College Union Building Set For Opening Day, Monday

Monday, March 12, will be the first day that the College Union Building will be officially open for all-student occupation. During the first few days, there will be touring service available for students and faculty to become acquainted with their new Union Building. But, there are other facts that should be realized by those concerned before the big day arrives.

WE ALL REALIZE THE building is over there and almost completed . . . but just what is it? The Association of College Unions states: "The term 'college union' implies an organization and a building. The organization, ordinarily composed of students, faculty, and alumni, is an informal educational medium for individual and group self-discovery and expression through a broad program of social and cultural recreation adapted to the leisure-time interests and needs of the college community. The union building is a community center, the physical instrument for implementing the objectives of the organization and for facilitating a community life." In addition to this, we hope our Union Building will be the "hub" of all campus life, offering itself for the unity of our complex college situation.

The activities carried on within the Union Building will be of service to the college and to the community. The food service will be provided by Wood Catering Service. The book-store will be operated by the College. The programming of college events is being planned by the various College Union Committees which consist of more than sixty Moravian College students. Such extensive programming is coordinated through the College Union Program Board. Legislative policy of the building will be handled by members of the Governing Board. All reservations of groups to use the facilities of the Union Building must go through the College Union Director's office.

Since it is impossible to tell now on what kind of a budget the Union Building will be operating, the first few months will be a period of experimentation. Once the initial expenses are met, however, the cost of operation of the building will be self-sustaining,

needing no outside source of finance to depend upon.

DURING THE WEEK, various phases of our campus life have been orienting themselves to their new home in the College Union Building. The Comenian, Benigna, United Student Government, College Union Boards and Committees, the College dining-room, and book-store have moved in and are repairing for operation. The table-tennis and pool tables are ready for use; the stereo, television, and piano are installed to provide more leisurely enter-

(Cont. on p. 2, col. 5)

Then . . .

Now . . .

Monday, that's the big day, when most Moravian students will walk through the doors of the new College Union for the first time. The landscaping may be a bit rough, but come April when the auditorium is complete, all will be in order. Photo by Stoddard

Major In Economics Established; Designed To Aid Student Needs

A new major in Economics leading to the degree of Bachelor of Arts has been established at Moravian College.

THE DEGREE FOR THE EXISTING MAJOR IN ECONOMICS AND BUSINESS ADMINISTRATION has been changed from Bachelor of Science to Bachelor of Arts.

These developments reflect the modern needs of both those students who will terminate their higher education upon graduation and those who intend to continue in graduate study.

The new major in economics will accommodate those who plan to attend graduate school and who must meet certain entrance requirements.

IT IS ALSO DESIGNED AS A base for future teachers and professors, not only of college economics but also of secondary social studies, since more economics is being added and required by the State Department of Education in the high schools.

Courses required for the major in Economics and Business Ad-

ministration have been revised to better serve the student who seeks a career in business and industry.

The degree in Economics will require basically 27 credit hours in economics and three in accounting. The degree in Economics and Business Administration will re-

Friedman Tops Gill In USG Primary Vote

by David Howard

Miss Jean Friedman, candidate for President of Moravian's United Student Government (USG) received 260 votes in the primary held last Monday and Tuesday in Comenius Hall.

PETER GILL, CURRENTLY President of USG, running for reelection to the post, received 170 votes.

Two write-in votes were cast for Tony Gawronski and one for Thomas Vargo.

In the Vice-presidential voting, candidate Robert Lercher received 214 votes while his opponent, Frank Miller tallied 205.

GROVE STODDARD RECEIVED three write-in votes, while Neil Romanoff received one.

Miss Barbara Finn, the lone candidate for Secretary, topped the voting with 355. Numerous write-in's were cast with Rodger Grubbs heading the list with 12. Other receiving write-in votes were Pati Long-5, James Heller-3, Sharon Yaeck-3, Ivan Vadelund-2, Betty Finn-2, and John Rubia, Vicci Vroom, Marge Wallace, Ann Woltjen, Tony Iasello, Jan Stever, Peggy Jurman, Bobbi Nagy, Ann Barnes, Robert Welsh, Larry Lewis, Janice Whitfield, and Al Finnegan, all receiving one write-in vote. The candidate who will oppose Miss Finn will be selected from those having the highest number of write-in's. Pending his acceptance, Grubbs will be the other candidate. Should he choose not to run, then, the student with the next highest total will be in line for the other position on the ballot.

