MORAVIAN COLLEGE

STUDENT WEEKLY

Volume LXIV

Bethlehem, Pa., Friday, December 8, 1961

Number 10

## Folk Singers Will Appear On Saturday

A concert by the Belafonte Folk Singers will be presented in Johnston Hall, Saturday evening, Dec. 9, at 8:30 p.m. under the sponsorship of the Moravian College Concert Committee and the Bethlehem Community Concert Association.

ALTHOUGH ORGANIZED BY Harry Belafonte to provide background music for his selections, the Folk Singers became an independent group in 1960, retaining Belafonte's musical director, Robert DeCormier, as their conductor-arranger. Since becoming an independent attraction, they have appeared in television specials, national concert tours, and have produced several record albums.

The group will present a five-part program which is as follows.

### American Folk Songs

- Wake Up, Jacob
- The Water Is Wide
- Dance, Boatman, Dance
- The Cat Came Back
- John Hardy
- Shenandoah
- Michael, Row the Boat Ashore

### Songs of the American Negro

- Gonna Tell God All O' My Troubles
- Rocks and Gravel
- Prison Talk
- March Down To Jordan

### Great Composers and Folk Music

This section will be used to demonstrate the folk influence on composers. Illuminating works will be used from Willam Billings, Bela Bartok, Henry Purcell, and Leos Janacek.

### Folk Songs of the West Indies

- The Baby Boy
- Come Back Liza
- Judy Drowned

### Songs from Around the World

- He Ne Me Tov—Israel
- Mrs. McGrath—Ireland
- One and Seven Pennies—Germany

(Cont. on p. 4, col. 5)

## Giving Program Nets Funds, Will Be Used In Expansion

Gifts to Moravian College during the Annual Giving program for the year ending June 30, 1961, totalled \$142,694.

ACCORDING TO DR. RAYMOND S. HAUPERT, PRESIDENT, much of the fund was allocated to campus expansion and capital improvement. More than \$30,000 of the fund was applied to the purchase of land located between Locust and Fairview Streets, south of the Lehigh Field, with an additional \$40,000 still needed to complete the transaction.

Total giving for the year, including gifts other than those subscribed to the fund, is \$187,605.

Alumni gifts to the construction of the College Union Building over a three-year period, now total \$55,000, with students contributing an equal amount.

BEAUCHAMP E. SMITH OF

The chart seen above is a diagrammatic representation of the proposed structure of USG. The dark rectangle directly under the president stands for the portion of the legislature composed of elected representatives. The four blocks immediately below the legislature represent possible students committees. The large block on the right stands for the body composed of organizational representatives. This body is under the jurisdiction of the vice-president. In the extreme left corner is the advisor (Dean of Men or Dean of Women). The block in the middle left represents the treasurer directly under which is the finance committee.

Photo by Stoddard

## Preliminary USG Revision Presented; Legislature To Be Reduced To Thirteen

by Stephanie Rights

A proposal for the new structure of United Student Government (USG) was presented by the Revisions Committee at the Nov. 21 meeting of USG for any changes thought necessary by the body. The restructuring of USG is preliminary in the committee's work to the actual revision of the constitution.

UNDER THE COMMITTEE'S proposal, the legislature will consist of thirteen persons—the Executive Cabinet (composed of president, vice-president, secretary and treasurer) and nine representatives. The president will be a non-voting member of this legislature

except in the case of a tie. The other twelve members of the legislature will each have an equal vote.

Five of the representatives of the legislature will be elected at large by the student body. These representatives may come from any of the four classes. The remainder of the legislature will be composed of representatives from each of the classes.

This legislature will replace the present one composed of organizational representatives. In order that the organizations may retain a voice in student government, a body of organizations will be formed under the jurisdiction of the vice-president. This body will serve primarily to handle specific organizational problems which do not pertain to the student body as a whole. The interests of the organizations will be represented in the legislature by the vice-president.

LEGISLATION MAY ORIGINATE from any of three probable sources: from the president, from the Executive Cabinet, or from any representative. Students wishing to see a piece of legislation introduced will be able to contact any member of the legislature.

When the College Union opens and USG has permanent headquarters, the representatives-at-large will be available at specified hours for consultation with interested students.

All student committees with the exception of the finance committee (Cont. on p. 3, col. 4)

## Choir Sings At Vespers On Sunday

The Annual Moravian College Christmas Service, which was first presented in 1756 by the early Moravians in Bethlehem, will be held at Central Moravian Church on Dec. 10th at 4:30 p.m. and at 8:00 p.m.

DURING THE SERVICES THE Moravian College Choir will present Christmas selections under the direction of Mr. Richard Schantz, chairman of the Music Department at Moravian.

The selections for the services will be "Fanfare" by Martin Shaw, "The Truth Sent From Above" by R. Vaughan Williams, "A Carol" by Edmund Rubbra, "O Magnum Mysterium" by Victoria and "Prayer to Jesus" by George Oldroyd.

The choir will also present two selections by Brahms entitled "A Hunter and The White Dove, plus a French carol entitled "Let All Mortal Flesh Keep Silent" and "Hodie Christmas Natus Est by Palestrina.

SOLOISTS FOR THE PROGRAM will be Linda Burnett, Robert Rierson, and Emily Cox, daughter of Mr. and Mrs. Howard Cox of the Moravian Theological Seminary who will sing "O Morning Star" composed by F. F. Hagan, an alumnus of the Moravian class of 1835.

