Nicaraguan Missionary Receives Alumni Award

Mrs. A. David Thaeler Jr., whose adult life has been devoted to helping the ill while serving as an aide to her physician-husband in Nicaragua, received the Comenius award from the Moravian College Alumni Assn. at a testimonial dinner Saturday, April 3.

Mrs. Thaeler, whose husband founded a mission hospital in Bilwaskarma, Nicaragua, was honored for her contribution in the nursing - missionary field. More than 150 alumni paid tribute to her at the annual award dinner in the College Union Building.

The award is presented to an alumnus "for outstanding achievement" in commemoration of the anniversary of the birth of Bishop John Amos Comenius, "the father of modern education."

Dr. Thaeler, who received the Comenius award in 1950, and Mrs. Thaeler retired from the mission field in November. But they have not lived a life of retirement, coming to the Mary M. Olin Clinic at Penney Farms, Fla., where Dr. Thaeler is a resident physician and Mrs. Thaeler a staff nurse.

The alumni association inaugurated the award presentation in 1941. First recipient was the late Dr. Howard E. Rondthaler, Class of 1896, and former president of Salem College, Winston - Salem, N.C.

This year's award winner was the second woman recipient, joining Mrs. Mildred Diefenderfer Ladner, Class of 1939, a writer-journalist from Tulsa, Okla., who was honored in 1962.

Mrs. Thaeler is the former Margaret Heidenreich; she received her B.A. degree from Moravian in 1924 and her nursing degree in 1934 from the Kahler School of Nursing at the Mayo Clinic. She taught in the Moravian school in Bluefields, Nicaragua in 1924-29 when her father was a missionary pastor there.

In assisting her husband with hospital duties, Mrs. Thaeler was a nurse, teacher, dietitian, cook, gardener, organist and laundress.

The couple has three children, Mary, wife of Gordon B. Mowrer of Bethlehem; A. David Jr., formerly with the Peace Corps, and now a resident of Oxford, Ohio, and John, a student at Salem College.

Mrs. Elwyn Martin Mariner of Arlington, Mass., a classmate of Mrs. Thaeler, was toastmaster. Three of Mrs. Mariner's brothers and a sister also are Moravian graduates.

The award was presented by Louis W. Bender of Doylestown R. 3, alumni president, and Dr. Raymond S. Hauptert, college president, reviewed the life of Bishop Comenius and the history of the award.

The Rev. Robert W. Woosley, Jr., chaplain, delivered the invocation and Miss Mary Pongracz provided piano dinner music.

The awards committee consisted of William H. Gross, Freemansburg, Mrs. Alice F. Philips, Miss Fannie Harrar, Miss Ruth Overfield, William Woodring, Eugene E. McColm and Rev. Arthur Nehring, all Bethlehem, and Henry Schlegel of Nazareth.

Alumni Roundtable Reviews Honors

Moravian College's honors program, in which superior students are invited to take additional academic work in their senior years, was reviewed at the Second Monday Roundtable of the Alumni Assn. April 19 in the College Union dining room.

Dean James J. Heller, moderator for the panel of five persons, explained the program from the positions of the student and faculty members.

Panelists included Dr. Lloyd L. Burkhardt, head of the English Department and former chairman of the honors committee; Dr. Stuart S. Kulp, Chemistry Department chairman and current honors committee head; Griffith Dudding and Mrs. Beverly L. Strohl, members of Moravian's first honors class now on the faculties of Muhlenberg and Cedar Crest Colleges respectively, and Michael Young, Moravian senior with honors work in history who recently was awarded a Woodrow Wilson Fellowship.

Fifty - six students, including eight candidates this year, have enrolled in the honors program inaugurated with the Class of 1960. This year's candidates are: Bill Horwath, English; Jane Julius, English; Helen Kovach, Spanish; Jim Morgan, Psychology; Dick Schaffer, Biology; Tom Vadasz, History; and Mike Young, History.

Journalism Students Tour Phila. Bulletin

Interested students currently enrolled in the Journalism course met at the Philadelphia Bulletin building April 6 for a guided tour of the large-scale operation.

With two press lines each longer than a football field, an underground freight line permitting 14 railroad boxcars to unload newsprint at one time and the most modern typesetting machines, the Bulletin today ranks among the world's largest and most efficient newspaper operations. Daily circulation has grown from 6,317 in 1895 to the present figure of over 700,000. The students saw each stage in the publishing process, from the original gathering and writing of the news to the dispatching of dozens of local delivery trucks.