Joseph Trodahl received 226 votes for the post of USG treasurer. Jack James, also, seeking the office tallied 187 votes in the primary.

Write in votes were cast for Gary Sandercock-4, Phil Sabetti-2, and John Ott, Tom Thomas Minor, Rodger Dusinski, and Robert Ashley, one each, for the treasurer's position.

A TOTAL OF 435 VOTES were cast in this USG primary election.

Dr. Mueller Set For Visit During Annual Religion In Life Week

One of the speakers for this year's observance of Religion in Life Week will be Dr. William R. Mueller, chairman of the Department of English at Goucher College, Baltimore, Maryland.

DR. MUELLER RECEIVED his bachelor of arts degree from Princeton and his PhD. from Harvard.

He has been associated with the United States Naval Academy,

Enjoy The College Union —Obey Its Regulations

by Paul Reinhard

Records are made to be broken, but rules are made to be kept. With the innovation of the College Union Building, a list of rules has been compiled governing the use of the recreational facilities in the building. With the cooperation of all the students, the CUB can offer both relaxation and education.

The list of rules is by no means complete. More rules are under discussion in the various committees, and a complete set will be posted when the CUB opens. The attitude and display of responsibility on the part of the student body will determine whether more rules will be necessary.

The rules which have been drawn up to date are as follows:

1. All recreational facilities will be available for use from 7 a.m.-11 p.m. Monday through Saturday, and after 1:30 p.m. Sunday.
2. Checkers, chess, cards, scrabble, etc., may be played in the snack bar at all times, except during the designated dining hours.
3. Persons using any of the recreational facilities will be required to sign out for the necessary equipment and will be responsible for its return—in good condition.
4. Any damage will be paid for by the student or students responsible.
5. No pieces of the recreational facilities may be taken from the building; that is, decks of cards, cues, paddles, checkers, chessmen, etc.
6. There will be a nominal fee for the use of the pool tables.
7. The recreational facilities may be used only by students of Moravian College, guests, faculty and employees of the college.
8. Good conduct and sportsmanship will be observed at all times.

Enjoy your College Union Building, but respect its property. The CUB is your home on campus; don't misuse it.

College Bequeathed \$66,416 From Warren Roberts Estate

Moravian College has received \$66,416 from the estate of the late Warren R. Roberts, founder of Woodring-Roberts Corporation of Bethlehem.

THE BEQUEST ESTABLISHES the Warren R. and Sadie Roberts Student Aid Fund which will be used in "providing aid to worthy students in need of financial help in securing a college education" with preference to students from Bethlehem and from Mr.

Roberts' native town of Freemansburg.

Roberts, who died Feb. 3, 1960, was a lifelong friend of Moravian College although neither a graduate of the college nor a Moravian by faith.

He was active in politics, serving as auditor general of Pennsylvania and also as State Senator from Northampton County for three terms. During part of this

Union . . .

(Cont. from p. 1, col. 2)

tainment; even decks of cards for bridge and pinochle are available. The opening of the Moravian College Union Building is near.

The potential strength of this building lies in the fact that it can be the "hub" of campus life; this can be the instrument by which the prevalent apathetic attitude on campus may be eliminated.