"A Candlelight procession will also be presented at the services," stated Rev. Henry A. Lewis, Chaplain at Moravian, and "will symbolize the 'the Light of Christ' that dawned with the first Christmas."

The candle service has been a tradition in the Moravian Church and similar candles were used by the early Moravians to light their way home after their first Christmas services.

THE 1700 CANDLES FOR this year's services were prepared by Tau Sigma Lambda, Campus Christian Association, Alpha Epsilon Pi, Alpha Phi Omega, the

(Cont. on p. 4, col. 1)

## Spring Semester Registration Re-Scheduled For Next Week

Registration has been re-scheduled for the week of December 11 through December 15 and will be held in the basement of Colonial Hall, according to Samuel Kilpatrick, registrar.

REGISTRATION WILL BEGIN WITH THE SENIORS ON MONDAY, December 11, and will be followed by the juniors on Tuesday, the sophomores on Wednesday, and the freshmen on Thursday and Friday.

The hours for registering are from 9 a.m. to 12 noon, and from 1:30 p.m. to 5 p.m.

Kilpatrick stated that all students should consult their advisors before registering in order to prevent re-scheduling at a later date. He also added that a student's failure to give serious attention to registration necessitates extra

work on the part of the Registrar's Office.

Any section preference that is in conflict with the scheduling by the Registrar's Office should be referred to the Dean of Men or the Dean of Women. Any other problems regarding registration should be referred to the Academic Dean immediately.

ALL REGISTRATION SHOULD be completed by December 15 at 5 p.m. or a fine of \$20 will be applied.

## Ties Tied . . .

At the beginning of this year, Moravian's United Student Government (USG) discussed the problem of freshman orientation. The particular area under consideration was the wearing of dinks and ties by the incoming freshman class.

This matter was dispensed with at a few meetings while "more important" business was taken care of. This area has remained on the USG agenda for several weeks, with only action in the form of written comments to USG submitted by member organizations.

At the past USG meeting no mention was made of the dinks and ties controversy or of the opinions that had been received.

It appears as if the matter is being allowed to slip idly by until it makes its annual September appearance.

We hope that our student government will take appropriate action on this orientation problem in the near future to avoid future conflicts and perhaps discover a possible panacea for this area.

—DBH

## Psychology Class Studies At A'town State Hospital

Currently the members of Dr. Albert Billig's class in Abnormal Psychology had their program extended to include clinical experience at the Allentown State Hospital. This experience consisted of four sessions held at the hospital in the WX auditorium.

**THE FIRST SESSION WAS** held on November 7 at which time Dr. Howard T. Fiedler, Superintendent, addressed the class. He stated that teaching was one of the more pleasant duties that he faced in his daily responsibilities.

He was concerned with the fact that the non-psychiatric physician did not participate as effectively as he could toward the hospital's overall goal. However, he noted that there was considerable progress and that it is continuing.

Dr. David H. Orr, Director of Psychological Services, defined the purpose of the hospital and its many roles. He stressed the point that within the first twenty-four hours of admission of a patient steps are implemented toward his eventual return to the community as a self sufficient person.

**SOME OF THE QUALIFICATIONS** of a clinical psychologist were presented and the overall role of psychology in the hospital's functioning was evaluated. This, in a sense, was an orientation to the frame of reference under which the hospital operates.

In the second session the members of the class had the opportunity of being present during interviews between the staff and various patients. The students showed a high level of interest as evidenced by the variety and type of questions asked. The impact upon the students was pronounced.

The difference between the textbook approach as compared with the living textbook was dramatic. During this session Dr. Warren W. Scott, Assistant Director of Psychological Services, and Dr. Orr presented the patients.

**DURING THE THIRD SESSION** students had the opportunity of speaking directly with patients. The students were attempting to evaluate the type of disability which the patient displayed. After talking with the patients, evaluation and referral to case material made the experience more meaningful.

The next session, which was the terminal session, consisted of presentation of patients with the opportunity for students, in small groups, to meet the patients and converse with them.

The final portion of this session was a discussion of the volunteer services led by Miss Davis with an opportunity for students to learn of this program.

The consensus of the group indicates that this experience is of value to them in understanding the intrinsic character of mental illness which we so often glibly speak about with little or no insight as to what our words mean.

## Christmas Recess

Dean James J. Heller announced last week that Christmas recess will be extended one day to include Tuesday, January 2. The vacation will run from Friday, December 15 at 5 p.m. until Wednesday, January 3, 1962 at 8 a.m.

## IVORY TOWER Rule of Elite

by Jean Friedman

The proposed plan for the reorganization of USG seems to me to be treading in dangerous territory. Unless modified in the area of representation the plan will subject Moravian to rule by a body small enough to become an independent elite group. It is a relatively simple matter to railroad issues in USG now, witness the NSA and the Washington trip episode, and with an even smaller body the possibility of railroading is tripled.

Always in an organization of this size there is the danger of having tremendous influence wielded by one member affiliated with a certain group.

Supposedly, a concession is given to the interest groups on campus, namely the organizations in that they have one vote—the vice-president's. If

it happens that the vice-president is not in agreement with them he can bypass their wishes. The organizations then have the right to influence the nine member board, but doesn't this defeat the whole purpose of having a minor body, other than "the senate"? It would seem that the second body is a sham, an ineffective tool of representation.

