## Last Concert of Season Set By Choir Tomorrow

The Moravian College Choir will perform the last concert of the year on campus tomorrow night at 8 p.m. in Johnston Hall, choir director Richard Schantz announced Tuesday.

The choir will be assisted by a small orchestra featuring William Kincaid, a flutist who recently retired from the Philadelphia Symphony Orchestra.

Schantz stated that "Kincaid is one of the most distinguished flute players in the country."

The remainder of the orchestra is made up of musicians from the Lehigh Valley and the Curtis Institute in Philadelphia.

The major work of the program will be Bach's Cantata number 106, "God's Time is Best."

Kincaid will be featured as well as tenor Robert Rierson and bass Jerome Livingood in this selection.

A solo work, Bach's Sonata in E flat major, will be performed by

Kincaid who will be assisted by Monica Schantz.

The choir will also perform a group of English, French, and German secular songs as part of the program.

Sunday the choir plans to travel to Branchville New Jersey to sing at the Branchville Methodist Church.

The final concerts of the academic year will take place at the York County Historical Society, and the Lititz Moravian Church, on May 7.

The choir recently returned from a short trip to the New York City area where they performed last Friday, Saturday and Sunday.

## World Trouble Spots Analyzed At International Affairs Parley

Stewart Hensley, United Press International correspondent, told the Foreign Policy Association of the Lehigh Valley at a luncheon held in the South Campus dining room last Saturday, the Castro's stranglehold of Cuba has been strengthened by last week's invasion "Fiasco" that was intended to overthrow the government of the bearded Cuban leader.

Although Hensley was slated to talk on "Japan, Future of an Asian Alley," he discussed that subject only briefly, devoting much of the talk to Cuba, the invasion of the island and the Washington and world reactions to the invasion's almost complete failure.

Hensley, Washington correspondent to Cuba as well as Laos and other Asian hotspots, gave

the address that highlighted the International Affairs Institute luncheon which was attended by representatives from Moravian and Cedar Crest Colleges and Lehigh University.

Speaking about Japan, Hensley stated that most of these people have the feeling that Japan should get along with both worlds since no one knows who will win.

One of two afternoon International Affairs panels offered three diverse approaches toward "Arms and Survival" as: military might to discourage aggression; middle-of-the-road use of force in self-defense; and pacifism, establishing peace pacts and control of nuclear armament to deter violations.

## We Have Become Internal Prisoners, Asserts Sockman

"We have become prisoners of ourselves," stated Dr. Ralph W. Sockman of Christ Methodist Church, New York City, at yesterday's convocation in Johnston Hall.

Sockman, one of the foremost Protestant clergymen in the country claimed, "we are more engrossed in what America makes than what makes America." He added that we should be more concerned with the problems of others and less with problems of our own.

Sockman concluded that in this modern age, "we need a kind of Godly insight and imagination," and the ability to put ourselves in another's place to see things as he does.

## The College's Future Progress Demands A Sense Of Purpose

*The goals and purposes of Moravian College, which will serve as the basis for its progress in the coming years, were set forth by Dr. James Heller, college dean-designate, in a convocation address last Thursday. Below we reproduce excerpts from the speech.*

—The Editor

In a period of general affluence and success it is temptingly easy to neglect the painful responsibilities of self-examination and reformulation of purpose. Who cares about the purpose of an institution so long as the school is on the move? So long as it can point with pride to rising enrollment figures, improving College Board scores, increasing course offerings, more and more distinguished campus visitors, continuing improvements and additions to its facilities and better salaries for its faculty?

But physical, economic and numerical growth are not necessarily progress towards excellence. To grow without an eye to one's purpose, to grow without a clear sense of vocation, to grow simply by yielding to the pressures of the moment, is to become an amorphous, academic blob.

Moravian College, like many other Church-related schools, has reached a critical stage in its history. Critical, not because it is threatened with extinction, but because it is confronted with challenge and opportunity.

The promise of a continuous and increasing flow of qualified students who have, or can get, the resources to pay for their education means that Moravian has an unparalleled opportunity to become the kind of college which it believes it should be.