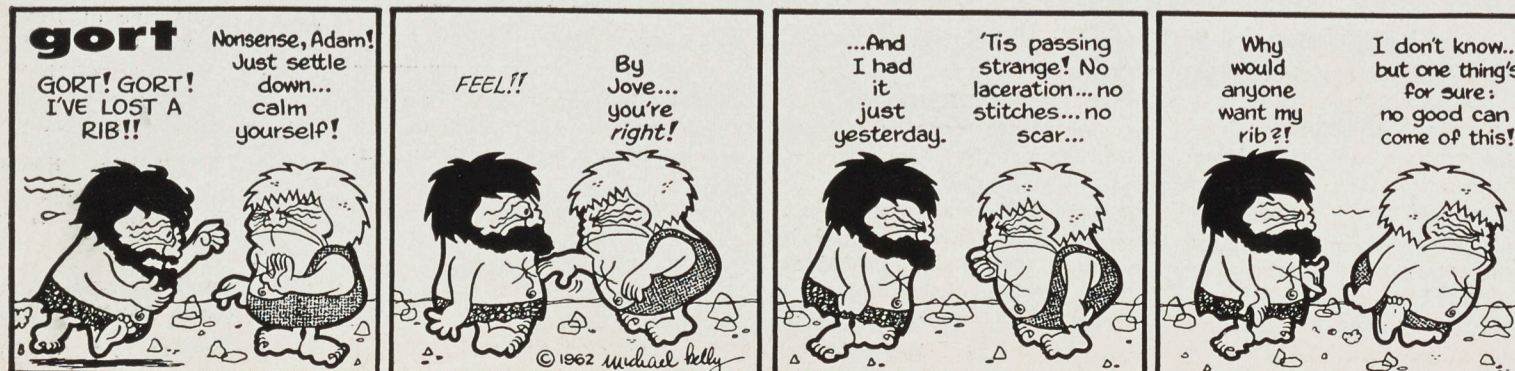

The success of the building depends upon the cooperation of the student. From the time that United Student Government began discussing the possibility of a College Union on campus in 1958, the student has been actively involved in the development of the building. Few people realize that this building represents four years of planning and one million two hundred thousand dollars worth of investment . . . and the activity in the building has not even begun yet!

FOR THE TIME AND MONEY involved it seems almost a shame that the building does not open to music and fanfare. But this is not the purpose of the College Union Building. The purpose is to provide an informal, home-like atmosphere in which the student can come and feel as though he belongs. For that reason there is no "formal" opening for the student body. The programming is to begin slowly and informally so the impression is not given that a show is being put on. In this way the College Union Building will blend itself into the community which it is to serve, and thereby fulfill its purpose to the greatest degree.

Major . . .

COMENIAN

COMENIAN SPORTS

Sideline Slants

by Jay and Ted

Moravian fans weren't offered much consolation last weekend at the Middle Atlantic Conference wrestling tournament in Wilkes, but if there was any at all it was that perennially tough Wilkes didn't take its sixth straight. Although the Colonels had the tournament's most outstanding wrestler for the second year in row, they had to settle for fourth place in the final team standings. Ted Toluba, who won the MVW award, was certainly deserving of it. In four bouts, he wrestled a total of about 16 minutes and pinned four opponents.

J. Scholl

T. Meixell

Lycoming, which won the team title, is no stranger to the Moravian team, for it was the Western Pennsylvania college which holds the only win over the Greyhounds this season. Lycoming finished three points behind Wilkes in last year's tournament here, and was not to be outdone this year. It deserves a lot of credit.

The Moravian picture was hazy indeed, as coach Paul Kuklantz's wrestlers, picked as one of the top teams in the tourney, finished a distant seventh. Only two Moravian wrestlers managed to go through the first day of competition without a defeat, and only one of them placed when the tournament was over. Dan Turner, the 167-pounder who had to sit out the first seven matches of the regular season with a bad shoulder, made the best showing by finishing third in his class. Roger Grubbs, who went through the regular season unbeaten, suffered some bad fortune in the tournament when he lost two bouts and had to settle for a fourth place finish.

Probably the toughest Moravian competitor in the meet was 123-pound Dave Wilson. The spunky freshman won his two bouts the first day, but he was in the same weight class as Wilkes' Brooks Yeager and Hofstra's Don Hannon. Wilson didn't place in the tournament, but he can look forward to three more years of competition and should do much better.