There is a danger too in the proposed legislation-making. The channels of communication between the legislator and the student body must be easily accessible and regular. In a small college such as ours where things are run on a rather personal basis, promoting legislation will most probably take place rather hurriedly in the hallway, or pressure will be exerted in the Emcee or the soon-to-be cafeteria.

It must be remembered that the proposer or promoter will lose his effectiveness in the voting body itself because he no longer votes directly.

Actually what it boils down to is the matter of representation. The interest groups are subordinate to an individual, and the student body is subordinate to thirteen people.

The proposed reorganization places a terrific responsibility on the quality of the people selected. The USG contest cannot afford to be a popularity contest. This is, of course, a positive aspect of the plan but, nevertheless a small weakness in this body could be disastrous.

If the reorganization committee must retain the organizations then I suggest giving them an assuaged voice. I realize also that a large body such as that which presently exists in USG is unwieldy, but I do think that the proposed plan needs to be balanced.

The idea of a truly responsible executive committee as proposed is a fine one as is the senate, but I believe the committee must be more realistic in its appraisal of the proper representation.

## Chanukah Festival Commemorates Jewish Struggle for Religious Liberty

by Dee Lichtman

Jews around the world ushered in the eight day festival of Chanukah last Saturday evening. Chanukah, the festival of lights, commemorates the successful struggle by the Jews for religious liberty. This struggle constituted the world's first religious revolution. Mattathias, and then his son Judeas Maccabeau, led the Jews against the Syrian armies in 165 B.C., resulting in the recapture of the Temple in Jerusalem. The Temple was cleansed of idolatrous objects, and rededicated to God. Judeas Maccabeus declared a commemorative holiday would be celebrated for eight days thereafter. Chanukah means dedication. It is known as the "Feast of Lights" because special candles are lighted on each of the eight nights.

### Candles

The first and second books of the Maccabees describe Chanukah as the holiday of the rededication of the Temple and as a thanksgiving to God. Neither of the books mentions lighting of the ceremonial candles. First mention of the lights was made about two centuries later by Joseph Flavius who said, "From that day to this we observe this festival and call it 'Lights.'" He also explained that the name "Lights" was given to the holiday because freedom glowed, giving a new light to Jewish life.

It is believed that the custom of lighting lights was taken from an older festival which occurred at the same time of the year and was forced out by the Chanukah festival. It probably had something to do with fire and light and was probably a nature festival with a pagan origin.

In order to give the Chanukah lights an aura of sacred tradition, a legend was created. The legend says that when the Jews were cleaning the Temple of idolatrous objects after its use by the Syrians, they found only one cruse of untainted oil, which was enough to last only one day. A runner was sent out to get more oil with

which to light the candles. It took him eight days to return, but the one cruse of oil had miraculously lasted. The miracle of the oil symbolizes the victorious struggle of the Jewish people and their religion through the ages.

In the Jewish home, the Chanukah candles are kindled as soon as possible after nightfall in the presence of the whole family. Since the Jewish day begins at sundown, the first candles are lit on the evening before. Special candles are used. Men, women, and children light the Chanukah candles while they chant prayers over them.

On the first evening the "servant" candle is lit, and it, in turn is used to light the first candle, which is put on the far right of the eight-branched Menora. On the second night the servant candle lights two candles, put on the far right, lit from the left. On each

succeeding night another candle is lit until, on the eighth night they are all burning.

The ceremony of the kindling of the lights is the most significant phase of the Festival. After the "Shamash" or servant candle is lighted, two blessings are chanted, the second being "Blessed Art Thou O Lord our God, King of the Universe, who performed miracles for our Fathers in days of yore at this season." After this prayer the other candles are lighted, and songs commemorating the victory of the Hasmoneans are sung.

The symbolic interpretations of the Chanukah lights are as follows:

The "Shamash": Jews are as one burning candle which may kindle others but lose none of its own light. Judaism has kindled the lights of truth for many re-

(Cont. on p. 4, col. 2)

## LITTLE MAN ON CAMPUS

# Hoax At University of Penna. Leaves FBI Officials Baffled

by David Howard

One of the slickest hoaxes ever fabricated on a college campus has left officials of the Federal Bureau of Investigation and the Pentagon security agents in confusion.

**THE INCIDENT BEGAN WHEN ONE OF TWO FRATERNITY** brothers at the University of Pennsylvania lifted his phone to make a call at 10 p.m. He heard a series of words and numbers which he said sounded like "altimeter readings or a hip-to-shore-phone call."

Almost immediately he received a call from a man claiming to be chief Air Force security officer at Philadelphia International Airport.

The voice on the phone said two existing Strategic Air Command lines had been cut and that their phone lines had been accidentally connected to the only operative SAC Communications unit in Eastern North America.

**THE TWO STUDENTS WERE** ordered to remain at their phone and wait for word from Air Force Security and the FBI. At 4:30 a.m., they were called and told

by a supposed U.S. Security Official that a taxicab would pick them up in twenty minutes.

The cab driver presented the students with two sealed envelopes, one instructing them to proceed to the railroad station, avoiding contact with strangers; and the other, to be opened on arrival in Washington, telling them to proceed directly to the Pentagon.

Tickets to Washington were waiting at the railroad station.

**AT THE PENTAGON, OFFICIALS** supposedly disclaimed any knowledge of the incidents, but interrogated the students for six hours.

Investigation led to a theory that a nearby fraternity may have carried off the hoax by switching telephone wires between the two houses.

