Sanders, a native of Holland who has performed in a series of hit Broadway musicals and with "The Ballet Theatre."

Also included is a two-piano team, who with others will present a program of the most brilliant highlights from the World's Great Ballets.

Students desiring to attend should bring their concert cards, which also entitle them to admission to all 1958-59 presentation of the Easton Community Concert Association.

Fraternities To Continue Use of Activity Periods

Dean Halcyon Sartwell stated this week that there are no plans at present to stop fraternities from holding meetings during activity periods Tuesday and Thursday.

French lessons belong in a notebook, not on your French cuffs. You just may forget to transcribe them before they go to the laundry. You'll avoid that last minute panic before the final by having everything neatly recorded in our roomy composition books, sturdy zipper binders and clean white filler paper. Good supplies mean good study habits . . . so begin this year right by stocking up early. Stop by and shop our complete selection for all your school needs.

COLLEGE SUPPLY STORE

Because sororities meet on Monday evenings, there have been rumors that fraternities would be asked to schedule their meetings in the evenings, too. Dean Sartwell believed the possibility of holding evening meetings had been discussed by the fraternities. "As so many fraternity men have full or part time jobs," she said, "it is understandable that they would want to hold daytime meetings."

Dean Sartwell added, "I would, however, like the fraternities to put their meetings on the college calendar so that other organizations will not schedule conflicting meetings. This," she noted, "was the original purpose of starting such a calendar, and two of the three social fraternities have complied with the request."

"The only time I would refuse to place a daytime meeting on the calendar," she said, "would be if it conflicted with a previously scheduled event which involved a large number of students."

Needs Elected President Of Frosh Class

William Needs was elected president of the 1958-59 freshman class. The elections were held on Oct. 13 and 14 in Comenius Hall.

Elected to serve with Needs were: vice-president, David Coe; secretary, Ann Hotel; treasurer, Barbara Brunner; and USG representative, Barbara Hooper.

Needs is a resident of Dover, Ohio. He is a pre-theological student at Moravian and is also president of Colonial Hall.

Coe is from Ocean City, New York. A business administration major, he is a member of the Greyhound football squad.

Miss Hotel, a two year secretarial student, lives in Baltimore, Maryland.

Miss Brunner, who lives in Billmore, New York, is an English Major.

Miss Hooper comes from Lake Mills, Wisconsin.

Johnston Hall . . .

(Cont. from p. 1, col. 5)
manager of diesel engineering and sales, and later supervised the design and production of diesel engines at an Elizabethport, N.J. plant.

During the Second World War he was vice-president in charge of the Shipbuilding Division, receiving in recognition the Presidential Certificate of Merit for Outstanding Service and the Vice Admiral Jerry Land Medal of the Society of Naval Architects and Marine Engineers.

A graduate of Brown University, Mr. Homer is a life trustee of the university, and was awarded the LL.D. degree by his alma mater in 1947. Alfred University honored him with a similar degree in 1952.

Jesse Vernon Honeycutt, a member of the board of trustees of Moravian College, is vice-president in charge of sales and a director for the Bethlehem Steel Corporation. He is a native of North Carolina and came to Bethlehem in 1914 to find a job in the Bethlehem Steel mills.

A graduate of Catawba University, Salisbury, N.C., and Kings Business College, Charlotte, Mr. Honeycutt's Bethlehem Steel career progressed to the Steelton plant, and through the Philadelphia sales office, back to Bethlehem where he was made vice-president in 1954.

During World War II he served as assistant director in charge of production, Steel Division, War Production Board, and was awarded the American Iron and Steel Institute-Certificate of Recognition for his services.

Citations for the degrees will be delivered by Dr. Walser H. Allen, Dr. F. P. Stocker, and Bishop Kenneth G. Hamilton.

The undergraduates who will receive their degrees at this Academic Convocation are: Warren L. Ziegenfuss, III, Allentown, B.S.; James Yenser, Allentown, B.S.; Barry Wentz, Slatington, B.S.; John Walker, Bethlehem, B.A.; Francis Toner, Bethlehem, B.A.; Pauline M. Seyer, Bethlehem, B.A.; Michael Ripic, Schneeksville, B.S.; Merritt C. Pearson, Hellertown, B.S.; Hatsuko M. Ono, New York City, B.A.; John B. Mumie, Bethlehem, B.A.; Charles E. Gunke, Bethlehem, B.A.; and Joanne Boyer, Northampton, B.S.

New Tables Purchased For North Campus Refectory

Fifty new formica-top tables have been purchased for use in the two north campus dining rooms located in the Refectory.

Mr. Jim Frey, manager for Slater Food Service Management Service of Philadelphia, North Campus caterers, stated that the tables were purchased by the Slater company with a bequest from the Abbott Dairies Foundation of Philadelphia.

Frey also stated that place mats are on order. These mats will replace the white table cloths which had been used prior to the arrival of the new tables. However, Frey mentioned, the table cloths will be used for the Sunday noon meal and for the special dinners marking the beginning of vacation periods.

The size and color of the tables were determined by the decor expected to be found in the cafeteria of the new student union building, Frey said, as the tables will be moved to the cafeteria when that structure is built.

The tables are arranged in groups of two each, each group seating eight men.

The large wooden tables, formerly used in the two dining rooms, have been disassembled and the pedestals from them will be used as the bases for new formica-top tables to be placed in the Emcee extension in the basement of Comenius Hall.

Sunday Services Underway In Borhek Chapel

Moravian College initiated Sunday worship services on North Campus last Sunday at 11 a.m. The new college Chaplain, Rev. Henry A. Lewis, conducted the service and gave the sermon. The service will be held each Sunday for a number of weeks.

The services will also feature a student choir. The organist for the services will be seminary student, Kenley Burkhart.

Rev. Lewis states that it is his feeling that since there is a growing number of resident students, it is wise to provide Sunday worship on our own campus where students may not only worship together, but may also take a responsibility in the carrying out of the worship services. This is the first time in the schools 150 year history that Sunday services have been offered on a weekly basis, although services have been held occasionally in past years.

I-F Council To Set Up Uniform Fraternity Rules

The Interfraternity Council has scheduled a meeting, tentatively for Tuesday, October 21, to discuss and to draw up a list of rules pertinent to social and academic aspects of fraternity life.

The meeting will be attended by the presidents of the three campus fraternities, their advisors, and members of the council. The results of this meeting will be submitted to Harvey Gillespie, Dean of Men, for approval.

The purpose is to establish a uniform set of regulations, resembling the present dormitory code, to apply to such areas as quiet hours, social functions, etc., in the three fraternity houses. Two fraternities secured new houses this year.

At a meeting of the Interfraternity Council held October 7, curfew hours for fraternity social events were established. Weekdays, curfew was set for 10:30 p.m., and for Fridays and Saturdays, midnight.

It was expected that the administration would approve of any properly chaperoned party held at the fraternity houses, said Dominic Nolfa, Interfraternity Council president.