"When winter comes, shall spring be far behind." This statement is in order, what with basketball and wrestling gear packed away for another year and baseball, golf and tennis coming to the foreground. Tuesday's snow put the damper on the baseball team, which was to have started outdoor practices, but it won't be long before coach Harvey Gillespie's squad embarks on another—and we hope successful—campaign. The golfers will have to hold off until snow clears off the area courses, and the tennis team will have to settle for indoor sessions for a while. But they will have their time as well.

Matmen Place 7th In MAC's; Fail To Gain Single Champion

"What happened?" That's the question Moravian College wrestling fans asked each other following the Greyhounds sub-par performance in the M.A.C. tournament last week - end at West Chester. The Greyhounds failed to place a man in the championship round and finished sixth with 18 points.

Raquetmen Start Practice; Prep For Coming Season

With the first tennis match scheduled for Wednesday, April 4 against LaSalle, Coach Sam Kilpatrick and his net squad are hard at work practicing in Johnston Hall.

About twenty men, including eight from the Freshmen Class, have turned out to take part in a preliminary, round-robin tournament to determine this season's starting assemblage.

Last year's tennis unit, with a record of 10 wins and 3 losses to Haverford, Lafayette, and Dickinson, bettered its record of triumphs for the past three seasons. The 10-man force included Merv Trumbore at first singles position with Bob Lipkin and Bill Grosh at second and third. Ken Walsh, Dick Spaugh, and Grove Stoddard held the last three spots.

THE LAST FIVE MATCHES incorporated P.M.C. (9-0); Upsala (9-0); Muhlenberg (7-2); St. Joseph's (6-3); and Wilkes (6-3). Ken Walsh was the prominent player of these matches winning every singles and doubles match he played.

The mates comprising the dou-

bles were uniform throughout the season. Trumbore and Lipkin played first doubles, Grosh and Walsh played second, and Spaugh and Stoddard third.

Trumbore held the best seasonal record of 13½ points. Lipkin and Walsh followed with 12 points while Stoddard had 11½. Grosh and Spaugh collected 10 and 9½ points respectively.

ALL MEN EXCEPT LIPKIN have returned to this seasons net force to pad the squad with experience and potential. Kilpatrick is hungry for the seasonal play and feels his boys will blend into a profitable form.

The season, opening April 4, will follow through to May 17. Campus eyes can view 8 home games this year while the team takes on 7 additional contests away from the home courts.

Dan Turner led the Moravian team by winning third place at 167 lb. when he decisioned Bucknell's Jon Portnoff 5-4. Dan lost in the quarter-finals to Swarthmore's Dave Walter 9-6 but came back in the consolations to earn third place.

SENIOR BILL RINKER (130 lb.) and freshman Dave Wilson (123 lb.) were the only Moravian wrestlers to make the semi-finals. Rinker lost his bout to West Chester's Al Schweitzer 3-0 and Wilson lost to Lycoming's Lee Wolfe 11-0. Rinker earned fourth place at 130 lb. after losing to Bucknell's Bill Sweet 5-4 in the consolation finals.

Roger Grubbs, seeded first at 147 lb., was defeated in the preliminary round by Wilkes' John Gardner 8-4. Grubbs had beaten Gardner in the Moravian-Wilkes dual meet 9-4. Roger wrestled in the consolations and was awarded fourth place in his weight class following a loss to Lycoming's John Guttermuth 5-3 in the consolation finals.

Moravian hopes for victory in the tournament were barred again in the quarter-final round when 157 lb. Dick Bedics had to withdraw from the tournament because of a mild concussion he received while wrestling Bucknell's Ken Brust.

TONY IASIELLO WON HIS preliminary bout with a fall over Lawrence of Lafayette in 8:20. Ed Dusel of Bucknell eliminated Tony in the quarter-finals by a 7-6 decision. Moravian's Doug Wilkins (177 lb.) was eliminated in the quarter-final round after losing to Bucknell's Bill Bussinger 5-0. Jim Mazza, Moravian heavy-weight, lost his preliminary match to Muhlenberg's Biolsi on a fall in 4:01.