# Dr. Hauptert To Be Speaker December 14

The All-College Christmas Service to be given on Thursday, Dec. 14 at 11:35 a.m. in Borhek Chapel will have as its principal speaker Dr. Raymond S. Hauptert, President of Moravian College.

During the service the Moravian College Choir, directed by Mr. Richard Schantz, will present a few selections and Rev. Henry A. Lewis, College Chaplain, will give a brief Christmas liturgy.

Rev. Lewis stated that the All-College Worship Services have been attended by more than 100 people, and considering participation in previous voluntary services the response has been good.

The services have been sponsored by the Religious Life Council, under the chairmanship of Dr. Otis H. Shao, chairman of the political science department at Moravian.

The final service of the semester will be given on January 14, 1962.

# Grant For Practical Politics Received By Jean Friedman

Jean Friedman, a junior from Bethlehem, has been awarded a research grant in the field of practical politics by the Citizenship Clearing House, Dr. Otis H. Shao, chairman of the department of political science announced.

# Seminary Job Filled By Prof. From Germany

Dr. Heinz Renkewitz, Director of the Evangelical Academy in Arnoldshain in West Germany, will teach at Moravian Theological Seminary for the second semester of the 1961-62 academic year.

**AT THE SEMINARY DR. RENKEWITZ** will substitute for Dr. John R. Weinlick, who will take a six-month sabbatical leave in Europe to do research.

He is the author of numerous articles on the ecumenical movement but he is especially noted for his work on Count Nicholas von Zinzendorf, patron of the Moravian Church.

**THE CITIZENSHIP CLEARING** House is a national organization supported by the Ford and Falk Foundations.

Miss Friedman is a political science major, and is at present studying the effect of the Jani Movement on Bethlehem politics. This topic is the main concern of her independent work in the department of political science under the direction of Dr. Mary Kennedy, assistant professor of history and government.

Miss Friedman plans to expand her findings into her honors thesis in her senior year.

**THE CITIZENSHIP CLEARING** House will also subsidize a six-week internship with Representative Jeanette Riebman in order to further Miss Friedman's training in practical politics.

The total grant amounts to approximately two hundred dollars.

The spirit of the season (and perhaps some other spirits too), prevailed at last Saturday's Winter Carnival dance. A snowman, candy-canes, and of all things—"the twist" helped add to the Johnston Hall

festivities. As can be seen from these two views, the holiday season was welcomed in a suitable manner, and a good time was had by all. Photo by Stoddard

# PAC To Plan January Trip to Washington

Announcement was made of the impending Washington, D. C., trip sponsored by the Political Activities Club, at the meeting of the nited Student Government (USG) on Tuesday evening.

**THE TRIP WILL BE HELD** between semesters on Thursday, Friday and Saturday, January 25, 26 and 27. Provisions have been made for forty-five people at a cost of \$7 for each person attending. January 26 will be spent in discussing the civil rights problem, while the final day, January 27 will feature a seminar on the international situation.

The Social Activities Committee announced that the dance of February 17, 1962 will feature the music of two groups—Matt Gillespie and the Unique Epics, a rock 'n roll group. It will be an informal dance, and it is hoped that it can be held in the new College Union Building.

In other business the French Club, an affiliate of the Modern Language Club, made a request for an allocation of \$25. Discussion followed as to whether the French Club was still a member of USG and could receive an allocation since it did not function for the early part of the college year. A decision will be given at the next meeting concerning this problem.

**NEIL ROMANOFF OF THE** Calendaring Committee announced that the calendar for the spring semester would be completed and distributed to students early next semester.

In closing the meeting, Peter Gill, president of USG, announced that there would be an important meeting of all organization presidents next Tuesday, Dec. 12 at 8 p.m.

tire student body. Students will be permitted to have the floor to discuss any pending legislation. Individual organizations may also meet with the legislature to discuss legislation.

# Student Relations Discussion Highlights National Student Association Conference

by Charles Canning

The United States National Student Association held a three day regional conference at Gettysburg College on November 17, 18, and 19. The conference was highlighted by three sessions concerning student relations with the faculty, community and college organizations:

## ABOUT THIRTY-FIVE OR FORTY STUDENTS ATTENDED, REPRESENTING ABOUT FIFTEEN

schools in the Pennsylvania, West Virginia region.

The sessions were split into three individual discussion groups.

The first session I attended dealt with the students' relationship with the faculty. Many of the representatives from large campuses expressed a need for better relations with their faculty. This problem does not often occur on smaller campuses such as ours; however a few recommendations for solving such problems were discussed.

**IT WAS FELT THAT IN MANY** schools the faculty doesn't have a spirit or sense of belonging to the college life, that is, on a student level. This could be overcome by creating an interest in the faculty to involve themselves in such areas as student-faculty com-

mittees. Although a word of caution was expressed in that too many faculty members on a committee could distract from the student sense of self-government and responsibility. These committees, such as we have at Moravian, concern themselves with all phases of campus life.

The next session related to campus organizations and clubs. Here we discussed problems which occur on both large and small campuses. A major problem on the Gettysburg Campus, where there are 13 national fraternities and only 1700 students, is one of fraternity competition, apathy and lack of unity.

**THIS PROBLEM WAS MET BY** a challenge of awareness to the student body and directed toward student preparedness.

Another proposal was forming an all-class council to discuss problems in the classes and report these to the student government.

