MORAVIAN COLLEGE

STUDENT WEEKLY

Volume LXV

Bethlehem, Pa., Friday, October 5, 1962

Number 2

## College Shows Fall Semester Enrollment

The total enrollment for the fall semester has reached 908 students, an increase of over 45 from last year. This statement was made this week by Director of Admissions, Mr. Sam R. Kilpatrick at his office. There are presently 597 men and 311 women attending the college of which 502 are day students and 406 are residents.

**THE TOTAL NUMBER OF** new students is 310, with the breakdown as follows: 240 freshmen, 29 transfers, 17 special students and 24 former students. The 240 freshmen, 149 men and 91 women, represented ten areas of the United States and the world. The foreign students are from Brazil, Canada, Cuba, Equador, France, Kenya, Korea, Nicaragua and the Virgin Islands.

Mr. Kilpatrick explained that approximately 713 applications for admittance were processed, of which 473 were accepted for 250 places. The college accepts more students than places because of students not accepting the bid from Moravian.

The freshman class has 111 registrants for B.A. degrees, 180 registrants for B.S. degrees, 17 special and two are undecided.

**THE RELIGIOUS AFFILIATIONS** of the new students represent all the churches. There are 181 Protestants, which is 70% of the incoming students; 67 Roman Catholics, which is 25%; and 13 members of the Jewish faith, which are 5% of the enrollment.

The Protestant denominations break down into further degrees: 1 Adventist, 7 Baptists, 26 Episcopalians, 4 Evangelical United

(Cont. on p. 3, col. 1)

## Graduate Exam Dates Listed

The Graduate Record Examinations, required of applicants for admission to a number of graduate schools, as well as by an increasing number of donors of graduate fellowships, will be conducted at examination centers throughout the country five times during the coming year. Educational Testing Service has announced. In the five administrations conducted during 1961-62, more than 42,000 candidates took Graduate Record Examinations in the National Program for Graduate School Selection.

This fall candidates may take the GRS on Saturday, November 17. In 1963, the dates are January 19, March 2, April 27, and July 6. Educational Testing Service advises each applicant to inquire of the graduate school of his choice which of the examinations he should take and on which dates. Applicants for graduate school fellowships are often asked to take the designated examinations in the fall test administration.

Moravian's energetic cheerleading corps demonstrate their ability at last Saturday's Wilkes-Moravian game. With the power supplied by the team, the group help lead their forces to a victory over the visiting Colonels.

## Upperclass Rushing Begins I-F Council Lists Regulations

by Stephen Kery

The Inter-Fraternity Rushing Program, at Moravian College is in full swing.

**OCTOBER 4TH WAS THE BEGINNING** of the formal fall rushing program. First on the format is the posting of the Open House invitations. These invitations are extended by the brothers of Sigma Phi Omega, Omicron Gamma Omega and Tau Kappa Epsilon.

The rushees will attend parties given by the individual fraternities. The TKEs will be holding their open house on October the 8th. On October 10, Sigma Phi will have their rushee party. OGO will follow with theirs on October 12th.

Saturday, October 13th, at 12:00 a.m., marks the start of the Silent Week. During this week, if any rushee is found talking to any brother, he will automatically lose the privilege of pledging for that semester. The fraternity is then subject to a fine if in the event that this occurs.

**A FORMAL LIST OF PERSONS** is when submitted to the I-F Council. On Monday, October 15th, 12:00 noon, the council will render its final approval. To be pledged, a rushee must have

## Cub Speaker

Mr. Robert S. Pharo, Republican candidate for Bethlehem for the state senate, will visit Moravian on October 17, in Prosser Auditorium in the Student Union Building.

Mr. Pharo will be here by the invitation extended by the Political Activities Club in the quest for political interest on campus. The candidate will review the Republican plans on the local, county and state level.

a grade point of 1.8 or better.

After the final approval by the I-F Council, the fraternities will post their bids. These bids will be announced on Wednesday, October 17th.

It has been announced that the deadline for returning signed bids is 5:00 p.m., Friday, October 19th. The collections and distribution of bids by the I-F Council will mark the termination of the silent period.

## Business Club Gains Skills In Handling Stock

In its first full year of activity the Amrhein Fund's members are gaining much experience in the handling of stocks on the New York Exchange.

