College To Graduate 136 at Commencement

Gillespie States Dormitory Rearrangements For 1959

Plans are being made to provide temporary housing for men students in September if the new dormitory is not completed. Meanwhile Clewell Hall, which has been used as a men's dormitory, will be prepared for use as a women's dormitory. The freshman section of the new men's dormitory will be ready for occupancy in September.

Harvey T. D. Gillespie, Dean of Men, said early this week, "We expect the men's dormitory to be completed before classes begin in September. The building is behind schedule, but the contractors have promised to put extra men on the job."

However, he added, "in the event the new building is not finished, we are also arranging for emergency housing in existing buildings" so that there will be rooms for all students who desire one.

Usable Areas

The areas which may be used include the fourth floor of Comenius Hall, South Hall and West Hall. When the new dormitory is completed, these areas will not be used as dormitory space.

Gillespie also announced that the Omicron Gamma Omega fraternity has been given permission to form a group living arrangement in the new dormitory. They will occupy one floor and part of another in the upperclass section.

About 35 to 40 sophomores, juniors, and seniors will occupy the remaining rooms in the upperclass wing. The Sigma Phi Omega house, Tau Kappa Epsilon house and the third floor of Colonial Hall will also be used for upperclassmen.

(Cont. on p. 8, col. 3)

Snyder Reports Progress On Student Union Project

Robert P. Snyder, director of development, announced this week that plans for the student union building are progressing satisfactorily. He reported that an agreement has been made with the architect, who will visit the campus during the next few weeks.

The architect is George K. Trautwein of Trautwein and Howard, Architects, Philadelphia.

The architect has been presented with a copy of the Porter Butts report, containing a detailed outline of the facilities to be included in the new building. Porter Butts, of the University of Wisconsin, is the planning consultant for the project.

By the fall, Snyder said, the architect will have completed general, preliminary drawings. It will take about six months, he estimated, before final detailed plans will be completed and about six weeks after that before a contractor's bid will have been accepted.

Snyder also reported that the site planners have received "photogrametric reports," which

Quorum Lack Hinders USG Proceedings

The lack of a quorum of student representatives prevented any action at the final meeting of the United Student Government held Tuesday night on South Campus.

Eight Organizations Delinquent

President Peter L. French then announced that the following organizations are now delinquent due to three or more absences: the senior, junior and sophomore classes, the Board of Publications, the Political Activities club, the International Relations club, Kappa Delta Epsilon education sorority, and the Women's Athletic Association.

The status of these organizations will be considered at the first USG meeting next semester, according to French.

French pointed out that the number of organizations which are now out of USG or whose status is pending, seems to indicate certain deficiencies in the present USG constitution.

Joan Albrecht, USG Secretary, reported on the action of the

(Cont. on p. 9, col. 5)

Insurance Plan For Students Is Expanded

The Moravian College student insurance plan will be available to all students during the summer months, and in the fall will increase its coverage, according to Charles Kuhn, college controller.

Kuhn stated that all students will receive a folder describing the extension of the plan during the next few days. The cost for the extension is \$5 and the time covered will be the four summer months of June, July, August and September. Students presently enrolled in the program are covered only until the end of the school year.

All those who desire to extend their coverage under the plan, must fill out the form included in the folder, and return it along with the \$5 to the college business office prior to commencement.

(Cont. on p. 10, col. 2)

Temple Takes MAC Crown On Late Rally

The Greyhounds of Moravian, champions of the Northern Division of the Middle Atlantic Conference (MAC) traveled to Philadelphia last Wednesday and lost 8-6 to the Owls of Temple, champions of the Southern Division, and now residing champions of the MAC.

With the Hounds trailing 8-5, John Bowman opened the 9th inning with a walk. Russ DeVore pinch-hitting for shortstop, Hal Rice, hit a chopper to the second baseman who had trouble getting the handle on the ball and let it roll into right field permitting Bowman to advance to third.

With runners at the corners and no one out, Lou Klucharich, who entered the game in relief the previous inning, became Temple's relief pitcher, Bob White's 10th strike out victim. Bill Hershey then singled to left, his third hit of the game, to bring in Bowman with the sixth run.

With runners at first and second and one out, Charlie Gilbert took a third strike (White's eleventh victim) and George Hollendersky grounded out to the Owl's second baseman to end the game.

The Owl's exploded for three runs in the bottom of the eighth inning off pitcher Bill Hershey to take an 8-5 lead.

(Cont. on p. 7, col. 1)

Dean Halcyon Sartwell has requested that all student organization information sheets be returned to her office before May 29.

Reception Will Follow; Hauptert Plans Open House

Revised figures released by the publicity office indicate that a total of 127 degrees and nine secretarial certificates will be awarded at Commencement exercises to take place in Johnston Hall at 3 p.m. Sunday, June 7.

A full academic procession to be led by Marshall Dr. Alan F. Herr, professor of English and chairman of the English department, will form in Comenius Hall and march to Johnston Hall at 3 p.m. that day. The procession will consist of all administration and faculty members and members of the graduating senior class.

Following the Commencement exercises, a reception in honor of the degree recipients will be held in Johnston Hall rooms 9 and 10.

College President Raymond S. Hauptert will be at home from 8-10 p.m. Saturday, June 6, to greet seniors and their families.

Baccalaureate by Rev. Yaeck

Rev. Milton A. Yaeck, minister of the Emmaus Moravian Church, will deliver the baccalaureate address in the Central Moravian Church at 11 a.m. on the morning of June 7. He will receive the honorary degree of Doctor of Divinity at the Seminary Commencement on Sunday, May 31.

Following the Commencement exercises, a reception will be held on the South Campus. College President Raymond S. Hauptert will be at home to meet seminary students, graduates, and their families from 8-10 p.m. Saturday, May 30.

Rev. Wolff, currently pastor at the Lake Mills, Wisconsin, Moravian Church, was born in Europe and received his theological edu-

REV. WOLFF

cation in Germany. During 1924-25 he attended the Moravian Theological Seminary. He is noted for his activities as a pastoral counselor. His other pastorates have included the Bruderheim Moravian Church, Alberta, Canada.

(Cont. on p. 9, col. 4)

Registration Deadline Set For June 15th

Final deadline for summer school registration will be noon June 15. All fees must be paid by that time.

Registration must be completed by noon in order to give the faculty time to decide upon the courses to be definitely offered during the summer.

Classes on the 15th will meet in the afternoon instead of the morning. On all other days classes will meet from 8-11 a.m.

George Tyler, director of the summer sessions program, said that quite a few students have registered since last week's notice. He added that students may pick up their forms from Mrs. Solt in the reception office and leave their "declaration of intention" with her, or, they may turn them in directly to him in his office.

Then There's Next Year . . .

There is always the temptation to begin sentimentalizing when one reaches the end of the year, but that probably would serve no other purpose than to have the reader move on to another page.

But then there's always next year. Many of the faces around the campi will be new and many of the features of the campi themselves will appear differently, but some of the old problems will still be there. Maybe they can be solved next year by thinking about them now; who knows?