The student government's responsibility to the student body would be a review of organization's constitutions and reevaluation of those organizations throughout the year. The organizations could be coordinated to establish better cooperation toward the interest and theme of all by self-evaluation of their purpose to the student body, and periodic audits of all clubs receiving funds by the treasurer throughout the year, or even monthly.

**MANY SCHOOLS EXPRESSED** the fact that their governments

(Cont. on p. 4, col. 3)

## USG Revision . . . .

(Cont. from p. 1, col. 4)

tee will be placed directly under the legislature. Appointments to these committees will be made by the president, subject to the approval of the twelve voting members of the legislature.

**THE FINANCE COMMITTEE** will be appointed by the treasurer to deal with the allocation of funds to campus organizations. Organizations desiring funds will petition the finance committee directly. The finance committee will then formulate a recommendation to be voted on by the legislature.

The functions of the officers will be as follows. The president will preside over all meetings of the legislature and the Executive Cabinet. With the help of his cabinet, he will formulate and propose possible legislation.

The vice-president will call and preside over the meeting of the organizations and represent their interests in the legislature. The treasurer will handle all USG financial problems in conjunction with the finance committee. The secretary will record all minutes of meetings of the legislature and of the campus organizations.

**ALL MEETINGS OF THE LEGISLATURE** will be opened to the en-

# Wagner College To Establish Junior Year Institute In Austria

Wagner College, a college in New York, has announced plans to establish a junior year institute in Bregenz, Austria. The program will afford a limited number of advanced undergraduate students the opportunity to study abroad for an academic year.

**THE INSTITUTION IS UNDER** the direction of Dr. Gaspard Pinette, head of the language department at Wagner. It will begin to operate next September. Applications will be accepted from any student who has completed at least one year of work at an American college.

Wagner officials said that the courses to be offered will be in the humanities, social sciences, and fine arts. Part of the curriculum will include courses in German language and literature; French language and literature; English literature; European, medieval and modern history; art history; philosophy; economics and music.

European professors will teach all courses, except the language courses, in English, Dr. Pinette said. Each student will be required to carry an academic load of 15 credits, comparable to the American requirements, he added. Also Austrian instructors will give guidance in winter sports activities.

"MANY EUROPEAN COLLEGE programs merely turn their students loose at a large university in a strange city leaving the individual to shift for himself," he said. "The Wagner institute will feature classes in which the students are dealt with personally."

Last summer Dr. Pinette made arrangements with civic officials to use one of the local buildings, the Palace Turn-taxis, for classroom space. One of the hotels in Bregenz will accommodate the students.

A cost of \$1,995.00 will cover transportation from New York to Europe and return, room, board, and tuition.

For further information, write to Dr. Gaspard L. Pinette, Bregenz Institute, Wagner College, Staten Island 1, New York.

## Choir Sings . . .

(Cont. from p. 1, col. 5)  
faculty wives, and The Seminarians.

Dr. Raymond S. Hauptert, President of Moravian College, will lead the service and give a brief address entitled "The Meaning of Christmas."

Dr. James J. Heller, Dean of Moravian College, and Dr. Vernon W. Couillard, Dean of the Moravian Theological Seminary, will give the benediction.

The prayers will be lead by Rev. Lewis and Prof. Arthur Freeman of the Seminary Faculty. Scriptures will be read by Larry Wetzel, Ralph Atkinson, Robert Breneman, and Robert Ghodes.

USHERS FOR THE PROGRAM have been selected from the four college fraternities.

## Chanukah . . .

(Cont. from p. 2, col. 5)

ligions and still shines brightly.

The first candle: God, whose first commandment was "Let there be light."

The second candle: The light of Israel's law, the Torah.

The third candle: The light of Justice. No nation can endure injustice to the weak.

The fourth candle: The light of Mercy. Cruelty hardens the heart and destroys friendship.

The fifth candle. The light of Holiness. Purity of thought and nobility of action make all of life sacred.

The sixth candle: The light of Love. "Thou shalt love the Lord thy God with all thy heart and soul and might."

The seventh candle: The light of Patience.

The eighth candle: The light of Courage.

### Gifts

Giving gifts on each night of the festival has become a tradition with American Jews. It is probably a carry-over from the Eastern-European tradition of giving money to the children. On the fifth night of Chanukah, gifts are given after dinner. In some homes a box is put on the table for charity, to remind the children to help those less fortunate in time of need.

Chanukah is different from the other religious Jewish holidays because, except for the lighting of the candles, it does not maintain an aura of sanctity as do the other holidays. However, Chanukah is an important festival because it stands for two great ideals: the achievement of religious liberty, and a revival of sentiment for the national development of the Jewish people. Chanukah is important not only to the Jewish people but to everybody.

# Christmas Dinner

The Woman's Activities Committee will sponsor a Big and Little Sister Christmas dinner to be held in the South Campus dining hall at 5:45 p.m., Sunday, December 10.

Students will seat themselves at their tables according to class grades. A prize will later be awarded to the table having the most original centerpiece, and Big and Little sisters will exchange holiday gifts.

## Student Relations . . .

(Cont. from p. 3, col. 3)

did not allocate funds to professional societies unless a definite relation is evident to the whole student body.

To aid the purpose or theme, the organizations could help in many ways. First, similar organizations could merge.

Second, the presidents of all the clubs could meet to plan a goal and schedule their respective activities on the calendar.