The Amrhein Fund is a fund that was given to the college by Mr. Irving Amrhein of Auchincloss Parker and Redpath to give the business students practical participation in the working of the exchange.

The group has organized themselves into four committees to report frequently and to decide in which stocks the fund should be invested. These committees are formed to study business cycles, long term stocks, short term stocks, short term investments.

The fund was first started in May '62. In its first meetings because of the lateness of the year little could be started. During the summer when the stock market decline Mr. Gehman purchased a few stocks. Among the stocks that were purchased were I.B.M., Air Products, Allied Chemical, Bethlehem Steel, C.B.S. and United Shoes. Of the stocks that they purchased the club has shown a net loss but the prospects for the stock prices to increase in the future.

## USG Elects Pete Gill To NSACoordinator Position

Pete Gill was elected to the post of National Student Association (NSA) Coordinator at Monday night's United Student Government (USG) Meeting. Gill was the only student nominated for the position. Grove Stoddard declined a nomination to this post.

**VICE PRESIDENT ROBERT** Lecher, taking over the meeting in the absence of President Jean Friedman, clarified the position of "USG Troubleshooter." Patti Long who is acting in this capacity will not be taking an active part in USG committee work, but will just be observing the meetings.

Lecher stated, "That a report

## College Art Contest Now Being Shown In College Union

by Kai DePuy

The Fifth Moravian College Founder's Day Art Contest, will display their paintings from Tuesday, October 2 to Thursday, October 25, in the College Union Building. This event, which has become a part of the growing traditions of the school, is open to all artists, both amateur and professional. Begun five years ago in the fall of 1957, on the occasion of the 150th anniversary of the founding of Moravian education, the content has consistently awarded a first Prize of \$150 and a second Prize of \$100 for the best work submitted.

(Cont. on p. 4, col. 4)

will be submitted next week on the program of evaluating college courses here at Moravian."

In other USG business a motion was made and passed to pay President Friedman's budget for her trip to the NSA conference in Ohio this summer. In commenting on this action, Vice President Lecher said, "I know that our President gained a great deal from the conference and will be happy to hear that her expenses will be paid."

**A COMMITTEE FOR THE** proposed USG Candidate Rally to be held on March 7 was named. Members of this committee are, Fred Cartier, Chuck Canning, and Sharon Yaeck. The rally will be organized to give candidates for USG office a chance to meet with students.

The question of whether action taken by the disciplinary committee should be made public in the USG Newsletter which is published was brought up, and a member of the publicity committee said the matter would be looked into.

Lecher reported that there had been some difficulty in issuing a college calendar. He added that the calendar would be distributed to all students in a short while.

## Danforth Fellowships Open To Future College Teachers

Fellowships, offered by the Danforth Foundation of St. Louis, Missouri, are open to male college seniors or recent graduates preparing for a career of teaching, counseling, or administrative work at the college level. Applicants may be planning to major in any field of study common to the undergraduate liberal arts and sciences curriculum, at the American graduate school of their choice, but should not have already undertaken graduate work. Nominations close October 25.

**APPROXIMATELY 100 FELLOWSHIPS** will be awarded candidates nominated by Liaison Officers of accredited colleges and universities in the United States this year. Nominees will be judged on intellectual promise and personality, integrity, genuine interest in religion, and high potential for effective college teaching.

Winners will be eligible for up to four years of financial assistance, with an annual maximum of \$1,500 for single men and \$2,000 (as well as \$500 per child) for married men, plus tuition and fees. Students without financial needs also are invited to apply.

Danforth Fellows and leading scholars are guests of the Foundation at an annual conference on teaching.

**THERE ARE NOW 472 DANFORTH FELLOWS** in graduate study

preparing to teach, and 267 more already teaching in some 150 colleges in this country and in 20 institutions abroad. Danforth Fellowships may be held for life, with certain benefits after completion of graduate study such as financial assistance to attend educational conferences.

Students may hold a Danforth Fellowship concurrently with other appointments, such as Ford, Fulbright, National Science, Rhodes, Woodrow Wilson. Winners will become Danforth Fellows without stipend until these other awards lapse.