There has been a lot of talk about the abandonment of the hazing program as it was when we entered college, but it is encouraging to see that at least some of the students are willing to take a mature view of this matter, and not behave like a bunch of overgrown high school kids. Let's hope the USG freshman regulations committee gets the support of all the students and that we can begin to have a truly constructive mature freshmen orientation program.

Then there's the seemingly growing problem of what will happen to the USG after all the member organizations are evicted because they have missed too many meetings. This all points out that there is something very wrong with the present USG representation system under the present constitution. The matter needs serious study by USG officers and students alike, and maybe even a new constitution. This should be first on the agenda come the fall semester.

Sometime next year there will be a Religious Emphasis Week. It would be nice if those concerned with advanced planning would begin thinking about this problem now. Then perhaps we could have a religious program for this week, one geared to the level of the college student, whose main religious activity seems to be doubting.

Last year's Inter-fraternity weekend was a successful one. However, let's not stop there. There is room for vast improvement in the sphere of the activity and authority of the council and let's hope next year brings it. The same may also be said of the seldom heard from Inter-sorority council.

The Blackfriar's recent production was an enjoyable one for the few who attended. Perhaps next year the group will be able to overcome its "difficulties" a little earlier in the season and put together two or more productions. This would not only increase the enjoyment for the members, but would also spread the group's reputation on campus and result in larger audiences.

Then there's that perennial sore spot at the fall football games, the college band. It seems to have the musicians. Perhaps a director who could inspire the necessary decorum at rehearsals is needed to shape the group into something other than a source of embarrassment.

And then there's . . . well, we're none of us perfect. Every group of any nature on the campus can stand improvements, as can the faculty and administration. All we can do is keep trying.

Let's hope that we all take advantage of some of the possibilities next year offers. After all, we might even have a tennis team that wins!

Coffee Klatsch

by Nancy Baker

And another Friday a.m. For the last time this year The Comenian hits the tables! (stands? tables!) Do you realize that the classes you attend today will be the last of the year? It's uncanny! The year has run down like a tired clock. And what's left of our coffee klatsch is an empty cup, a cheap green glass ash trap with two cigarette butts in it, and a paper cup with lipstick on the rim. I'm being pessimistic.

Things I've heard this week that lead me to wonder—

Why were Dr. Hauptert, Dr. Heller, and Dr. Burkhart pushing a Cadillac down an alley in New York City late one night last week? Ask anyone along on the "J.B." trip.

What happened to the social structure around here last weekend? People were changing partners like kids at a broom dance.

Another end-of-the-year note. Someone around here deserves a lot of credit for the excellent Blackfriars' production of the "Bad Seed." Hats off to Griff Dudding for keeping the group together, thanks to Professor Rights for directing the group at a crucial moment, and congratulations to the whole group for a fine job.

Note: Did you realize that the hens in Bethlehem laid 17, 910 eggs in 1734? This amazing bit of info showed up in Ed Snyder's seminar paper. Where do you suppose he ever found that out?!

Best wishes to Judy DeBray. She's wearing a fraternity pin nowadays. I was going to extend advanced congratulations to all our campus couples who are preparing to take the big step right after graduation but there are just too many. Let's make it a sort of inclusive best wishes and congratulations to the whole crowd.

Barb Moening and Ted Le-korenos, June 6; Joan Border, June 13; Mary Ann Gingles and Bob Boyler, June 13; Karen Roggenkamp, June 20; Nan Gingham, June 20; Jerry Heintz, June 13; Alice Greenberg, June 16—AND ALL THE REST!

Enough of the campus gossip. Let's do something constructive for a change. Two days after tomorrow finals begin. In view of the momentous event, I have prepared a few helpful hints and reminders.

1. Have you stocked up on fruit juice, candy, crackers and instant coffee?

2. Are your term papers all finished and that \$10 library fine

(Cont. on p. 3, col. 4)

With this edition, The Comenian suspends publication until September 25. The staff expresses the hope that its readers will experience an enjoyable and profitable summer season. So goodbye.

LITTLE MAN ON CAMPUS

Plan For College Organization Is Discussed In New Report

New York, May 18—Bold new thinking about how to organize and run a liberal arts college is called for by Beardsley Ruml in a report, "Memo to a College Trustee," being published today by McGraw-Hill Book Company.

This provocative treatise, prepared for and transmitted by the Fund for the Advancement of Education, asserts that if American colleges managed their affairs more effectively they could—without raising tuition fees—improve the quality of education and nearly double faculty salaries.

Among the more striking points in the "Ruml plan," which promises to arouse lively discussion on every college campus from New York to San Francisco and among past, present or future college students, are the following:

Total number of courses should be sharply reduced, academic deadwood should be cut away, and a better balance established between large and small classes.

The ratio of students to faculty should be increased and colleges, instead of priding themselves on having only eight or nine students per teacher, should accept a ratio of about 20 to 1 as normal.

Colleges should devise better means for organizing the curriculum and not leave this function at the mercy of conflicting pressures from academic departments.

Limited Lecture Course

A limited number of large and excellent lecture courses should be included in the curriculum, thus making it economically possible for every student to experience also some well-planned small seminar-discussion courses.

The old-fashioned recitation session has no place in higher education and colleges should encourage more independent study by students under faculty guidance.

The student's weekly classroom schedule should be cut from fifteen hours to twelve, leaving time for more adequate preparation and independent investigation.

Working conditions for faculty should be improved: weekly teaching load should be reduced to an average of about nine hours and ample time provided, including sabbatical leaves, for research, writing and professional development.

College budgets should be so managed that, to the fullest extent possible, money paid by students in tuition fees should go directly for faculty compensation.

Under the foregoing curriculum and budgetary arrangements, salaries of faculty members could be—and should be—partially doubled.

For most colleges, the key to higher salaries is to combine an

Lit Magazine Offers Poetry, Essays, Stories

The 1958-59 edition of the Manuscript, literary magazine of the college, will be distributed free of charge to students today. The 32-page pocket-sized pamphlet contains poetry, essays, and short stories written by students.

Winners of the three prizes of \$15, \$10 and \$5 for outstanding works published in the magazine will be announced at a later date.

The committee judging the selections is to consist of Mrs. Ella Louise Bassett and Robert T. Burcaw, Instructors in English, Richard R. Schantz, Assistant Professor of Music, Dr. Otis H. Shao, Associate Professor of Government, and Mrs. Marjorie R. Sherry, Associate Director of Admissions.

Items submitted to the magazine will not be judged solely against items in its own class (e.g. short story vs. short story) but will be judged against all other entries.

Here We Go Again People, Final Exams Begin On Monday!!

Except as otherwise indicated, all examinations will be held on the playing floor of Johnston Hall.

Morning examinations will begin at 8:30 a.m., and afternoon examinations will begin at 1:30 p.m.

'BAD SEED' FANS

CONTENTED play-goers leave the Arts Building after the last Friday night performance of "Bad Seed" produced by the Blackfriars. The successful drama was also presented on Thursday and Saturday nights at 8:40 p.m.