Third, the clubs could be divided into categories such as service council, social council, professional council, etc., with a representative from each in the student government.

**THE POINT MADE WAS THAT** organizations that receive funds must contribute something to the whole student body.

To aid the president and his executive committee a "council of three" could aid immensely as a staff function of the student government in evaluating everything on campus and bringing about an awareness of any deficiency found.

At present our Revisions Committee is serving a purpose similar to this.

The sessions concluded with a discussion on the student's relation to the community. This was exemplified by such items as charity drives for community groups, international goals with foreign students, and political or cultural meetings with the students and community.

**AT MORAVIAN WE SHARE** several goals with other colleges in community relations through our organizations.

Our fraternities and sororities hold Christmas parties and Easter-egg hunts with underprivileged children.

The Vets Association works with the Spring Garden's crippled children.

The Choir shares its talent with the community.

Alpha Phi Omega contributes service to Community Chest, Cancer Drive, Wiley House, youth, the needy, and other related groups.

The Political Activities Club holds community debates and discussions. Other organizations also contribute.

**OUR COLLEGE ADMINISTRATION** is connected with the Bethlehem Historical Society, and the student body through the Community Concert.

Our student government does not share these goals.

The convention did accomplish its purpose of creating better un-

derstanding between students and their relationship on the campus and in the community.

Through these sessions deficiencies on our own campus were pointed out.

**POSSIBLE WAYS THIS INFORMATION** could apply are in our own communications problem. A poster machine could be used by all organizations and committees to get important information properly distributed. This would save much confusion as to time and dress for dances and would possibly give a better turnout.

A decent bulletin board behind Comenius Hall would facilitate posting organization posters and notices and final exam grades.

A logical calendar scheduling distribution would, perhaps, prevent four important events from being scheduled on one night. This would also require administration cooperation to the extent that Homecoming would not be held during mid-semesters, or the Christmas Dance being held two weeks premature because of a concert.

**OTHER IMPROVEMENTS** could be used in an honor system, snow removal and parking, or terminating classes due to excessive snow or hazardous conditions.

There is much our student government can do to meet the "challenge of awareness."

# Librarian Lists Annex Hours

New hours for the opening of the Library Annex have been announced by Miss Caroline Langford, reference librarian.

The library will be opened Saturday from 8 a.m. to 4 p.m. Saturday hours were formerly from 8 a.m. to 12 noon.

The entire schedule of the Library Annex hours is as follows: week days, 8 a.m. to 11 p.m.; Saturdays, 8 a.m. to 4 p.m.; and Sundays, 7 to 11 p.m.

# Honor Guard Aids M C Vets In Flag Raising

The Moravian College Veterans Association (VA) held a public flag raising ceremony at 7:45 a.m. yesterday, in memory of the attack on Pearl Harbor.

**REVEREND HENRY LEWIS**, college chaplain, offered a prayer in memory of those who gave their lives on that day. Ivan Vadeland, president of the VA, and other officers of VA ran up the flag and then brought it to half mast. An honor guard, consisting of a member of each of the four branches of the United States military, fired a three volley salute and played taps.

The fifty star flag, which was flown over the Nation's Capital on July 4, 1960 and presented to Moravian College in September, 1960 by the VA, was used.

Vadeland stated this flag will be flown on all national occasions by the VA in the future.

## Folk Singers . . .

(Cont. from p. 1, col. 1)

Waltzing Matilda—Australia Children, Go Where I Send Thee

The Belafonte Folk Singers are a 12-man vocal group that provides dramatic as well as musical interpretation of its numbers. Innovations in the art of folk-singing developed by the group include imaginative staging and lighting effects, and the dramatization of the stories in the songs.

Almost all of the singers in the group are college graduates, some with advanced degrees, and many are veterans of opera, stage, and television productions. Three basses, four baritones, and five tenors comprise the group.

**ATTENDANCE AT THE CONCERT** is limited to concert members and students of Moravian College. Members of Easton Community Concert are also invited to attend.

# Gridders Post Victorious Slate With 4-3-1 Football Record

by Ted Meixell

The 1961 edition of the Moravian College football team enjoyed a winning season (4-3-1), its first in several years. A relatively young squad, Moravian played on and off football, one week doing a top-notch job and the next looking rather sloppy. The Greyhounds seemed to play the type of ball which their opponents played. Against the better teams, such as Albright, they played great ball, while against teams over whom they were favored, they were often inept.

In the season's opener, the 'Hounds traveled to Long Island to meet C. W. Post, a very strong team which received votes in the small college Lambert Cup poll. Moravian continued last year's policy of winning games statistically, instead of on the scoreboard. Although the 'Hounds dominated the game throughout, Post held Moravian on its three yard line as time ran out to set back the visitors 21-19.

**THE FOLLOWING WEEK** the Greyhounds broke their win famine with a stirring come-from-behind victory over the Wilkes Colonels. Bob Mushrush scored one touchdown himself and passed for the other in the 14-7 win.

Led by two great runs by speedy halfback Jim Kelyman, the 'Hounds trounced a highly favored Juniata eleven, 19-0. Kelyman's first T.D. came on an 80 yard "pro pass" from quarterback Russ DeVore. The second was an electrifying 100 yard gallop with an intercepted pass, and this ultimately took the spunk out of the Juniata.

Once again taking the field in the role of the underdog, Moravian parlayed its stubborn defense into a 14-6, grind-it-out win over the Cadets of P.M.C. Kelyman again scored the two touchdowns on short plunges.