Lycoming won the team championship with 70 points. They were followed by West Chester 55, Bucknell 44, Wilkes and Hofstra 37, Swarthmore 25, Moravian 18, Temple 16, Muhlenberg 12, Drexel 8, Lafayette and Albright 6, Dickinson, Lebanon Valley, Ursinus and Juniata 2.

Two big upsets highlighted the tournament. Hofstra's Don Hannon decisioned Wilkes' Brooke Yeager in the semi-finals. Yeager was last year's champion at 123 lb. and the most outstanding wrestler of that tournament. The other upset featured Bucknell's John Coyle decisioning Ursinus' Dick Dean in the semi-finals by a 1-0 score in overtime. Dean won a championship at 147 lb. in 1960 and had compiled an excellent dual meet record this year.

LYCOMING'S WINNING TEAM captured three individual championships and runner-up West Chester earned two titles. Last year's tournament champion Wilkes won two individual titles this year and Hofstra won the final title.

Hofstra's Don Hannon won the 123 lb. title after decisioning Lycoming's Lee Wolfe 7-3. West Chester's Al Schweitzer won at 130 lb. by decisioning Frank Baselice of Hofstra 5-2. Lycoming's

Houndettes Victors In Playday Events

In the Albright gym on March 3, 1962, the Moravian girls basketball team emerged undefeated from the final playday of the season.

During the morning games, the Houndettes successively bested Kutztown, Cedar Crest, and Albright. Led by Sharon Yaeck, the girls team has been undefeated in both of the playdays this year, thus becoming the first team in several years to remain undefeated and win first place in two such events.

All teams participating in the playday were the guests of host Albright for a luncheon.

OGO's Defend Court Crown In I-F Tourney

Starting Monday, Omicron Gamma Omega will sponsor the second annual Lehigh Valley Inter-Fraternity basketball tournament. Entered in this affair will be the three top fraternity teams from Lehigh, Lafayette, Muhlenberg, and Moravian.

THE ENTIRE TOURNAMENT will be completed on five nights, and is open to the public. There will be no admission charged, so come out and back your favorite.

Games will begin at 6:30 p.m. on March 12th, 14th, and 15th. The starting time on March 21 will be 6:45 p.m. The championship will be played at 8 p.m. on March 22nd.

Leading the entries will be defending champion OGO and runner up TKE from Moravian. Rounding out the Moravian representation will be SPO.

LAFAYETTE WILL ENTER Sigma Alpha Epsilon, Phi Delta Theta, and Phi Gamma Delta. Muhlenberg is represented by Lambda Chi Alpha, Phi Epsilon Pi, and Alpha Tau Omega. The participants from Lehigh include Sigma Nu, Phi Kappa Theta and either Theta Delta Chi, or Sigma Chi.

From all indications, the tourney should have a lot of good competition, with all teams pointing to dethrone the OGO squad.

APO Inducts Nine Members To Fraternity

Nu Lambda Chapter of Alpha Phi Omega (APO), national service fraternity, inducted nine members at a Brotherhood Ceremony held Wednesday, February 28, at 7:30 p.m. in Bohrek Chapel, announced Kenneth Morick, chairman of the publicity committee.

THE NEWLY INDUCTED brothers are; John Gavin, Roger Erb, Anthony Krasnicke, William Martin, Garry Miller, David Pollock, Ronald Schmoyer, Harry E. Smith, and James Szarko.

The ritual team consisted of Dr. Sam Zeller, chairman; Charles Canning, president; Robert Preston, vice-president; Craig Borst, secretary; Don Jacob, secretary; Ken Holtje, treasurer; and John Waidner, sergeant at arms.

After the formal ceremony Canning presented Harry Smith with the Outstanding Pledge Award. Smith is a freshman from Afton, New York.

MORICK ADDED, THE LITTLE brothers then presented their pledge paddles to their big brothers, and everyone retired to the Emcee annex for coffee.

MAC's . . .