Photo by Borger

Beaupre Directs Talent Show Today 8 p.m., Johnston Hall

A pre-exam talent show under the direction of Mr. Walter Beaupre, assistant professor of speech and drama, will be held in Johnston Hall tonight at 8:00 p.m. The show will feature student soloists Russ Causley, James Harkel and Ronnie Ravel.

The entire Ensemble will participate in two numbers, "When the Saints go Marching In" and "Ja-da."

Vocal soloist Russ Causley will sing "Imagination," "Anything Goes," and "My Heart is an Ember" an original by Mr. Beaupre.

Female Vocalist Miss Ronnie Ravel will sing "I Should Care," "September Song," and "Gone with the Wind."

James Harkel, trumpet and trombone soloist, will play "Moonlight," "Bye-bye Blackbird," and "Pennies from Heaven."

Some of the other students performer in the talent show are: Joe Powlette trumpet and bass, Robert Sottile tenor saxophone, Anthony Morelli and Robert Orbin drums, Harriet Peters piano, and Robert Gumlock accordion.

Mr. Walter Beaupre at the piano and Mr. Jack Ridge, instructor in physics playing the trombone, will represent the faculty.

Dean Garaland, drummer and Ed Vogratz, accordionist will be a few of the alumni performing.

Beaupre said that, "The dress for the show can be informal with people wearing beat clothes if they wish. Anyone wishing can also bring along pillows and sit on the floor."

Administration Names Woltjen To Position

John Woltjen has recently been appointed Associate Director of Development of the college. A senior, he has filled this position on a part-time basis during the past year.

Woltjen is filling a vacancy created when Rev. Henry Williams became administrative librarian in September. He will be responsible for the Annual Giving Fund and the establishment of a Bequest Program.

To prepare for his new duties he will attend a two-week conference at Lake Chataqua, New York, this summer. The conference, which concerns college fund raising techniques, will be conducted by Bernard Taylor.

In his senior year Woltjen also served as chairman of the Religious Activities Committee, the USG Constitution Committee, and the Student Union Committee. He was elected to Who's Who Among Students in American Colleges and Universities and was president of Pi Mu Pre-theological Fraternity.

Revamping Is Contemplated For Comenius Hall Facilities

Several relocations of administrative offices are planned for the summer in order that three 50-seat classrooms be made available on the first floor of Comenius Hall. Also, as previously announced, the library reference and reading rooms will be moved to the basement and main floor of the Arts Building.

The business office and admission and registrar's office will be relocated on the first floor of Colonial Hall, presently a freshman men's dormitory. The dormitory will be vacated by the men now living in it, and the incoming freshman men will occupy the new dormitory now being built.

As now speculated, according to Robert P. Snyder, director of development, the top floors in Colonial and Comenius Halls will be retained if necessary for use by men dormitory students.

Administrative Offices

In time, he explained, these areas will be used as administration and faculty offices, respectively. For the present, however, the president and dean will retain their present offices on the first floor of Comenius Hall.

South Hall, present home of the Omicron Gamma Omega fraternity, will be used next year as an office building for faculty members and campus publications. If necessary, part of it may be retained for use as a dormitory.

Snyder explained that the reason for establishing the additional classrooms on North Campus is to alleviate the traffic problem and the crowded bus conditions resulting from the great amount of commutation now necessary between campuses.

Dining Service To Be Headed By Neiswender

Lear Neiswender, manager of the college store, has been appointed by the administration as Food Service Manager for the coming year. His new duties will include the retention of his present position.

As food service manager, Neiswender will coordinate the menus of both North and South Campus dining rooms and supervise the dining staff.

LEAR NEISWENDER

This action was taken upon announcement that the Slater System had been discontinued as the catering service in the North Campus Dining Room and that the college will assume the responsibility formerly held by that concern.

Neiswender will continue simultaneously his present duties in the supply store.

Blackfriars Elect; Discuss New Locations

Cynthia Geiman was elected president of the Blackfriars at a meeting held last Tuesday afternoon in the Arts Building. Locations for the organization's dramatic productions of next year were also discussed.

Other officers elected include Linda Waters, secretary; Bernard Staller, treasurer; and Sandra Kromer, USG representative.

Miss Geiman, a resident of Bridgeport, Conn., is a sophomore majoring in English. She is a member of The Comenian staff, the girls' hockey team, and Phi Mu Epsilon sorority. She appeared as Monica Breedlove in the recent production of "Bad Seed."

An elementary education major from Clementon, New Jersey, Miss Waters in a member of the freshman class. She is a member of the Campus Christian Association, the Political Activities Club and the girls' hockey team. She appeared as Mrs. Daigle in the recent Blackfriars production.

Staller, who is a sophomore pre-med major, is on the staff of the

(Cont. on p. 10, col. 4)

Hound Athletic Teams Win 50, Lose 31 During 1958-59 Season

Diamondmen, Wrestlers And Cagers Are Year's Standouts

Moravian College's athletic teams during the 1958-59 school year gave the college its sixth consecutive year of successful sports with a combined record of 50 wins and 31 losses. Six of the seven teams had winning seasons, as the tennis squad was the only team which had trouble getting into the winning stride.

As of Tuesday, the golf team still had a match remaining with St. Joseph, the tennis squad had two matches with Wilkes and Ursinus, and the baseball team four, with Temple for the Middle Atlantic Conference Championship, with Ursinus, and a double header with Albright.

Coach Paul Kuklantz's grapplers ended their second year of competition with a fine 8-1 slate. Led by freshman Bill Rinker and senior captain Bob Silvetz, with identical 8-1 records, the Hounds' lone defeat came at the hands of MAC champs, Wilkes College.

Outclassed Lions

The Hounds completely outclassed the Lions from Albright in the opener, 27-5. Falls by Rinker, Silvetz, and Charles Bartolet paved the way for the rout. Freshmen in the line-up included Rinker, Dave Cornelius, and Dan Turner.

December 11 saw Swarthmore being defeated by a 24-10 count. Again it was falls by Rinker, Silvetz, and Bartolet which helped provide the margin of victory. Other winners included Turner, Myers, and Rampone.

A 20-6 drubbing over PMC did not bring much cheer or consolation to the winning Hounds. The services of Charlie Bartolet were lost to all Moravian teams as he suffered a slight heart condition. Henceforth freshman Lew Rozelle was to wrestle heavyweight.

Undoubtedly, the big win of the campaign came against rival Muhlenberg. Rinker and Cornelius started fast with falls and Rampone clenched the meet at 177 on a 3-2 decision. Lew Rozelle gave the crowd a treat as he upended former MAC champ, Jerry Rehrig. Rehrig later disposed of Rozelle.

After disposing of Dickinson, the Hounds made it eight straight, six during the current season, by defeating Lebanon Valley, 19-9. Falls by Rinker and Turner plus wins by Silvetz, Cornelius, and Rampone sewed up the victory. Haverford was the next victim.

Out of Moravian's Class

The Colonels from Wilkes College proved to be out of Moravian's class as they completely dominated the Hounds by a 30-4 score. Only draws by Turner and Rozelle saved the shutout. Both Rinker and Silvetz saw their unblemished records come to a halt.