The Danforth Foundation, one of the nation's 10 largest educational Foundations, was founded in 1927 by the late William H. Danforth, St. Louis businessman and philanthropist. The Foundation's primary aim is to strengthen higher education through its own programs of fellowships and workshops and through grants to colleges, universities and other educational agencies.

**INQUIRES ABOUT DANFORTH** Graduate Fellowships for (Cont. on p. 4, col. 4)

# No Cooperation

The Administration of Moravian College seems a bit reluctant to cooperate with the student body.

To review a little past history, we can look back to last May when the annual Spring Carnival was held. Since its beginnings this event has been held on South Campus. Attempts have been made by those in charge of this event, to relocate to North Campus and Johnston Hall. The athletic field would surely be more adequate for the carnival than the smaller South Campus area, and Johnston Hall would be the ideal place to hold the dance that follows. But the college administration said the North Campus area was not available to a college group on this particular weekend. It seems that a local organization was to use our North Campus facilities and the Spring Carnival was relegated back to South Campus. It may be said this is all in the past. To bring the matter up to the present, we find the United Student Government again meeting in Comenius Hall. The Bethlehem-Salem Room of our College Union Building was being used by another local organization.

This room was designed with the United Student Government in mind. It is a more convenient and adequate area in which to hold a student government meeting than the antiquated Comenius Hall. Perhaps the college administration as well as student union officials should pay more attention to the needs of their students and less to the whims of area groups. It seems difficult to understand why college organizations are forced to take a back seat to outside interests.

—DBH

# Failure Of A Generation

Spawned from an atmosphere of hatred and bigotry "The Mob" has raised its unruly head in the state of Mississippi. A whole world is looking on to see what happens here. They can only conclude that a new generation has failed.

Due to the inexplicable folly of Governor Ross Barnett two men have lost their lives, the law has been flagrantly flouted and mob violence has been placed on a pedestal of honor. The "common sense" of America deserted itself at Little Rock and it has deserted itself again at Oxford. The problems for the South have been so exacerbated and complicated that the damage may be beyond repair.

But this violence is only a physical manifestation of a type of mental atrophy. When the mind of man is fed by the cancer of hate and intolerance it degenerates into a state of morbid sterility. Implanted in the minds of these young Mississippi college students were seeds that could only sprout into the weed of race hatred. When these seeds are continuously sprinkled with the putrid water of the older generation the seeds of reason die while the weed grows stronger.

These young people can never be justified in what they have done, nor should they, but now a time has come when recriminations must be put aside. A part of the new generation has failed miserably but not the whole.

With our help and understanding these misguided students may find the weed of race hatred which has sprouted unhindered for a hundred years and use the insecticide of love and tolerance to kill this growth of hate and intolerance. Perhaps then a new flower may bloom and prosper where once it could not.

—DNB

# Moravian Grotto Explores Drieblius Cave Discovers Wonders of Pluto's Underworld

by Pat Erskine

Moravian Grotto of the National Speleological Society affords many experiences inside and outside the realm of cave exploration.

**THE FIRST GROTTO MEETING OF THE YEAR, HELD WEDNESDAY, SEPTEMBER 19, ACQUAINTED** new members with the equipment and techniques used in caving.

The first expedition, consisting of nine experienced cavers and 11 novices, set out for Drieblius Cave on Sunday, September 29.

The group that entered the cave was enthusiastic; the group that came out was a little more than fatigued, but still smiling. The carbide-singed flat-top, shredded coveralls, and muddy flesh could not detract from the feeling created by being underground for the first or tenth time.

**THE UNDERGROUND IS A** world of its own. Voices are magnified and distinct, competing only with the dripping of water and echoes of footsteps. Without artificial light from carbide lamps or flash light there is complete darkness—not even the glow from a radium dial watch. Sometimes a caver is suspended between two walls with no time to contemplate the apparent nothingness below him. The sense of direction is completely dependent upon the knowledge of guide.

The members of the expedition are grateful to G. Noel Schwartz, 2 year veteran and vice-president of Grotto, for his expert leadership. Never to be forgotten are his encouraging words as he demonstrated the maneuvers used in a passage called "The Lemon Squeeze."

G. Noel Schwartz is grateful to the group too. Had it not been for the other three leaders, Ken Holtje, Laurie Boyd, and Tom Apjohn along with the efforts of the others, G. Noel might still be wandering through a cornfield between the cave entrance and the road.