These tours are scheduled hourly, six days a week, and are open to the public. A pamphlet giving a complete step-by-step description of the Bulletin operation is on file in the Library Annex.

Wilson Fellows:

Gary Miller, Mike Young Honored at Banquet

Two Moravian College Woodrow Wilson Fellowship winners, Michael B. Young, a senior majoring in history, and D. Gray Miller, an honor graduate last June, were honored by the college Friday night, April 2, at a dinner in the College Union Building.

Young, of Red Lion, York, County, is considering offers of admission from Harvard, Wisconsin, and Columbia. Miller, 322 S. St. Lucas St., Allentown, is studying for a Ph.D. degree in classics at Harvard.

There were 1,385 students from 361 colleges chosen for fellowships this year from more than 11,000 faculty-nominated college seniors in the United States and Canada. Recipients receive tuition and fixed fees at a graduate school of their choice in addition to \$1,800 for living expenses.

Twenty - five Moravian sophomores and juniors whose academic achievements qualify them as superior students, as well as seniors who were nominated this year for national fellowships were invited to hear of opportunities available from Woodrow Wilson and other national fellowships.

Dr. J. Richard Jones, senior professor of the History Department, and Dr. Walter Moeller of

the Classics Department, faculty advisers, presented Young and Miller respectively.

Dean James J. Heller spoke briefly about the Wilson Foundation, Dr. G. Clarke Chapman Jr. of the Religion Department, on the Danforth Foundation, and Dr. Herman E. Collier, chairman of the Department of Natural Science and Mathematics, on the National Science Foundation.

Dr. Raymond S. Hauptert, college president, introduced Dr. Lloyd L. Burkhardt, chairman of the English Department and Dr. Hwa Yol Jung, chairman of the Political Science Department, who spoke on career opportunities in college teaching. Burkhardt and Jung were recipients last year of the Lindback Foundation awards for "excellence in teaching." These awards were made possible through a grant to the college by the trustees of the Christian R. and Mary Lindback Foundation of Philadelphia.

College Choir On Move During Spring Vacation

The Moravian College Choir left the campus Monday, April 12, on a three-day tour of New York and Massachusetts.

The first stop was at Hastings-on-Hudson, New York, where the 70-voice group sang at a high school Monday afternoon. This

Blackfriars Present Play By Sartre

Jean Paul Sartre's one act play, *No Exit*, will be performed by the Moravian College Blackfriars on May 7 and 8 in Prosser Auditorium. Under the direction of Eugene Jacobson, the cast of characters includes Mary Everett as Estelle, Steve Levine as Cradeau, Robin Veluce as Inez, and Bruce Weaver as the bellboy.

The play involves two women and one man locked up together for eternity in one hideous room in hell. As the plot evolves, each character's soul is shorn of its secrecy and hidden sins are mercilessly exposed.

Tickets are available at the main desk of the C.U.B. Curtain time is 9:00 p.m. on May 7, following the movie. The Saturday night performance will begin at 8:30 p.m., following the hootenanny. Since there will be only two performances, it is suggested that students obtain their tickets as soon as possible.

concert was arranged by a former pupil of the high school and present member of the Choir, Lou Cadwell.

The same evening the Choir gave a concert in New York City at the City Tabernacle. This program was jointly sponsored by the Metropolitan Moravian Churches, St. John's Baptist and North Presbyterian Churches.

The students were housed for the night in private homes in the metropolitan area — including Manhattan, Long Island and the Bronx. Choir members found that even though this was a big and dirty city, they were graciously received by their hosts. Mrs. Schantz received a bouquet of flowers from members of the hosting church after the performance.

The next day the two chartered buses carried Choir members to quite a different environment — a small New England town. Here, in Haverhill, Massachusetts, the group performed at the First Baptist Church as part of their 200th Anniversary Celebration.

That night, as in New York, the students stayed in the private homes of members of the Baptist Church.

The Choir travelled the following morning, Wednesday, to near-by Boston to do a little sight-seeing before returning to Bethlehem.

Editorials:

Optimism and Old Shoes; Bigger and Better Things

With a mingling of optimism and trepidation I assume with this issue the editorship of **The Comenian**. The shoes of the past editor, while at least three sizes too small for this one, will still be hard to fill. Yet, we will have as our primary goal to continue the recent upward trend in the quality of our newspaper.