In the last meet of the year the Hounds completely overwhelmed Elizabethtown, 31-5.

Moravian's impressively strong wrestling team ran up against a host of powerful competition when they journeyed to Hofstra for the MAC championship. When the dust had cleared after two days of competition, Moravian's matmen had finished in seventh

place in the tourney.

The Hounds, though unable to score one first place, placed a man in the runner-up slot of the 177 pound class — senior Gus Rampone.

The Matmen are already looking forward to next season, one which should see six of the eight regulars back in uniform. However, the services of Silvetz and Rampone, the departing seniors, will be sorely felt.

The Moravian diamondmen, coached by Gillespie and assistant coach, Gus Garscar, to date have a terrific 12-2 record and are champions of the Northern Division of the MAC.

The baseball team opened the season at home with a 6-2 win over Franklin and Marshall. They then played Scranton away and came home with a 7-3 win. The next game saw the Hounds absorb their first defeat, 11-8, against a powerful Lafayette team although George Hollendersky and Bill Hershey homered, the latter's being a grand slam.

Gillespie's 200th Win

The next two games were at home against Drew and Wilkes and Moravian won both of them by 7-1 and 3-1 scores respectively. They then journeyed to Swarthmore and were upset by the tune of 5-4 against a lightly regarded ball club. This loss seemed to wake them up and they then ran off eight straight wins to cop the Northern Division title. Starting it off with a 5-3 win over Muhlenberg, Coach Gillespie attained his 200th win in his 20th year as baseball coach at Moravian.

The Diamondmen followed with victories over Lebanon Valley by a whopping 25-1, 7-2 over a strong Upsala team, 11-2 over P. M. C., and a 3-2 squeaker against Wagner to capture the division title and a non-league win over Haverford.

Leading the Hounds through to their terrific year were veterans Dick Chergey, Bill Hershey, George Hollendersky, Tony Matz, Jeff Gannon, Charlie Gilbert and newcomers Hal Rice, John Bowman, Fred Donatelli, Russ DeVore, Brian Hill and Lew Klucharich.

The Diamondmen had only three seniors on their terrific squad. Four-year veteran catcher George Hollendersky, who will be sorely missed, will be departing along with dependable Tony Matz, who has missed the last few games due to sickness, and Willie Wohlbach, a reliable substitute.

Winning Basketball Record

The Moravian College basketball team, coached by Rocco Calvo, closed out its 1958-59 season with an impressive 13 wins against seven setbacks. In Middle

Atlantic Conference play, the cagers had 11 wins and 4 losses and were in the thick of the battle for the Conference championship until near the end of the season.

Highlights of the 1958-59 season centered mainly around Ducky Potter's sensational shooting and fine team leadership and the cagers' seven game winning streak midway through the season.

Potter Outstanding

Potter, only a junior, had a seasonal total of 422 points for an average of 21.1 per game. He came into his own about half way through the season and near the end of the campaign he suddenly became a fixture on the Eastern College Athletic Conference weekly small college all-star team, being named for four straight weeks and at the end of the season being named to the All-East squad.

The Hounds, after the first five games, stood at 2 wins and 3 losses. They knocked off Haverford, Albright, Scranton, Elizabethtown, Lebanon Valley, Wilkes and Dickinson before being stopped in overtime by Wagner.

The cagers' two biggest and most impressive wins of the campaign both came against strong Scranton University. Moravian had the privilege of breaking Scranton's 16 straight homecourt victory streak by a two point victory at Scranton and had an impressive win over them at home.

The closest game of the season was the loss to Wagner in overtime which snapped the seven game winning streak.

Freshman sharpshooter Rice, junior Chergey who played his best game of the year against Scranton at home, and sophomore Leo Stinner, besides Potter, will return next year and comprise the cagers best potential.

Beat Rival Muhlenberg

The battling footballers, with their magnificent victory over traditional to-be rival, Muhlenberg, and the speedy Harriers, ending their season with four straight victories, turned a dismal athletic season into a bright one with promise for the future.

The Hounds opened with a victory over Wilkes by a 30 to 8 score. This victory was followed by three successive losses—28-6 to Juniata, 14-6 to Pennsylvania Military College, and 14-0 to Lebanon Valley on our rain-swept Homecoming Day.

They then rallied to defeat Albright 15-12. This was followed by a loss to Upsala (26-8), who walked off with the first Blue and Grey Trophy to be awarded to the annual winner.

The Hounds then treated a Parents' Day crowd to a perfect 34-6 win over Wagner. The season-ending 30-20 win over highly favored Muhlenberg proved to be the biggest win in many a year for Moravian football. The Hounds played perfect rough and tough football every minute of the game and compensated for earlier losses.

Fourth Winning Year

This season marks the fourth

The Inside Scoop

by Russ Simonetta

Moravian athletes enjoyed one of their best years in the history of athletics at the college during the past school year. Winning streaks, upset wins and outstanding performances seemed to be common occurrences during the year.

The Hounds upset football victory over Muhlenberg certainly was the biggest Moravian football win in many a moon. It might have been the victory that will put Moravian's football fortunes more in the Lehigh Valley spotlight.

Also, winning the big game of the season is what any team looks forward to, and the Moravian - Muhlenberg rivalry promises to grow by leaps and bounds in the coming years.

In basketball the word seemed to be Ducky Potter. Ducky, a team leader and a clutch scorer throughout the year, contributed more than his share to the Hounds' fine 13-7 record. His outstanding play earned him a berth on the small college All-East squad. The cagers had a seven game win streak during the season and their fine victories, as a team, over Scranton, can be considered as mild upsets.

Coach Paul Kuklantz, in his second year of coaching at Moravian had very successful cross country and wrestling squads. The cross country team won their last four straight meets. Freshman sensation, Wendell Terry, won seven out of the eight meets to establish a record that will stand for many coming seasons of cross country at Moravian.

The wrestlers had an eight meet winning streak during the season and a very pleasant surprise to Moravian athletic followers. Wrestling is a popular local sport and will increase in fan support during the coming years, especially if Moravian's wrestling teams continue at the early pace they have set.

The baseball team to date has an eight game winning streak and for the first time, Moravian's brilliant baseball record will contain a description of Moravian playing for the Middle Atlantic Championship.

The golf team closed a good year with six straight wins. The tennis team, taking a clue from the rest of the squads, also compiled a streak, only they were different. They have lost 11 straight. Of course, you can't win tennis matches without experienced tennis players.

Looking back over the year in sports was very enjoyable. However, it will be strange to Moravian fans next year when the athletic teams come trotting out onto the gridiron, court and playing fields without such dependable and familiar faces as Russ Causley, Nick Cuttic, Bill Davis, Joe Esposito, George Hollendersky, Joe Keglovitz, Lorenzo Martin, Mike Payonk, Gus Rampone, Tom Volko, Willie Wohlbach and Tony Matz. All of these men will be missed, especially Hollendersky, Rampone, and Matz, who did more than enough to earn their scholarships.