**HOWEVER, APPARENTLY** resting on its laurels, the team traveled to Lebanon Valley to battle the Dutchmen in the rain. Stunned by a 94 yard touchdown on the opening kickoff, the 'Hounds never regained their composure, and were walloped by a 37-14 score.

The high point of the 1961 season came the following week when the powerful Albright Lions rode into town on the crest of a seventeen game winning streak. After a power-packed defensive battle, the Lions had to come from behind to tie Moravian 8-8. The Greyhounds scored on a 26 yard run on a quick opener by senior halfback Jim Frank. The 'Hounds' defensive backs did a great job in holding Albright's outstanding quarterback Gary Chapman to ten completions on 29 passing attempts.

After the big win over Albright, Moravian suffered a slight letdown against Upsala, but still managed to pull out a 20-14 decision over the Vikings.

**UNFORTUNATELY, THE SEASON** ended on a rather sour note. With a two week layoff impairing their timing, the Greyhounds were buried by underdog Muhlenberg, 33-8. With both the offense and defense unable to get untracked, Moravian did not score until there were only 57 seconds left in the game, when Andy Semmel hit Paul Riccardi with a 13 yard scoring pass.

Offensively, the 'Hounds were led by DeVore and Kelyman. Kelyman was the leading ground gainer, with 203 yards on 60 carries. He also caught nine passes, to tie end Dick Andrews in that de-

## COMENIAN SPORTS

### Titans Take Soccer Crown; SPO "A" Leads In Bowling

In bowling action this past Monday afternoon, Tau Kappa Epsilon's A and B teams swept four point each from the Vet's B and A teams respectively.

**IN OTHER GAMES, OGO A** defeated SPO B, 3-1, while SPO A took the measure of OGO B by the same score. Ron Smith, SPO-A in addition to posting the high three game score with his 589, notched the high single for the afternoon with a 221.

On the soccer scene, after weeks of postponements due to inclement weather, the schedule was finally completed. Two games were run off, one counting double in order to expedite the completion of the schedule. Sigma Phi defeated Omicron Gamma Omega 2-0, and the Titans won the double encounter 1-0, also over the luckless OGO eleven.

In a previous issue of the Comenian, it had been erroneously reported that Tau Kappa Epsilon had clinched the championship. We here stand corrected. Due to their two victories last week, the Titans pulled ahead of TKE to win first place. They finished with a 4-1-4 record as compared to the TKE's 5-3-1 mark. TKE, however, was awarded first place in the Inter-Fraternity title chase, the Titans being an independent entry.

partment. Jim, however got a lot of mileage out of his nine receptions, gaining 333 yards.

DeVore had 35 completed passes on 94 attempts. They were good for 634 yards. He also led the team in total offense with 757 yards running and passing.

**THE DEFENSE WAS LED BY** its tough forward wall, with some of the standouts being Art Chap, Dick Andrews, Bob Dietrich, Ed Weinhoffer, and Dick Bedics. In the secondary, Bob Mushrush led with five interceptions, and Kelyman pilfered three, including his coast-to-coast venture against Juniata.

Other leaders were Scoring—Kelyman (40 points); Punting—Craig Rothermal (23 punts for a 30.5 average); Recovered fumbles—Weinhoffer (4).

There are three graduating seniors on the 1961 Greyhounds. Those who have played their last game are: End Dick Andrews, who tied for the lead in pass receptions with nine and played a steady defensive game; End Art Chap, whose defensive play was spectacular; Halfback Jim Frank, one of the team's most dangerous runners.

### Grapplers Travel; Lycoming Provides First Competition

The Moravian College wrestling team will open the 1961-62 season when they travel to Lycoming College next Wednesday evening. This match promises to be one of the outstanding matches of the young season in M.A.C. circles. The powerful Lycoming squad finished second, missing the championship spot by only three points, in last year's M.A.C. tournament which was held at Moravian.

**THE LYCOMING TEAM WILL** probably be led by five veterans who helped their team earn a 7 win and 2 loss record last year. The only losses suffered by Lycoming came at the hands of Hofstra and Wilkes.

Lee Wolfe compiled a 4 win and 1 loss record at 123 lbs. for Lycoming last year. He finished fourth in the M.A.C. tournament after losing a consolation bout by a 7-4 score to Moravian's Bill Rinker. Wolfe will probably start at 123 again this year.

Returning at 130 lbs. will be defending M.A.C. champion Bill Kehrig who led Lycoming with an 11 and 0 record in dual meets last year. Kehrig won the title with a 2-0 victory over Wilkes' Dick Stauffer in one of last year's most exciting tournament matches.

**JOHN CODIGNOTTO WILL** wrestle at 137 lbs. John earned an 8-1-1 record in dual meets a year ago. He also finished second in the M.A.C. tournament at 137 lbs.

At 157 lbs. Lycoming will probably have Bill Jacobs who compiled a 4-2 record last year. The heavyweight spot will feature Joe Confer. Confer owns a 6-4 dual meet record and finished fourth in last year's tournament.

The probable starting line-up for Moravian will be Dave Wilson or Hank Hitner at 123 lbs., Tony Iasello at 133 lbs., Bill Rinker at 137 lbs., Roger Grubbs or Harry Smith at 147 lbs., Steve Rayda or Dan Turner at 157 lbs., Dick Bedics at 167 lbs., Doug Wilkens at 177 lbs., and Dave Linaberry at heavyweight.