**IT IS CONCLUSIVE THAT** Grotto will have to enlist the help of another leader, other than G. Noel Schwartz, in their next "above-ground" expedition which is to take place Sunday, October 6. At this time they will be looking for "Hidden Lake," a glacial formation in the Blue Mountain Range of the New Jersey Poconos.

# Over The Fence

by Reed Treible

Have you ever stopped to think how similar Moravian and America are? Moravian, like America, has a heterogeneous population, both with regards to religion and nationality. Moravian, like America, has many interest groups, a few of which are more content to serve their own purposes than the goals of the larger organization. This is not true of all campus organizations, however. The fraternities on campus take a very active part in the life of Bethlehem. They may distribute food to the needy at Christmas, or paint children's hospitals. This is fine. Other organizations, such as PAC, stimulate political thinking among our students, and play an active role in Pennsylvania's outlooks. Tris is fine.

However, at the present time, because of a spineless, non-thinking attitude on the part of many students, we here at Moravian are

limited in our growth. A good example of this is the tradition regarding the Freshmen's wearing of dinks, ties, buttons, and knee-sox. Recently many upperclass students have failed to enforce the rules regarding the wearing of this apparel. We must think they don't care! In reality, the freshmen are not burdened with this apparel. They may think these articles ridiculous, but when viewed in the proper perspective of Moravian tradition, they fit in properly. When the freshmen wear the dinks, ties, and knee-sox, they are only becoming a part of the Moravian tradition. If we upper classmen fail to enforce the rules, and furthermore fail to create the proper attitude on the part of the freshmen, that of WANTING to belong, then this college as an academic force and an Alma Mater will ultimately fail.

Moravian students, like Americans, are a hard people to solidify and lead. In the future, in this column, I will present the opinions of the student body with regards to our most pressing problems.

# Back To The Wars

Ron dePaolo

Negro James Meredith, with some "aid" from federal marshals, cracked the keystone of southern idealism last Sunday night. Entering the University of Mississippi campus with a cordon of police surrounding him, he prepared to register as a student Monday morning.

**PRESIDENT KENNEDY AND** brother Bob, co-ordinating all the legal, political and military means possible, forced Gov. Ross Barnett, the "Horatius" of the southern bridge, into submission. They did not make him agree—they battered him into defeat.

It was the Constitution at stake and Kennedys both were justified in doing what they did.

And James Meredith walks on the Ole Miss campus a full-time student.

**HE WILL GO TO CLASSES** just like any other student, go to convo (if the progressive south still has that), perhaps have a cup of coffee in their union—and just wait for the trouble.

A mob killed a federal marshal Sunday night; representatives of the press were lucky to get away with a whole coat—and Mississippi state police watched it all happen—didn't try to stop it—encouraged it by their neglect.

So that leaves James Meredith. He has lasted through more than many could take. He has taken the jeers and the jostlings of irate mobs; he has remained composed, intent, quiet.

**HE HAS CRACKED THE FIRST** wall and finds another much higher, more formidable one. Laws can change the actions of men, they will not change men. There is no law that can make man inwardly accept anything.

How many federal marshals will escort James Meredith to class, to convo, to coffee? For how long? How long will it be before some student in the "bastion" re-

alizes that Meredith is just as good as he is—or better—and will try to know him as a person—not a negro.

Until that moment James Meredith will wait with the jeers and the jostlings—and much more. Just how much more I wonder?

# Charter Issue Discussed By Revision Group

Charters for student organizations was discussed by the United Student Government Constitution Revisions Committee, Charles Canning, chair of the committee announced early this week.

**THE COMMITTEE FELT BY** issuing a charter to all organizations which fulfill student government requirements both responsibility and authority would be established.

The charters could be hung in the USG room of the College Union Building as physical proof of the organizations acceptance in the college community.

Canning explained that the organization displaying such a character would be eligible to participate in all college activities such as Homecoming, "Ugly Man," Snow Sculpture, Spring Festival, etc.

**UPON FAILURE TO COMPLY** with USG regulations the charter would be revoked and taken from its place among the other club's credentials.

This, then, would eliminate the organization from functioning in any way which would involve the student body or from receiving recognition on campus.