(Cont. from p. 3, col. 5)

Bill Kehrig repeated as champion at 137 lb. when he pinned West Chester's Pete Parlett in 5:13. John Gardner of Wilkes won the 147 lb. title with a close decision over Bucknell's John Coyle 5-4. Roger Sanders became West Chester's second titlist when he defeated Bucknell's Ken Brust 6-1 at 157 lb. Ted Toluba of Wilkes clinched the outstanding wrestler award when he pinned Swarthmore's Dave Walter in 7:41 at 167 lb. Lycoming captured the last two championships when Dave Fortin decisioned Swarthmore's Mike Cook 7-4 and Joe Confer defeated Temple's Bill Lites 3-2.

Mueller . . .

(Cont. from p. 1, col. 5)

and Williams College, before taking his present position at Goucher, in September of 1961.

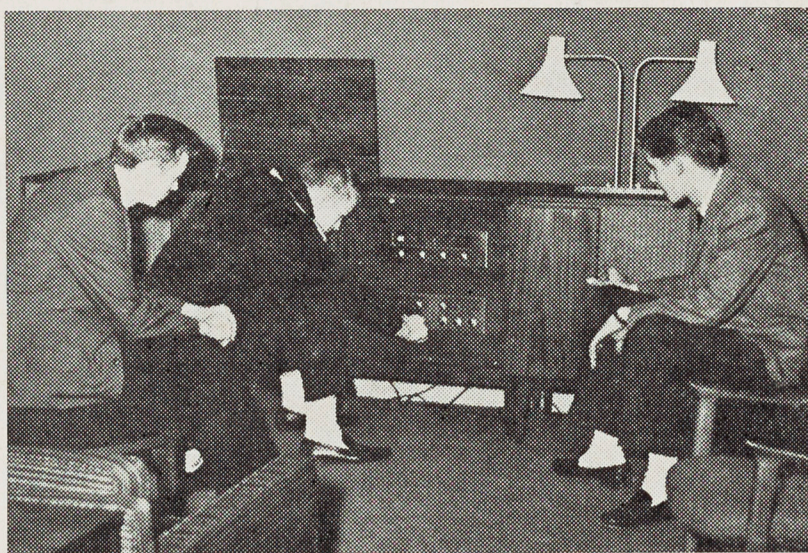

Dr. Mueller was a Ford Foundation Faculty Fellow in 1953-54, serving as a Visiting Fellow at the Yale Divinity School.

IN ADDITION TO NUMEROUS periodical and newspaper articles and essays, he has published four books including "The Prophetic Voice in Modern Fiction."

Dr. Mueller will arrive on campus Wednesday, March 29, when he will visit two English classes, speak at the college chapel service, and conduct a discussion on the theme of the week, "Religion in Contemporary Literature and Drama." Wednesday evening he will dine with members of campus fraternities, and participate in a panel discussion with the other Religion in Life Week speakers.

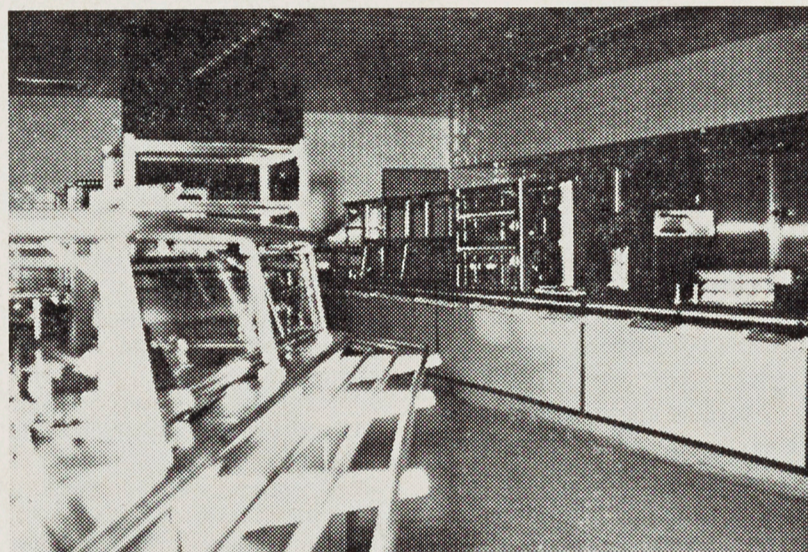

Thursday, Dr. Mueller will visit the Modern American Literature class and give a major lecture later in the day. His visit will be concluded with a luncheon with students at 12:45 p.m. that day.