If the next decade offers great opportunities to the Church-related college, it presents perils as well. By yielding little by little, year by year to the expediency of the times, without regard to our heritage, our purpose, and our vocation, we could, for example, all too readily and steadily be lured away from

the ideals of liberal education, and be drawn increasingly toward vocational preparation and job-training. The danger is not that we shall cease to be, but that we shall cease to be a college.

As some of you know, the faculty and administration, as well as a number of student groups, have been seriously engaged in discussion concerning the purpose of Moravian College. We have been trying to determine what we mean by a liberal arts college, then what it means for such a college to be Christian, and finally that distinctive character which Moravian College has, or should have, by virtue of its unique educational and religious heritage. In all this we have not so much sought to describe what we now are as what we believe we should and can become.

First, we have asked, What is a liberal arts college? One answer that has been suggested runs something like this: a liberal arts college is a community of learning which pursues knowledge and truth in an atmosphere of free

inquiry, and in such a way that men and women learn to give literate expression to their thoughts and feelings; develop their faculties of judgment and perception; become sensitive to those values which endow life with meaning; achieve self-understanding and the realization of their potential through an appreciation of the endowments which come to us from the past, an awareness of the opportunities which confront us in the present, and an alert openness to the possibilities of the future.

To achieve such a goal Moravian College must be willing to measure all of its academic programs by uncompromising standards of excellence, integrity, and honesty.

Second, we have asked, What is a liberal arts college which seeks to be Christian? Let us say at the outset that a Christian college is in no sense less concerned about knowledge, truth, and excel-

lence, but is, if anything, more concerned. And this is so because the Christian college believes that the work of the mind is precisely the work to which God has called it.

A Christian college may be sponsored by a particular church or denomination, but its first ob-

In next week's issue, interviews with each of the newly titled vice-presidents will be printed. Discussed in somewhat greater detail will be the immediate plans for the college's future—physical expansion within the next ten years, academic development, and the college's relationship with the theological seminary.

—The Editor

ligation is not to the sponsoring body but to its own work as a college. If by restriction or restraint the church stifles free inquiry in the college or in any way does violence to the necessary conditions of truly liberal education, that church forfeits its moral right to participate in high education.

The college is not the church and the church is not the college. Each has its vocation from God and each has its own responsibilities. The chief business of the Christian college is to educate, not to evangelize.

Why then should a church sponsor a college? Because it believes that the training of the mind and growth in wisdom are essential to the Christian stewardship of life. Because the church believes that truth is to be found not only in the natural world and in the works of men, but in divine revelation as well.

The Christian college is one place where that [Christian] community and the world confront each other in freedom, each listening to what the other has to say that both may be drawn closer to reality and to truth.

In a Christian college, then, the voices of the pro-

phet and the apostle, the martyr and the theologian are given full rights to enter the conversation with philosophers, scientists, poets, and historians. Indeed, the college should give, without apology, an articulate and vigorous witness to the Christian faith, recognizing always the right to dissent and respecting without equivocation the sincere convictions and beliefs of those who challenge and dispute that witness.

The Christian college should not simply allow free inquiry as a concession to the idea of tolerance. Both church and college should insist upon it as absolutely essential to a sound philosophy of education and to the development of mature character.

Thus, a Christian college does not require its teachers to "slant" their courses toward a Christian point of view. It seeks only to maintain an atmosphere where truth as apprehended through human reason and truth as apprehended through Christian revelation may freely interact in a kind of creative tension.

Furthermore, the Christian college should espouse no dilettante approach to learning. Its ultimate quest is for reality and truth, which when found, command not only assent, but obedience and service. A Christian college does not exist to shelter tender souls from the harsh realities of the secular university. It, too, may shake the very foundations to a man's life and faith in an effort to bring him to mature manhood. Nor should the Christian college be any less [academically] demanding of its students.

Third, we have asked ourselves, What is the purpose of this particular Christian college which calls itself Moravian? What does it mean to be an institution of higher education which stands in the tradition of Hus and Comenius and Zinzendorf and the Moravian Church? How is our heritage reflected in what we are today and in what we may become tomorrow? Obviously, this is too large a subject to enter upon in depth here. May I just offer a few suggestions as indicators of what may be involved?