Canning added, "This would make a judicial branch to USG necessary to determine the regulations of defacto and de jure organizations and whether they are conducting their affairs within their own jurisdiction as established under their constitutions."

**CANNING CONCLUDED THAT** our student government must define its position in relation to the campus organizations and its responsibility to the student body.

With the charters, the student government would be united in purpose by better evaluating the organizations' goals in line with their own.

The Revisions Committee will keep the students informed on such issues in the future.

# Juniata Next Football Foe; Indians Tough In Opener

The rockribbed defense of Moravian against the potent scoring punch of a powerful Juniata eleven could tell the story of Saturday's football game at Huntington, Pa.

**THE INDIANS ROLLED UP 44 POINTS IN THEIR OPENER** against Trenton State. They picked off a Trenton aerial on the second play of the game and had seven points up on the scoreboard after only a minute and twenty seconds of the first quarter.

Juniata had its first losing season last year since 1947. They posted a 3-4 record. The Hounds were one of the teams to dump the Indians when they emerged on the long end of a 19-0.

With nineteen returning lettermen and a host of good looking new prospects, the Indians are looking forward to again establish themselves as one of the small college powers in the East.

**AS FOR MORAVIAN, THEY** placed two teams on the field that played tremendous defense. Both the Blue and White squads held a much heavier Wilkes team in toe most of the afternoon. The Hounds capitalized on a big defensive break when Pat Mazza intercepted a pass and ran unmolested into the endzone to wrap up the game.

Another factor in the victory was the aggressive line play on the part of the Hounds. On both offense and defense the Greyhound linemen came up with the big play.

If the Hounds can continue the big defense, and mount an offense attack similar to the second half of the Wilkes game, they stand a good chance of beating the team which in the last several years has dominated the series.

The gridders opened up their 1962 football season with a 16-6 victory over the Colonels of Wilkes, (however) the victory was not decisive until the last minute of the ball game when Pat Mazza, a sophomore end, picked off a Don Brominski screen pass and raced 23 yards for the final score.

**IN THE FIRST PERIOD OF PLAY, FUMBLETTIS PLAGUED BOTH TEAMS.** THE QUESTION confronting the fans at this point was "Do both teams have strong defenses or do both teams have weak offenses?" That could only be answered as the game progressed.

Near the end of the first quarter, Moravian moved the ball within the Colonels 10 yard line. With fourth down and goal-to-go, Moravian decided to settle for a field goal. Vince Seaman, a sophomore end, kicked the 25 yard field goal to put Moravian into the lead, 3-0.

At the end of the first period, Wilkes recovered a Moravian fumble on the Hound 3. Brominski, the Colonels left-handed quarterback hit Ted Travis Bey with a 25 yard aerial giving them a first down on the Hound 5. At this point the quarter ended.

Paul Riccardi is surrounded by would be tacklers after receiving pass from quarterback Andy Semmel. Photo by Field

## Girls Begin Practice For Hockey Season; Six Games Scheduled

The Moravian varsity hockey team is looking forward to a successful season, despite one drawback, a shortage of team power. Tryouts for the team were held last week and a below average number of girls appeared for tryouts. Miss Wycock, director of womens athletics, said the best try-out was only sixteen girls. However, Miss Wycock said that the incoming players show promise and they should develop into a successful team.

**THURSDAY, OCTOBER 4,** IS the first meet of the season with Muhlenberg. The outlook is rather pessimistic due to the shortage of team power and the limited practice time available. The varsity has eight Freshmen newcomers and three returning seniors.

**Freshmen:** Sue Vail, Myra Heimbrook, Gerry Walton, Lynn Schlosser, Karen Leonard, Dorothy Gandy, Mary Evens, Judy Ott.

**Sophomores:** Cathy Serock, Carol Dixon, Gail Skeen, Sue Watt.

**JUNIORS:** SUE SUSSMAN, Patti Long.

**Seniors:** Joan Raidline, Carol Horseroff, Judy McDonald.

Andy Semmel, quarterback of the white team, sweeps around right end for short yardage. Photo by Cartier

## Harriers Open October 6th With Indians

The Moravian College "harriers" are at it once again with a successful season in view. There are four returning lettermen from last year's cross country squad. They are Terry Harlacher, Dave Wilson, Bob Houser, and Al Miller. The team also has two lettermen from the indoor track squad, which was dissolved last year. They are Roger Erb and Gerry Still. Other "harriers" who ran in the spring, 1962, intramural program and showed very good potentialities are Ed Wills, Steve Nicholas, Phil Warnke, and Mark Sussman.