Good job men, it was a pleasure to watch your performances. In conclusion, it was a pleasure to write these last few columns. I sincerely hope Moravian's athletic teams will have good fortune in the coming years, and I will always remain a loyal fan.

Let's support our athletes!

Volkos Lead Linksmen To 5th Straight Victory

Tommy and Bobby Volko captured medalist honors with a 76 and 78 respectively as the Moravian golf team triumphed over Wilkes College, 12-6. The match was played on the Bethlehem Municipal course last Friday.

The Linksmen humbled a strong F & M club Monday on the Bethlehem links, 10½-7½. Tom Volko took medalist honors with a 73.

Wilkes summary:

Tom Volko (M) defeated Bob Januztko, 3-0; Bob Volko (M) defeated Joe Stralkis, 3-0; Gene Salay (M) drew with Pete Perog, 1½-1½; Buddy Soloff (M) defeated Ed Mikolitis, 2-1; Frank Solfka (M) defeated Bill McLaughlan, 2½-1½; Joe Fish (W) defeated Jim Kovacs, 3-0.

F & M summary:

Tom Volko (M) defeated Bob Sullivan, 3-0; Mike Reynolds (F & M) defeated Ducky Potter, 3-0; Bob Volko (M) drew with Jack Henkel, 1½-1½; Ken Mott (F & M) defeated Gene Salay, 3-0; Buddy Soloff (M) defeated Page Delaney, 3-0; Frank Solfka (M) defeated George Darrah, 3-0.

**Farewell Seniors
Good Luck!**

(Cont. on p. 8, col. 5)

Hounds Drop Title To Powerful Owls, 8-6

Strong Relief Pitching Plus Late Inning Rally Clinches MAC Crown For Temple

(Cont. from p. 1, col. 3)

Kromer led off the inning by nubbing an infield hit down the first base line. The Owl's Kisel then bunted. Hollendersky's throw to first was wild and the runners advanced to second and third.

Al Stain then followed with a line triple to right field to score both the runners. Hershey was relieved by Jim Gano who went to work and struck out the next batter, White. However he then issued a single to Buck which brought in the eighth run for Temple. Klucharich then relieved Gano and retired the side.

Moravian opened the scoring in the top of the first inning. After Jeff Gannon struck out, Bill Hershey singled to right field. Charlie Gilbert grounded out to second as Hershey moved on to second base. With two out, George Hollendersky singled through the middle to score Hershey.

The Hounds scored again in the second when Gene Jani produced

an infield single to short with one out. John Bowman then grounded to second where the Owl defender fielded the ball smoothly but threw into left field to allow Jani to score from first.

Temple then scored four in the bottom of the second to take the lead, 4-2. The Hounds came right back, though, in the top of the third to tie the game at 4-4. They even regained the lead in the fourth, 5-4 when Hershey doubled to score Rice who was on second. White then came on to relieve Don Flynn and whiffed Hollendersky to end the inning. The Owls gained their tying run in the bottom of the fifth.

White picked up the win for the Temple nine who now sport a neat 15-4 record. Hershey absorbed the defeat for the Hounds. His record now stands at 5-2. The Hounds in losing had their impressive win streak broken at eight games and the loss set their record at 12 wins against just three setbacks.

SPRING SPOTLIGHT

Hal Cole—Tennis

To round out the year we have in the Spring Spotlight, Hal Cole, a senior from Winston-Salem, North Carolina.

Hal is 22 years old, 5 ft. 8 in. tall and weighs 150 lbs. He is an English major and plans to enter the seminary next fall.

Attending James A. Gray High School in Winston-Salem, Hal participated in two years of football, J. V. basketball, and played number two man on the tennis team in his senior year.

At Moravian, Hal has been in Pi Mu fraternity, a member of the Elections committee, Religious Activities committee, the color guard in the band, and, of course, is capably holding down the number four slot on the tennis team.

When asked for a comment on the team, Hal said, "We hope to win at least one match before the end of the season."

HAL COLE

Tennis Men Eliminated In MAC Tourney

The two representatives of Moravian College in the Middle Atlantic Conference tennis tournament were eliminated in the first round of play last weekend.

Bob Lipkin and Les Lazarowitz ran up against rough competition and lost both their singles and their doubles matches.

Carl Witonsky of Albright defeated Lipkin, Moravian's number one man, 6-0, 6-2.

Lazarowitz played second-seeded Mike Predmore of Swarthmore who beat him, 6-1, 6-0.

Delaware's doubles team of Guiden and Jones decisioned Lipkin and Lazarowitz in their hard-fought doubles match, 6-3, 6-2.

The winner of the tourney was Lowell Latshaw of Lehigh. Latshaw, last year's eastern intercollegiate tennis champion, had little trouble sweeping through his matches without dropping a single set. He drubbed Kit Spahr in the finale, 6-1, 6-2.

Lehigh also triumphed in the doubles competition as Latshaw and Tom Earle defeated Smith and Predmore of Swarthmore, 7-5, 6-4.

FRED DONATELLI, Hound centerfielder, crosses plate after connecting for his first homer of the season. Russ DeVore (1.) waits to congratulate Donatelli while Haverford catcher disgustedly waits for relay. Hounds won 9-5.

Moravian Celebrates With 9-5 Victory Over Haverford

Moravian celebrated its official selection as Northern Division champion of the Middle Atlantic Conference (MAC) last Saturday by walloping Haverford, 9-5 in a MAC contest on the Greyhound diamond.

Dick Chergey made his first mound appearance of the year and pitched four innings before he was moved to first base in favor of freshman Jim Gano. Chergey left the mound with a seven run bulge but was in trouble throughout his four frame stint. Gano pitched creditable ball in his three innings and picked up the victory.

Gano gave way to Lou Klucharich in the eighth. Klucharich was tapped for four runs in the ninth before the Hounds finally wrapped it up.

Although Chergey was off the mound he was not out of the picture. In his four trips to the plate, he picked up three singles and drove in three runs to lead the Greyhound offense.

Moravian started its scoring with three runs in the first frame. Jeff Gannon walked but was forced at second by Gene Jani. Char-

lie Gilbert was safe on an error. Chergey drove home two runs with a single to left and he then scored the third run as John Bowman reached first on another error.

The Hounds added three runs in the second frame to sew up the contest. Fred Donatelli started it off with a line shot to right center which Rick Gillmore tried to shoe string. The ball skidded past and Donatelli romped home for his first four bagger of the year.

Russ DeVore drew a walk and Gannon singled. After a double steal, Jani grounded out, the runners holding. DeVore scored as Gilbert grounded out and Gannon crossed on a passed ball.

The Hounds completed their scoring with two in the fourth and one in the sixth.

OGO's Meet Veterans For I-M Championship

Omicron Gamma Omega went undefeated this year to take first place in the intra-mural softball league.

This week there was a playoff between the two top teams in the league. After regulation play there was a three-way tie for second place. The Jersey Boys, Vets, and Tekes all had 3-2 records.

Monday night saw the start of a single game elimination for second place. The Jersey Boys, who played errorless ball and hit as though they were in batting practice, trounced Tau Kappa Epsilon, 20 to 0.