Surely, the descendants of John Hus cannot be content with a cozy me-too conformism when vital issues arise. Can this college wear the mantle of Hus and not dare to lift a prophetic voice when times and conditions cry out for it?

Surely, the descendants of John Amos Comenius, one of the most resourceful, effective, and pioneering of educators, cannot be content only with the tried and well-proven ways created by others. Can this college wear the mantle of Comenius and not make contributions of its own on the frontiers of knowledge and learning?

Surely, the descendants of Nikolaus von Zinzendorf cannot be content with apathetic, formal, or merely quaint expressions of the Christian religion. Can this college wear the mantle of Zinzendorf and not bring the whole gospel to bear upon the whole

(Cont. on p. 4, col. 4)

## A Favorable Impression

Next Thursday, the college will commemorate Women's Founders Day and will feature a rather unusual convocation with several students interviewing the famous American author, Mrs. Elizabeth Gray Vining.

Another highlight of the program will be a full academic procession, rarely seen during the year. Therefore, since this is a rather special occasion, the president of the college has urged the students augment the atmosphere by "dressing up."

This will undoubtedly add to the overall effectiveness of the program and will no doubt favorably impress our guest of honor and any other visitors who may be present.

This isn't mandatory, but it would be appreciated by all concerned if the students would cooperate in this matter.

## Parting Words

Next week the newly appointed editorial staff will take over operations in the *Comenian* office. But before the old "regime" meets its last deadline, a few things must be said.

For our shortcomings, we are sorry.

For our accomplishments, we are proud. We hope the accomplishments outweighed the shortcomings.

For the times the student body, faculty and administration failed us, failed each other and failed themselves, we are sorry.

For the times we were able to help each, we are proud and grateful for the opportunity.

The retiring editor wishes to thank his staff for their cooperation, for without it, *The Comenian* could not have functioned this year. To the new staff, he wishes success and hopes that they will continually strive to serve the college community to the very best of their ability.

## LITTLE MAN ON CAMPUS

THESE APTITUDE TESTS SHOW YOU TO HAVE A KEEN INTEREST IN GUIDED MISSILES.

## Netmen Host F&M, Dickinson; Visit Hofstra In Week's Action

Sam Kilpatrick's Moravian College tennis team is scheduled to play two home matches next week with a road game sandwiched in between.

The Hounds play host to Franklin and Marshall this afternoon on the North Campus courts. Action is slated to begin at 3 p.m.

Next Tuesday afternoon the Hounds travel to Hempstead, Long Island, to do battle with Hofstra College.

Kilpatrick's clay-kickers return home the following afternoon to meet Dickinson College.

Last year, in a winless season, the Moravian court squad lost to all three of these squads, so as the case is with every team they meet this year, the Hounds will be seeking revenge.

Probable starters for Moravian will be Merr Trumbore, Bob Lipkin, Bill Grosh and Ken Walsh.

Players who Kilpatrick might use to fill in the six man lineup are Dick Spaugh, Grove Stoddard, Fred Cartier and John McCarthy.

## Duffers To Meet Diplomats, Royals, Mules This Week

Moravian's golfers will attempt to improve upon this year's record when they take on Franklin and Marshall at home today, Scranton away on Tuesday and Muhlenberg away on Thursday.

The Diplomats from Lancaster suffered an early 6-1 reversal at the hands of Pennsylvania University in their opener. They also recently came in second in a triangular meet against Lehigh and Haverford.

F. & M.'s Mike Reynolds appears to be the Diplomat strongman due to his impressive low score of 73 against Penn.

Muhlenberg has already scored two victories this season in golf. They opened victoriously against Albright by a 10½ to 7½ score.

The Mules then defeated Moravian by a similar score on the Greyhound course even though Moravian's Jim Repasch finished with the day's low score.

Moravian scored triumphs over all three opponents last year. The Hounds easily routed Muhlenberg 12½ to 5½. The local duffers encountered a little more difficulty as they defeated Franklin and Marshall 10½ to 7½ and Scranton 10 to 8.

## Sports Unillustrated

By Tom & Jay

The overall outlook for spring sports at Moravian is good although not overly so. Probably the most pleasant surprise has been the tennis team, winners in four of their first five matches. "Sam" is smiling this year.