**THE MORAVIAN HOPES FOR** a victory over Lycoming will be seriously hampered by the loss of Dick Schaeffer through ineligibility and the possible loss of Dan Turner due to an injured shoulder.

# 'Hounds Entertain Mounts; Local Talent Spices Game

by Paul Reinhard

It should be an interesting evening when coach Rocco Calvo's Moravian basketball team meets the Mount St. Mary's College quintet Thursday in Johnston Hall. The Mounts are a new addition to the Moravian schedule, and coach Jim Phelan brings an experienced club to Bethlehem.

Mount St. Mary's went through last season with a 26-5 record and has its entire starting lineup back. The Mounts gave a strong Providence team quite a tussle last week, losing out by only six points. They have good team speed and depth is not a serious problem. They have an All-America candidate in 6-4 junior John O'Reilly, who scored 613 points last season.

**TWO LEHIGH VALLEY AREA** boys are on the squad, and the contest will pit Ed Pfeiffer, who starred at Allentown Central Catholic, against two of his former teammates, Tim Marsden and Fran Demko of Moravian. The other area member of the Mounts' team is 6-9 Rich Saylor, who played at Catasauqua High School.

Pfeiffer averaged 14 points a game last year, and at 5-9 he hauled in an average of seven rebounds a contest and played excellent defensive ball. Saylor has improved over last season, and coach Phelan will be counting on him to get the ball off the boards.

Mounts' captain Dick Talley is the only senior in the starting lineup. He has scored 976 points in three years of play and last year was named the most valuable player in the NCAA regional tournament at Albright College. Dave Maloney will start at the guard spot opposite Pfeiffer. He played only the second half of last season and teamed with Pfeiffer to give the backcourt extra speed and precision shooting from outside.

**PHELAN IS COUNTING ON** big things from his team this year, but the Mounts play a rugged schedule. They are expecting a tough battle from the Greyhounds—and they'll get it.

## Cagers Topple Swarthmore In 84-70 Win

The Moravian College basketball team opened its 1961-62 season last Saturday night with a decisive, but unspectacular 85-70 victory over lightly regarded Swarthmore. After a close battle in the early stages of the game, the Greyhounds, led by Dick Kosman and sophomore Fran Demko, asserted their superiority late in the first half.

**IN THE EARLY GOING, BOTH** teams were ineffective in their passing and shooting. However, Demko, with his strong rebounding, and Len Zavacky, with his shooting, kept the Greyhounds even over this stretch.

Then, with about five minutes left in the half, Kosman and Demko got hot and led Moravian to their ten point bulge at intermission.

At the outset of the second half, the 'Hounds started right where they had left off. Led by the hot shooting of Tim Marsden, they shot off to an 18 point lead, 56-38. When Swarthmore pulled to within 10 at 70-60 against the 'Hounds second unit, coach Rocco Calvo reinserted his five starters, who had little trouble for the remainder of the game.

Moravian put four men in double figures, led by Kosman's 26. Demko, Marsden, and Ray Pfeiffer, who also played a fine game on the boards, followed with 18, 13, and 10 respectively. The lone bright spot for Swarthmore was lanky Seth Many, who tallied 17.

## Sideline Slants

by Jay and Ted

Well, the football season ended with a big fat boo-boo. The Mules rolled over a hapless apathetic Hound team 33-8. The Mules, who by any standard weren't that good, just rolled and kept on rolling on both offense and defense.

We feel that there could be several reasons why Moravian finished so poorly. Maybe, after putting up such a fine showing against better teams, the 'Hounds were overconfident. This kills any team from the opening whistle. No team can be taken lightly.

Another possibility, and probably the more important, was the one-week layoff between the Upsala and Muhlenberg games.

No team, no matter how good, can keep that sharp edge that spells the difference between a good team and a superior one. The Mules, one week prior to the Moravian game, broke a seven game losing streak by whipping Franklin and Marshall, 28-6. At the same time the 'Hounds were on the practice field.

**The Mules received that extra push that made them the team they could be. Moravian received nothing but a let-down by inactivity.**

We feel that from now on, serious consideration should be placed upon giving the 'Hounds every opportunity of keeping that sharp edge that follows only from weekly competition.

**This year's edition of the Greyhound wrestling squad should again be above average. Coach Paul Kuklantz seems to have the talent to instill the spirit that is needed for a good season. With men via Bethlehem's Liberty High School and various other places, the mat squad should again show a good record.**

Last Saturday brought the advent of this year's basketball season. The Greyhounds ran up a decisive 84-70 win over Swarthmore. They did not however look sharp and made only 41 percent of their field tries, 36 for 87. Anyway its one for the win column, let's keep it up.

# Marlboro\_

campus favorite in all 50 states!

*...It's a top seller at colleges from U.S.C. to Yale  
 ...and 1st in the Flip-Top box in every single state*

If you think you're seeing more Marlboro men lately, you're right. More than 25,000 smokers all over the country are switching to Marlboro every month!

You'll know why when you try them.

Marlboro is the filter cigarette with the unfiltered taste. The secret of the flavor is the famous Marlboro recipe from Richmond, Virginia... and the pure white Selectrate filter that goes with it.

Try Marlboro and judge for yourself. On or off campus, you get a lot to like.

*Flip-Top box or King-size pack*