Tuesday afternoon the tables were turned as the Vets, who the previous day were beaten by the Tekes 12-2, beat the Jersey Boys 22-17 in extra inning after being behind 11-1 in the 3rd inning.

The OGO's played the Vets in a best 2 of 3 series. The winner of this series received the I-M softball champion medal.

Gillespie, MVP's Honored At Annual Sports Banquet

The annual All-Sports banquet was held last Thursday evening in the South Campus dining room. A large group made up of Moravian's male and female teams, coaches, cheerleaders, band members, the athletic committee, alumni representatives and other guests enjoyed a fine chicken dinner before toastmaster William B. Miller carried on with the program.

After the various coaches made some remarks concerning their teams, Mrs. Emily Wallace, women's athletic coach presented the various awards to members of the girls' sports' teams. Vicki Kokolus was chosen the most valuable female player as well as "athlete of the year."

Following this, the seniors on the various squads were presented with blankets. Those receiving recognition included Russ Causley, Nick Cuttic, Bill Davis, Joe Esposito, George Hollendersky, Joe Keglovits, Lorenzo Martin, Mike Payonk, Gus Rampono, Dan Simon, Tom Volko, Willie Wohlbach and Tony Matz who was not present.

The most valuable player awards were then given by Charles Wagner and John Wil-

liams, members of the Alumni Association.

In cross country, the award went to freshmen Wendell Terry. In tennis, Dan Simon was feted. Ducky Potter received the award for basketball; Bob Silvetz was honored for wrestling, Tom Volko was the choice for golf and George Hollendersky was dually honored for his participation in both football and baseball.

Charles Bartolet, president of the Varsity "M" Club then presented the Varsity "M" award for outstanding work in the furtherance of sports at Moravian to Dean Harvey T. D. Gillespie, Director of Athletics.

The program was concluded with the singing of the Moravian College Alma Mater.

RECIPIENTS of the most valuable player awards at the All-Sports banquet on Tuesday are shown after the dinner. Standing (l. to r.) are Ducky Potter, George Hollendersky, Bob Silvetz, and Dan Simon. Seated are Wendy Terry, Vicki Kokolus and Tom Volko.

Schattschneider Is Elected Pi Delta Epsilon President

David Schattschneider was elected president of the Pi Delta Epsilon journalism fraternity last week. Other new officers are Ernest Pappajohn, vice-president; and Nancy Baker, secretary-treasurer.

Elections were held after the annual initiation dinner at Walp's Restaurant May 14.

Eight pledges were initiated into the fraternity in a ceremony held in the George Washington Room on South Campus before the dinner. Members are Griffith Dudding, Neil Eskolin, Nancy Gingham, Elmer Harke, Alan Lippman, Anthony Morelli, Pappajohn, and Rita Roseman.

An English major from Staten Island, Schattschneider is the editor of *The Comenian*. The former vice-president of Pi Delta, he is a member of Tau Kappa Epsilon, Pi Mu, and the choir. He was vice-president of his class in his freshman year, and has served as news editor and associate editor of *The Comenian*.

Pappajohn is a junior business administration major from Bethlehem. A Navy veteran, he is business manager of the *Benigna*, treasurer of Tau Kappa Epsilon, and Alumni Secretary of the Veterans Association.

The editor of the *Benigna*, Miss Baker is a junior English major from Benton, Pennsylvania. She is a reporter for *The Comenian*, a member of the Triangle Honor Society, and a member of Phi Mu Epsilon.

Education Group Elects Officers For Next Year

"A much more active program is planned for next year," according to Charles Bartolet, newly elected president of Kappa Phi Kappa educational fraternity.

Those elected to serve with Bartolet at a meeting held last Thursday include Joseph Iampietro, vice-president; Arthur Guerrieri, secretary; Stephen Viglione, treasurer; Fred Lipari, historian, and Richard Ruth, USG representative.

Outside Speaker Planned

In discussing the plans for next year, Bartolet also said that the group plans to have outside speakers address the fraternity. Advisor to the group is Dr. Joseph L. Hackenberg, professor of education.

Bartolet is a junior history major from Easton. He has been active in the Varsity "M" club, the men's hazing committee, and the football, wrestling, and baseball teams. He is also a dean's list student and a member of Tau Kappa Epsilon.

An elementary education major from Bethlehem, Iampietro is a junior. He is a member of the Veteran's organization, the football team and Omicron Gamma Omega. He has served as historian of the educational group.

Other Officers

Guerrieri, a junior, is from Bethlehem and is majoring in business administration.

Viglione has been re-elected treasurer of Kappa Phi Kappa. He is a member of the junior class, resides in Nazareth and is majoring in sociology. He is a member of the archeology club, the wrestling team and Omicron Gamma Omega.

A history major from Easton, Lipari is a junior. He served as treasurer of the Varsity "M" club, and is on the football team. He is a member of the Inter-fraternity council and Omicron Gamma Omega. He is also the vice-president of United Student Government.

Ruth, a Bethlehem resident, is a sociology major. He is a cheerleader, a member of the dormitory council, and a member of Omicron Gamma Omega.

LITTLE MAN ON CAMPUS

Dormitory Arrangements . . .

(Cont. from p. 1, col. 1)

There will be three women's dormitories next year. Clewell Hall will be used to house 12 to 15 upperclassmen.

Repairs Planned for Clewell

During the summer Clewell Hall will be repainted and general repairs will be made. Some of the furniture will be refinished and some new lounge furniture will be purchased for the building.

Upperclass Areas

South Hall and the fourth floor of Main Hall will also be used for upperclasswomen. The second and third floors of Main Hall are reserved for freshmen.

South Hall, Clewell Hall, and the freshmen floors of Main Hall will have dormitory counselors. They will be chosen by Dean Sartwell and Miss Rettman from the junior and senior classes.

The freshmen section of the new men's dormitory will definitely be ready in September. All freshmen dormitory students will be housed there. In this wing there is an apartment for the house mother for both the freshmen and upperclass sections.

Payment Necessary by Aug. 15

Students who are planning to live on campus next year must complete payment on their room fee for the Fall Semester by August 15. The room fee for all women students is \$165 per semester. The fee for the new men's dormitory is \$150 per semester.

All other men's dormitories have a fee of \$120 a semester.

Some To Live Off Campus

If necessary, West Hall and the fourth floor of Comenius Hall may be used as dormitories. However, it is hoped that this will not be necessary. Some men students will be allowed to live off campus after their freshman year if they so prefer.

Commencement . . .

(Cont. from p. 1, col. 5)

Bachelor of Science degrees. Also to be awarded are 35 degrees of Bachelor of Science in Economics and Business Administration, 17 of Bachelor of Science in Elementary Education, 2 of Bachelor of Science in Secretarial Studies, and 2 of Bachelor of Science in Business Administration.

Seniors to be Commissioned

During the ceremonies, Anthony F. Schuster, Jr. will be commissioned as a second lieutenant in the U. S. Marine Corps Reserve by Capt. A. W. Reute, Jr. Also, Fred J. DeFrank will be commissioned lieutenant, j.g. in the U. S. Naval Reserve Program by Lt. Commander Sterner J. Hall.