T. Fromhartz

The baseball team showed signs of shaking their early season jitters and despondency after upsetting the Albright appercart. They however have lost two games since then, and are generally not showing much. These five losses have all but put them out of the M.A.C. race. We feel that the team isn't playing the caliber of ball that they should be capable of. The team will have to start

moving if they are to produce the kind of record we feel they are able to.

**Bob Pastir is having his troubles. Promoted to the number one position on the golf team after having posted an 11-1 mark last year in the number five spot, Bob is now losing. His scores are better than ever, but up there he has run into top flight competition. Chin up Bob.**

Rocco Calvo used his head when he made up the I-M softball schedule. He didn't schedule the TKE's and the OGO's in the regular schedule. This should set up a climatic championship playoff. Apologies to Don Morrow, Ron Stupark, and Ray Herman.

## Baseballers Humble Valley With 15 Hits; Split Other Games

A fifteen hit attack led the Hound stickmen to an overwhelming victory over the Lebanon Valley Dutchmen last Saturday. The win placed the Hound win loss mark at 4-4.

In two previous games, the Greyhounds split. They beat Muhlenberg 10-5, and lost a close one to Swarthmore 5-4.

Two early home runs by Barry Schollenberger and Tom Ulrich powered the Hounds to an early lead over the Dutchmen. The two blows gave the Hounds a 6-1 lead after the third inning.

The Hounds then added thirteen more, scoring in all innings except the seventh and ninth. Lebanon Valley's lone tally came in the second inning. Brian Hill received credit for his second win of the season.

Moravian tallied six runs in the last two innings to defeat the Mules of Muhlenberg 10-5. Schollenberger spaced nine hits and struck out eleven while picking up the victory.

The Greyhounds broke a 4-4 tie in the bottom of the eighth with a four run outburst. Gene Jani's single drove in Denny Robinson with the lead run. The Hounds were assisted by five Mule errors during the uprising.

Last Wednesday, Swarthmore overcame an early Moravian lead and edged the Hounds 5-4. Sim Blahut tagged a three run homer to bring in three of four Moravian first inning tallies.

Pete Westline, the Garnet pitcher, weathered this early shower of runs and pitched masterfully for the rest of the game.

Swarthmore picked away at the Hounds lead with three in the third, one in the fifth, and pushed across the winning run in the bottom of the eighth.

Ted Wilde, Seminary first sacker, makes the putout on an unidentified baserunner in last Monday afternoon's I-M softball action. The Rejects topped the Seminary 9-8 on a late inning rally.

## Temple Comes From Behind For Triumph

by Jay Scholl

The Temple Owls defeated the Hound stickmen 7-5 last Tuesday in a game that was called at the end of six innings because of rain.

The Greyhounds drew first blood with two runs in the top of the first when Denny Robison scored from first on a double error. Their second run came when Charlie Gilbert belted a triple into left centerfield. He later scored on a double play ball.

Another run was tallied by the Greyhounds in the second when Ralph Mittl tripled and rode home on Gene Jani's single.

The Hounds added their last two runs in the third. Barry Schollenberger doubled and scored on Sim Blahut's single. Blahut went to second on the play at the plate, advanced to third on an in-field out, and strolled home on an error by the third baseman.

Schollenberger absorbed his third loss of the campaign without a win. During the course of the afternoon he gave up a total of eight walks. Two of Temple's seven runs were unearned as were three of Moravian's five.

The Owls quickly overcame the Hound lead with four runs in their half of the first inning. They added one in the third to again tie the game, and added two more one in the fourth and one in the sixth to complete their scoring for the afternoon.

Joe Corbi and Rick Simon proved to be the men with the big bats for Temple. Corbi drove in runs in the first and the sixth inning, while Simon accounted for two rbi's in the first and one in the third.

## Diamondmen Travel To St. Joe's; Play Host To Drew, Dickinson

Tomorrow afternoon the Moravian College baseball team will hit the road and travel to Philadelphia to meet St. Joseph's College.

Tuesday and Wednesday afternoon the Hounds return home to play host to Drew and Dickinson.