Bigger and better things are planned for the next fiscal year, and an eager staff (whose names appear below) has been hand-picked to put them into effect. If you would like to work for the paper, step right up and volunteer—I know the experience will be beneficial. Otherwise, just wish us luck . . . and write me a letter some time.

WAT

A Fascinating Square Mile Open Again to the Public

Three days ago, on April 21, the 646-acre World's Fair grounds came to life for the second time. That means that only six months remain for your visit before the exhibits at Flushing Meadow are dismantled.

The Fair is better this year than last, and it was the biggest, best world exposition in history last summer. For reasons yet unexplained, however, foreigners and people from far-away states came in droves in 1964 and New Yorkers and their near neighbors stayed away.

Some of this was due to fear, or worry about costs, or a feeling that the fair is just for the hoi poloi. Yet by the time September rolled around many of these skeptics were sneaking in, some wearing dark glasses, because they had realized they were missing one of the big extravaganzas of the century. What's more, they liked it.

They had to like it. The only way you could see things like the General Motors and Ford rides into the future, the Pepsi-Cola fantasyland, the Johnson's Wax movie, GE's Progressland, the Pieta by Michelangelo and the hundreds of other exhibits and not like it was to be sick, sick, sick.

About \$5,000,000 has been spent for new exhibits, including a show of 60 modern artists and sculptors and a tribute to Sir Winston Churchill that features an exact replica of the study of his country home, Chartwell; 30 Churchill paintings, many of them never before shown in public, will be on display. In addition, some \$2,000,000 has been spent on revamping and improving many of last year's favorite pavilions.

So if you "did" the Fair in 1964, going back in 1965 ought to be even more fun. It's the most fascinating square mile in town, a meeting place where people from all parts of the world share and compare the best products of their skill, imagination and culture.

WAT

Attention Men! Submit your date's picture for the Senior Farewell Queen. Pictures should be submitted to the CUB desk before Monday, April 26, at 5:00 p.m. Girls need not be seniors or students at Moravian.

Mineralogy students of last semester who have not collected minerals at Cornwall are welcome to go on this semester's trip to that mine. It will be on May 11, and the bus will leave south campus at 7:30 a.m.

In order to be assured a seat, please notify Dr. Myers no later than May 3.

French Examinations Given by AATF

On Saturday, April 10, while Moravian College students were away on vacation, 128 pupils from neighboring high schools and junior high schools visited Comenius Hall to participate in the National French Contest sponsored locally by the Lehigh Valley chapter of the American Association of Teachers of French.

The examinations, set for each of the usual four high school levels, test aural comprehension as well as knowledge of vocabulary, structure, culture and civilization. The French government awards medals to the best papers at each level. The local AATF chapter is offering book prizes. The national winner at the fourth year level is given a six-weeks trip to France.

Mrs. Tyler is in charge of arrangements for the contest, assisted by Mrs. Kromayer and Mrs. Beecher.

"Cry The Beloved Country"

Canada Lee, Sidney Poitier, Charles Carson

First a best-selling novel, then a hit-play, this compelling story of faith and the strange workings of destiny has been made into an absorbing, penetrating motion picture. Canada Lee portrays a simple country priest, drawn to the city in search of his son. There, amid the squalor and evil atmosphere, he finds human misery and tragedy in the discovery that his son has been sentenced to death for murder. Photographed in South Africa, the camera has taken full advantage of the Johannesburg slums in creating a mood of rejection and despair.

Also a W. Fields Short: "The Fatal Glass of Beer."

Beecher Elected V.P. of French Asso.

Professor Jean Beecher has recently been elected vice-president of the Lehigh Valley chapter of the American Association of Teachers of French. Other officers named for the next two years: for president, Dr. John Van Eerde, professor of romance languages at Lehigh University; for secretary-treasurer, Mr. E. I. Czechowski, teacher of Latin and French at Shull Junior High School.

College Educators Attend Conferences During Recess

Eleven Moravian College educators were delegates to various conferences and conventions during the college's two-week mid-semester recess.

Dr. Raymond S. Haupt, president, Vice President and Dean James J. Heller and Dr. Herman E. Collier, chairman of the Department of Natural Sciences and Mathematics represented the college at a meeting of the Danforth Foundation Wednesday in Washington, D.C.