Sports Review . . .

(Cont. from p. 6, col. 4)

Franklin and Marshall, 20-37 over Haverford, and a closing 16-47 romp over Muhlenberg.

The Harriers were led by freshman sensation Wendell Terry, who placed first in seven out of the eight meets. Terry was backed up by sophomores Ray Herman and Jim Worman and received ample support from freshmen George Fregel, Bob Durn, and Rinker, sophomore Jack Jacob, and junior Dick Gross.

The season (the second for Coach Paul Kuklantz who initiated the sport at Moravian) proved to be his first winning one after having a 2-2-1 season in his first year. Wendell Terry and Jack Jacob co-captained the seniorless Harrier squad.

Golf

Moravian's linksmen to date have an 8-3 record, thanks to the fine play of the Volko brothers, Tom and Bob, Bud Soloff, Frank Solfa, Gene Salay and Potter. The golfers opened up with a win over Muhlenberg, then lost to Lafayette. They rebounded to beat Upsala, however, but Haverford came back to beat them.

They rebounded again against Albright for a win, only to be beaten by Hofstra. With their record then standing at 3 and 3, they rattled off consecutive wins over the Alumni, Scranton, Muhlenberg, Wilkes, and Franklin and Marshall for their last five straight victories.

St. Joseph's remains to be played before they close out the season. Sorely missed next year will be stand-out Tom Volko, who is considered one of the top golfers ever to perform at Moravian.

(Cont. on p. 10, col. 1)

LeTowt Will Represent MC In Pocono Fete

FRAN LETOWT

Frances LeTowt has recently been chosen by the members of the junior class to represent Moravian College in the Pocono Mountains Laurel Blossom Festival which will open June 6 and continue through June 11. The event will be held at the Pocono Manor.

Miss LeTowt, an English major, is also a member of the junior class. She resides in Bethlehem.

As part of the program, Miss LeTowt will participate in a float parade through the Stroudsburg-East Stroudsburg district. Other activities highlighting the week will include the selection of a queen and retinue of princesses and a concert by Fred Waring and his Pennsylvanians. Several luncheons and a formal ball will also be featured in the annual program.

Activities File Is Established For Placement

A permanent file of extracurricular activities, to include a photograph and official academic transcript, in short, a permanent college activities card, will be established this year, beginning with the present senior class.

The file will be available to Dean Gillespie's office and used for placement services.

According to Mrs. Katherine Phelps, director of publicity, such a file has been desired for some time by students, for employers are frequently interested in the type of activities pursued by prospective employees during their college years.

Mrs. Phelps noted that this system will not replace, but will supplement, the activities file now used by the publicity office.

Organization . . .

(Cont. from p. 2, col. 5)

expansion of enrollments with a more efficient use of faculty time and of the college's physical plant.

"Achievement of the Possible"

In addition to the main recommendations as formulated by Ruml, the report contains a section, "Achievement of the Possible," by the late Donald H. Morrison, provost of Dartmouth College, who died suddenly in March, while the book was on the press.

In a preface to "Memo to a College Trustee," Clarence H. Faust, President of the Fund for the Advancement of Education

and Vice-President of the Ford Foundation, says, "The Report is being published exactly as it was finally submitted by the authors."

One of the most telling portions of Ruml's presentation is his section, "Models of the Possible," in which he gives specific figures on how a liberal college might be operated according to his suggestions.

Three Mechanisms Suggested

Looking toward curriculum reform, Morrison suggests three possible types of "mechanism" for bringing about change in the structure and operation of liberal arts colleges—one by initiative of the college president; another by a faculty committee; and a third by a tri-partite body on which administration, faculty and trustees would all be represented. He says, "Whatever the 'mechanism,' the president and faculty must join in common cause if the planned change is to take place."

Assails Academic Salaries

In one section, Ruml says flatly, "The most serious general problem facing the colleges is the prevailing low level of academic salaries. This is a matter to which the trustees must give their profound attention in meeting their charter responsibilities."

Ruml stresses the great need of American colleges for increased financial support from all sections of their constituencies, while at the same time saying, "Many of the necessary funds are already at the disposal of the college or can be made so; but they are being dissipated through wastes in the curriculum, wastes in methods of instruction, wastes in administration and in the use of property and plant."

KEEP OFF THE GRASS!!

by Neil Eskolin

Here we are gang! It's the end of the line! Last day of classes, last issue of this rag, and last chance to relax before the exam grind starts. I guess everyone's anxious to get this last obstacle out of the way and get on with that long awaited 15 weeks away from the books.

What will all of you be doing this summer? I guess many will be frequenting the sea shore, the mountains etc. etc. while others (the more ambitious ones—who feels like being ambitious?) will be sweating and slaving to get their hands on that good old green stuff.

For those of you in the Bethlehem area, it's rumored that there are many interesting job opportunities available. It seems that many of the faculty members are stepping out on their own this summer into various business endeavors and they have made a request for applicants to aid them in their diverse business enterprises.

Mrs. Beecher is looking for a bicycle tire pumper and tester. Dean Rader is in need of a first rate tailor. It seems as though he is planning to do over his entire wardrobe in robin egg blue.

Dr. Hauptert is opening a Splendorella Salon for obese faculty members and is in need of experienced technicians and masseurs. Mr. Snyder is advertising for a licensed moving man to help resituate his office around south campus until renovation is completed.

Charles S. Kuhn is looking for someone to completely overhaul his Cadillac. He is offering a very

high salary, but he can afford it—he's the comptroller.

Dr. Myers is in need of immediate help in classification of a new supply of rocks he has acquired. It seems these rocks were all thrown at him by irate students.

Dr. Gaumer needs a lab assistant as he is planning to make an intense study on the mating habits of the East African Aardvark. Dr. Zeller and his wife are looking for 45 choir members to chaperone them on their summer vacation.

Doctors Burkhardt and Gilbert are looking for able-bodied men to join their all-star touring basketball team. They're already booking games with various female pygmy hoop squads. Dr. Machell needs help in conducting a sociological survey among the aborigines of Lower Somaliland.

If you have not made any definite plans for this summer, be advised that these choice positions are being grabbed left and right. A few jobs are still open, so check with your favorite faculty member and get further details on salary rates, vacations, union dues, sick benefits and workmen's compensation plans.

In closing—I'll close.

Wish to thank you Advertisers.

The school year now is ending

And it's gratude we're rendering

To each and every one of you.

Your support and cooperation were wonderful,

And we hope you'll again be with us in the Fall.

Founders Day Participants To Place Wreath

The Women's Founders Day ceremonies will take place this year on Saturday, May 30, at 5:15 p.m., according to Halcyon Sartwell, Dean of Women.

At that time, three women students will place a wreath at the Daughter's of the American Revolution House in West Bethlehem. A wreath has been placed there annually for the last five years in commemoration of the founding of the former Moravian College for Women. Students and faculty are invited to attend, Dean Sartwell said.