Cub - Sneak Preview

It could be these students are trying to find some "music to tour the College Union." They've got a good chance to find it too, with the brand new stereophonic record player in the CUB lounge. Just another one of the excellent facilities provided in the building.

Photo by Stoddard

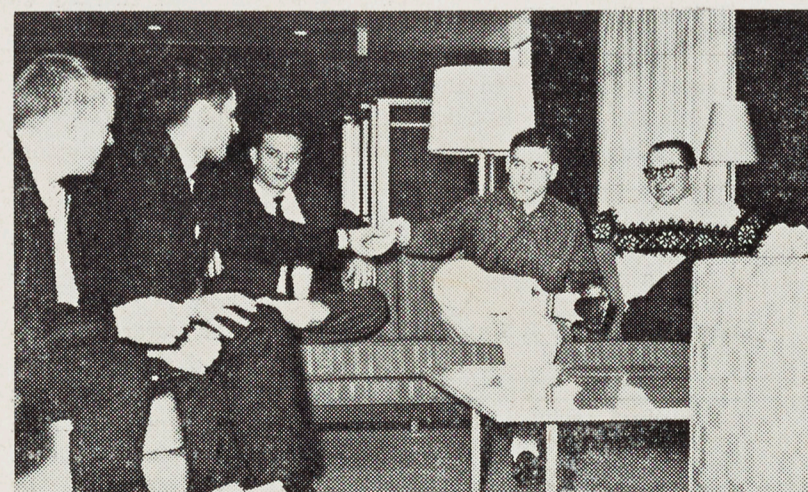

A kitchen like this could put an end to food fights, campus riots and even the Men's Food Committee. Meals from this gleaming kitchen will be served starting with breakfast this Sunday. Photo by Stoddard

It is evident that all members of the College Union committee are in agreement. Agreement for what? Why to open the CUB Monday, of course.

Photo by Stoddard

Monday this lounge area will be a lot more crowded than it is in this view. From the expressions on this of this group, that new furniture must be really comfortable.

Photo by Stoddard

Scientists Study Radiation; Disagree On Its Effect

by Harriet Pierie

An article in the 1959 Science News Letter, "Ancestors Felt Fallout," gives a reassuring opinion about radiation by stating that our great-grandparents were exposed to as much radiation as we are. Reports in Newsweek say that the blasts at Hiroshima and Nagasaki haven't caused any significant increase in cancer or in genetic mutation. In direct contradiction, Saturday Review finds increases and warns of fallout intensity.

THE NEWS LETTER ARTICLE is phrased in a tentative way—"scientists do not have definite proof, but . . ."—which indicates just how much scientists really know about the problem. Their hypothesis is that because sanitary conditions 200 years ago were such that people did not bathe or wash their hands frequently, radioactive particles remained on the body.

The origin of these radioactive particles, they said, was in naturally occurring radio isotopes and cosmic radiation. Since modern society has sanitary habits, the amount of radiation from the atomic age would not be an addi-

tion to the natural amount. As for the Strontium-90 level in milk and water, the research workers felt confident that it would not rise, because it had not fluctuated drastically.

Newsweek emphasizes that there was no fallout in Japan, because the fire ball was too high to sweep up debris that would have secondary radiation. The effects of primary radiation are an increase in leukemia, a reduction in the number of daughters of irradiated fathers, and the number of sons of irradiated mothers, and twice as many tumors in bomb survivors as in the normal population.

BOTH NEWSWEEK AND Saturday Review underline the fact that there is no evidence of a radiation level which causes no effect. Radiation experts say that it is very difficult to know just how much genetic damage has occurred, and the Japanese survivors are the only human guinea pigs.

With little evidence and much contradiction about the danger of radiation, the countries of the world go on testing bombs.

Bequest . . .