The "harriers" open their season against one of the toughest teams in the MAC competition, Juniata, on Saturday, October 6 at Juniata.

The "home" course this year begins and ends on the practice tee of the Municipal Golf Course which is approximately 4.8 miles in length.

Coach Paul Kuklentz says that this is the best shape the team has been in for the past five years.

Other meets scheduled:

Oct. 9	—Elizabethtown	Home
13	—P.M.C.	Away
16	—Dickinson	Home
20	—Lebanon Valley	Home
24	—F & M	Away
27	—Albright	Away
Nov. 3	—Temple and Haverford	at Haverford
7	—Muhlenberg	Home
10	—Scranton and Upsala	Home
13	—Lafayette	Home
16	—Championship	Away

# COMENIAN SPORTS

## Sideline Slants

by Jack James

And we're off to another exciting season of platoon football, grueling cross-country, and outdated scoreboards. The Blue and Gray gridders looked tough last Saturday against a par-for-the-course Wilkes' eleven and figure to give Juniata a tussle tomorrow afternoon. Vince Seaman's potent foot could spell the difference for the Hounds in what I feel will be a close contest. Perhaps Moravian by three points if they're up . . . if not, pick Juniata by 12. The cross-country meet will be run during the football game and if it rains Moravian may have a fighting chance against the scholarship infested Indians, otherwise, the dust will choke the Grayhounds by ten points.

As for the rest of the football conscious Valley, I give Lehigh the nod over Gettysburg, Temple over Muhlenberg, Delaware over Lafayette, and Cedar Crest over Vasser.

In closing with this week's extra short column I leave the campus ears with one final sour note . . . What Happened To Soccer?

### Enrollment . . .

(Cont. from p. 1, col. 1)  
Brethren, 48 Lutherans, 13 Methodists, 24 Moravians, 22 Presbyterians, 25 United Church of Christ and 8 unclassified.

Chaplain Lewis said this about the freshman class. "It is very strong and one of the most friendly and receptive of the classes we have received." On the most part, the religious affiliations are about the same proportion as in the other years. The Roman Catholics are the largest single body, but the total Protestant population is about three times that of the Catholics."

# Many Changes on North Campus Include Dorms, New Offices

On the Moravian College Campus preparations have taken place for many changes. One of the most unusual of these occurred this Fall when women students took over the third floor of Colonial Hall as a dormitory. The lower floors of the building will continue to be used for administrative offices.

**FIFTEEN UPPERCLASS WOMEN ARE THE FIRST FEMALE RESIDENTS ON THE NORTH CAMPUS,** which, up to now, has been designated as the 'Men's Campus.'

The move has been made necessary as the result of expanded enrollment and the corresponding need for housing. College policy allows men students to live off campus in approved rooms, but requires that women live in College supervised dorms.

A tour of the College shows that other changes are taking place, as a program of general cleaning, polishing, alteration and relocation is in full swing.

On the Church Street Campus windows gleam, floors sparkle and there is a noticeable odor of fresh paint in the corridors of dormitories, classrooms and labs. At Main and Elizabeth, on the North Campus, there is also evidence of competent cleaning and polishing. Vacating professors and

officials have returned to find clean offices, polished desks and in some cases, new color schemes on their walls. South Hall, on Main Street, was the scene of hammering and sawing, as new offices were fitted into the former men's dorm.

The Fall semester finds various changes. The Geology labs and display areas have been enlarged. The Alumni Office has left Church Street and is now located in Colonial Hall on the North Campus.

The College Publicity Office is now located in the basement of Comenius Hall at the site of the old bookstore. The Cataloging Department of the Library, as well as a portion of the 'stacks,' have been relocated on the lower level of Comenius Hall. The former 're-

factory' of the Theological Seminary has been remodeled to provide additional classrooms.

Professors and departments shifting their headquarters, may be a little confusing to some of the 'old timers' but a change now and then is supposed to be good for everyone. One thing is certain, the general hum of activity is evidence of growth and development and the manner in which Moravian College is expanding and readapting its facilities to fulfill its growing needs.