The three representatives will be Faith Mong, president of the Women's Dormitory council; Dora Thomas, president of the Women's Activities Committee and Phyllis Zwarych, president of the Women's Activities Association.

James Harkel will play taps at the ceremony.

Freshman Orientation committee. She said that as the committee had received no suggestions from student organizations, the committee had gone ahead and set up its own program.

French requested that all groups with outstanding bills should return their vouchers to USG as soon as possible in order to clear up financial matters before vacation.

Freshman Handbook Discussed

The Freshman Handbook was then discussed. French reported that Dean Harvey T. D. Gillespie had requested that the name be changed to the Student Handbook.

French also reported that it had been suggested to him that he attend the sessions on student body executives and legislative structure at the National Student Association conference this summer.

Sandra Kromer, representing the Blackfriars, asked whether it was necessary for the group to return their surplus funds to the USG treasury. She explained that the organization wished to purchase new equipment with this money.

French advised that the organization should return their surplus funds and include the cost of the new equipment in their requested allocation in the fall.

The meeting was adjourned after French announced that the next USG meeting will be convened at 7:30 p.m. Tuesday, September 22.

KDE Elects Rellinghaus New President

Eleanor Rellinghaus has been elected president of Kappa Delta Epsilon, the professional education sorority. Also elected were Dale Stewart, vice-president; Pat Thornton, secretary; Judy Frederick, treasurer; and Jean Bassford, U.S.G. representative.

The election took place at a business meeting of the sorority on South Campus last week. Installation of the new officers took place after the meeting.

Miss Rellinghaus, a junior elementary education major from Cheltenham, Pennsylvania, is secretary of the Women's Dorm Council and a member of Alpha Epsilon Pi sorority.

A junior elementary education major from Bethlehem, Miss Stewart has been secretary of the band for three years and was in the choir.

Miss Thornton is a junior sociology major from Staten Island, New York. She is a member of the Campus Christian Association, Religious Activities Committee, and Phi Mu Epsilon sorority.

Miss Frederick, a member of the Campus Christian Association, is a junior elementary education major from Hellertown. An English major from Morris Plains, New Jersey, Miss Bassford is a member of Alpha Epsilon Pi sorority.

Tennis

The tennis team, suffering its worst season to this date, has lost 11 straight without a win, with three matches still left. They have lost to LaSalle, P.M.C., Haverford, Franklin and Marshall, Leganon Valley, Dickinson and Albright.

Departing seniors are Dan Simon, Les Lazarowitz, and Hal Cole.

Student Insurance Plan To Be Expanded . . .

(Cont. from p. 1, col. 3)

More Coverage

In discussing the increased coverage which the plan will provide in the fall, Kuhn pointed out that there will be no increase in the fee.

The insurance plan presently calls for reimbursement of up to \$500 in case of accident, excepting injury to "sound, natural teeth" where the figure is \$100. Beginning in September the accident coverage will be increased to \$1,000 and accidental injury to teeth will be reimbursed up to \$200.

Under existing coverage a student may be reimbursed up to \$150 for surgical operations. This figure will be raised \$200. In-patient hospital expenses are now covered up to \$50 but will have a \$75 coverage in the fall.

The sums of \$250 for hospital room and board, \$100 for physician's fees and \$25 for consultant's fees will remain the same.

Kuhn further pointed out that the final clause listed under "exclusions" on the policy form will be dropped. This clause reads, "It is not the intent of the policy to cover expenses applicable to illness or injuries which had their inception prior to the effective date of the insurance."

The formal announcement of the changes in the policy will be sent to all students sometime during the summer. Included in the policy which will be sent to all students will be a waiver application. If the student does not return this to the business office by August 15, it will be assumed that he is accepting the plan. The cost of the insurance is \$7.50 per semester. The plan will again be mandatory for all dormitory students.

Heske Interview

John A. Heske, vice-president of Woodring-Roberts Corporation, discussed the plan and its bene-

fits in an interview held late last week. This company administers the program for the Educators Mutual Life Insurance Company of Lancaster.

Heske pointed out that although the plan has only been in effect for one year, Moravian College students have already been reimbursed for 80 claims, reported as of April 15. According to Heske, over \$4,000 was paid out in settling these claims, and several claims filed resulted in payments over \$100.

He remarked that there were at present 570 students covered by the plan. When questioned as to why the plan was mandatory for all dormitory students, he replied that this was to insure sound health planning and protection for the resident students. He mentioned that many other schools in the country have similar plans.

Plan is Unique

Concerning the question as to whether or not the student health insurance plan conflicts with the coverage of other insurance policies or hospital plans the student may have he stated that the plan "pays as no other insurance existing." He then referred to a paragraph in the policy which states that the plan benefits are paid in addition to any other benefits the student may receive from similar policies.

Discussing the question as to why the plan does not cover the first visit to a doctor's office, he pointed out that in the event of accident it does, but that no plans at any school cover the first visit for illness. He cited the increased bookkeeping problems which would result from such coverage as one reason.

In a few remarks about the cost of the insurance policy, he compared it with the same amount of coverage given by a

leading hospital - surgical plan. This plan, he stated, would cost about \$38.40 per year in a group plan while the student receives the same benefits at a cost of \$15.00 per year in a group plan.

He further mentioned that if a student were to attempt to take out an individual insurance plan with the same amount of coverage the cost would be around \$40 per year.

In conclusion, he invited students who may have any questions about the program or its coverage to feel free to stop in and visit him at the Woodring-Roberts corporation, 459 Main street.

Blackfriars . . .

(Cont. from p. 3, col. 2)

Manuscript, and is a member of the tennis team. He appeared in "Bad Seed" as Leroy. He lives in Bethlehem.

A resident of Cranford, New Jersey, Miss Kromer is majoring in elementary education and is a member of the sophomore class. She is a member of the elections committee, **The Comenian** feature staff, the Modern Language club and Campus Christian Association. She was seen as Miss Fern in the recent Blackfriars play.

New Locations

According to past president Griffith Dudding, there are three possible places where the group may produce its plays next year.

These areas include Johnston Hall, rooms 9 and 10, the South Campus gymnasium and the South Campus Chapel. No definite decision has been reached as to what location will be used, Dudding said.

The group also discussed the choice of a director for the coming year but no decision was made.

NSA Offers Tunisian Trip, Work Camp

An all-expense-paid trip to Tunisia for the purpose of rebuilding is being offered to students through the United States National Student Association.

The international student work camp will take place in Sakhietsidi-Youssef, Tunisia from July-25-September 1. The school house had been bombed by the French.

Males with a knowledge of French and some construction experience will be considered for acceptance in the program, and a small number of women will also be accepted.

It was voted to establish a work camp at the meeting of the eighth International Student Conference, which met in Perry, February 1959. Co-sponsor of the plan is the North African Student Confederation.

Anyone interested in receiving further information and application forms, has been requested to write to the office of the International Commission of the United States National Student Association, 142 Mount Auburn Street, Cambridge 38, Massachusetts.

Deadline for receipt of applications is June 1, 1959.