In last year's battle with the Hawks of St. Joe's, the Hounds edged out a 3-2 win on the strength of 11 strikeouts by Barry Schollenberger.

So far this year the Hawks have posted a three win and six loss overall record. In Middle Atlantic Conference play the Philadelphia school has a 3-4 mark.

Tuesday afternoon the Hounds play host to Drew which is not a member of the MAC. Since Moravian does little scouting, there is no information available on this New Jersey school.

Dickinson invades Moravian Field Wednesday afternoon with a 3-2 record.

Last year the Hounds topped Dickinson 9-1 on a six hit pitching performance by Moravian's Jim Gano.

Head coach H. T. D. Gillespie is not sure who will be pitching in these contests. Pitching assignments will depend on the outcome of yesterday's tussle with Upsala.

## Mule Golfers Sink Hounds; Repasch Low

Last Monday afternoon on the Bethlehem Municipal Golf course, the Moravian linksmen dropped a 10½-7½ decision to the Mules of Muhlenberg.

Playing in the number one position, Moravian's Jim Repasch captured medalist honors with a 79 as he defeated Muhlenberg's Ron Mayer.

Playing the the number two slot, the Hounds Bob Pastir added a half point to the Moravian total as he lost to his opponent from Allentown 2½-½.

Dick Tewell and Tom McHale of Moravian failed to score as they each dropped three points.

## Netmen Drop Valley Squad; Berg Postponed

The fast moving Moravian College tennis team scored its fourth win of the year by downing Lebanon Valley by the score of 6-3 in Coleman Memorial Park, Anneville, Pa. last Saturday.

In the number one position Merr Trumbore was defeated by Ron Bell in a close 6-4, 6-4 match. Number two saw Bob Lipkin beat Bob Kelmoyer 1-6, 7-5, 6-2. In the doubles the Hound men beat their opponents, 6-2, 6-2.

Bill Grosh, at number three, lost to Larry Stein by 6-2, 8-6 scores while Ken Walsh playing at number four beat Charles Burkhardt 6-3, 6-0. Grosh & Walsh teamed up to win their doubles by the scores of 6-4 and 8-6.

Playing number five, Grove Stoddard topped Hakin Lus 8-6, 6-2. John Landis at six was beaten by Dick Blair of Lebanon Valley 6-2, 8-6. These two netmen also swept their doubles by the score of 6-0 and 6-3.

Last Tuesday afternoon in a match scheduled to be played on the Muhlenberg courts, the proceedings were halted by rain before the singles play could be finished. The match will be rescheduled for a later date.

## College's Future . . .

(Cont. from p. 2, col. 5)

life of man, moving not only mind and will, but heart as well?

Surely the descendants of a world-wide Unity of Brethren cannot be content with sectarian provincialism, racial exclusiveness, or cultural isolationism. Can this college wear the mantle of the Unitas Fratrum and not seek to overcome those divisive forces which breed strife and turmoil in the world by drawing into its community students and teachers who represent a rich diversity of racial, national, cultural, and religious background?

What we are concerned about is Moravian's quality of life—now and in the future. This is why we have been seeking to recover our sense of purpose.

As we increasingly draw upon the creative forces of Moravian's unique educational, international, musical, and religious heritage, may God grant to all of us the strength, the courage, the wisdom, the imagination, the resourcefulness, the determination to make this the very best college it can become.

## Karustis Is Chosen As RAU President

Joan Karustis was recently elected president of Rho Alpha Upsilon (RAU) Science Society. She is the first woman to hold the presidency of that group.

Chosen to serve with Karustis were John Shigo, vice-president; Carla Dinstel, secretary; Carol Herman, treasurer and Neil Romanoff, United Student Government representative.

It was announced that the group will hold its annual picnic on May 10, 1961 at the Lehigh Valley Parkway. The picnic is open to the entire student body. It will begin at 4 p.m. and refreshments will be served.

Miss Karustis, is a biology major from Bethlehem. She is a member of the junior class and has served as secretary of RAU for the past year.

Shigo, a sophomore pre-med major from Bethlehem, was a member of the Freshman Orientation Committee and is a member of Tau Kappa Epsilon social fraternity.