## Dansforth . . .

(Cont. from p. 1, col. 5)

college teaching careers worth up to \$12,000 may be made to Dr. Sears, chairman of the Economics Department, in room 209 Comenius Hall.

Moravian College may nominate two candidates for this program.

## Art Show . . .

(Cont. from p. 1, col. 4)

**THE FIRST YEAR, MRS. Carol Prichard** of Bethlehem won first prize with an impressionist water color, entitled "College Buildings," which was in keeping with the 1957 theme of "College Scenes." Richard Peter Hoffman, a subsequently frequent winner, achieved the second prize for "Moravian College."

"Nineteenth Century Bethlehem Buildings" was designated as the theme for the 1958 contest and the runners-up of the previous year received the prizes that year.

## Club Car

by Nancy Christensen and Linda Cook

Organizations on the Moravian College Campus have been busily preparing for this year's extracurricular activities.

**THE SPANISH CLUB UNDER THE DIRECTION OF ANGELINE Fresoli,** club president, held its first meeting on Tuesday evening, Sept. 25. New officers are: Kay Klammer, vice-president; Helen Kovach, secretary; Elizabeth Genger, treasurer; and publicity directors, Roseanne McFadden, Nancy Calvo, Marcelle Mowrey, and Natalie Ricci. Phil Warnke was chosen United Student Government representative while Carolyn Vargo and Judie Adams compose the refreshment committee.

Frederick Kitchen, a sophomore, will show slides of Barcelona, Spain, and a bullfight at the next meeting.

Serving as this year's officers of Omicron Gamma Omega Social Fraternity are: president, William Leicht; vice-president, Robert Lecher; secretary, Stanley Gilbert; treasurer, Gary Sandercock; assistant treasurer, Frank Grablachoff; Inter-fraternity Council representative, James Heller; and sergeants at arms, Doug Wilkins and Jan Fritz.

**OGO, along with Sigma Phi Omega, and Tau Kappa Epsilon,** held open house last Saturday after the Wilkes-Moravian game.

Also active this year is the campus drama club, The Blackfriars, who are always looking for new members, will have a meeting on Oct. 11 at 7:30 p.m.

Anyone interested in participating in this group is invited to attend.

Pi Mu Pre-Theological Fraternity, whose goal is to aid those students planning to enter the Christian ministry, has also elected its officers for the year. They are: Robert Moyer, president; Bruce Riegel, vice-president; Byron Waterman, secretary; David Wickmann, treasurer; Ted Bowman, chaplain; John Griffith, United Student Government representative; and alternate, James Wyrzten.

The Sisters of Phi Mu Epsilon Social Sorority held their first meeting on Monday, Sept. 17 presided over by Phyllis Peters in their newly furnished sorority room. Following the meeting, the Sisters enjoyed a pizza social.

Another organization to report its program was Phi Sigma Tau National Philosophical Honor Society. Meetings will be held once a month at the convenience of guest speakers.

**PRESIDENT OF THIS ORGANIZATION** is Jon Marks; vice-president, Janet Gleva; and secretary-treasurer, David Bethune.

## ...for a life of pride and purpose

Among the young people being graduated from college in these times, there are some who think and feel—perhaps a little more deeply than the others—about the world we live in, the future we face. They ask, "How can I make my career really meaningful? More than just personally rewarding?"

And many of today's most successful young people are finding a fulfilling answer to these questions as officers on the Aerospace Team... the United States Air Force. They can tell you that no career could better combine the opportunity for achievement—and the deep inner

satisfaction of knowing that they are helping preserve the very future of America.

**How can you become an Air Force Officer?**

If you are a college senior and not currently enrolled in ROTC, Air Force Officer Training School provides an opportunity to qualify for a wide variety of career fields. The graduate of this three-month course receives a commission as a second lieutenant. As the Air Force continues its technological advance, officers with college training will move into positions of increasing importance.

For full information—including the opportunity to earn graduate degrees at Air Force expense—see the Air Force Selection Team when it visits your college, visit your local Air Force Recruiting Office, or write: Air Force Officer Career Information, Dept. SC210, Box 805, New York 1, New York.