They heard a preliminary report on an educational study by the Foundation, which recently completed a nation-wide survey of Protestant and Catholic church-affiliated colleges and universities.

Donald K. Kirts, dean of men, attended a three-day meeting of the National Assn. of Student Personnel Administrators in Washington, D.C. He also participated in a pre-conference workshop and seminar.

Dean Halcyon S. Mueller attended a session of the National Assn. of Women Deans and Counselors in Minneapolis.

The Rev. Robert W. Woosley Jr., college chaplain, attended meetings of the National Assn. of College Chaplains at Cornell University.

Four members of the language staff represented Moravian at the Northeast Conference of the Modern Foreign Languages Assn. in New York City. Dr. Paul E. Mueller, associate professor of German, Michael Elias, assistant professor of Spanish, Mrs. Dorothy Tyler, assistant professor of French and German, and Mrs. Jane R. Haynes, French instructor, attended the sessions.

It's Time To Unscramble Time

The uniform time legislation introduced in both houses of Congress to end clock confusion is long overdue.

On Sunday, April 25, America will again live on "scrambled time." More than 100 million Americans will advance their clocks to daylight saving time, while 90 million people will not change.

"This annual time scramble complicates the operations and scheduling of the transportation industry. It confounds the television viewer, bewilders the vacationing traveler and aggravates the businessman," Senator Norris Cotton (R.-N.H.) said. "A flood of missed appointments and late arrivals will plague many Americans," he continued.

Let's see what happens:

- 15 states start daylight saving time the last Sunday in April and end the last Sunday in October.
- 16 other states either start or end daylight saving time—or both on different dates.
- Of the 31 states, 15 observe it on a statewide basis, while the others have local option.
- And across the country isolated areas observe "wildcat" DST without official sanction. Some states do not observe it at all.

This legislation to have time and date uniformity wherever daylight saving time is adopted should be encouraged.

WHAT TIME IS IT?

Escaping the Usual Grind

Through the valley just west of our two campuses winds the Monocacy Creek, a small stream draining the Pocono foothills and emptying into the Lehigh River. It may not look like much from your dorm window, but a short walk up the railroad track to the north leads into a more rural setting, one of the last holdouts from the current building boom within city limits. We are fortunate to have an area such as this within easy walking distance of school, where a car-less individualist can escape the rigors of campus life for a short time.

Before you take your wilderness sojourn, buy or browse through a copy of "Bethlehem's Birds As I Found Them" by Catherine L. Barlieb, a retired city schoolteacher. Robert P. Snyder and the Moravian College Conservation Association have made it possible to have her 30 years of nature notes put into print at last. All remaining copies are available at cost in the C.U.B. bookstore or at Moravian Book Shop. Mrs. Barlieb has observed all of nature's intricacies with a trained eye, most of her walks having been taken along the Monocacy. By consulting this booklet, the novice hiker will be alerted to all aspects of the Monocacy's natural heritage.

MoMo Baseball Team Compiles 4-2 Record During Vacation

Moravian College had a two-week Spring vacation, but its baseball team got only one week.

The Greyhound nine spent the first eight days of the Easter recess in almost daily appearances on the diamond. In that time coach Gil Gillespie's highly touted nine added four victories and two setbacks to an opening win over Franklin & Marshall. They took two more easy victories before running into trouble.

Terry Musselman shut out visiting Muhlenberg, 6 - 0, the day classes ended. The following Tuesday Hank Nehilla got four hits, including a two-run triple, to pace the 'Hounds to a 7-2 road win over Wilkes that inaugurated five consecutive days of baseball.

Walks Fatal

Swarthmore ended the three-game Mo-Mo win skein, outscoring Gillespie's charges, 4-2, April 7 when three runners that Bob Zerfass had walked crossed the plate for the home club.

Lafayette dumped the Greyhounds again a day later at Steel Field, 6-3, despite Zerfass' fine relief hurling and a 13-hit Moravian attack.

On Friday and Saturday of the baseball-filled week, the 'Hounds came back for two more wins to bring their record to 5-2. They exploded for five runs in the sixth inning to top their Drew guests, 6-4.

Musselman and Zerfass then shared mound duties in a 9-0 victory at Lebanon Valley that ended the vacation games as they started, with a shutout by Moravian. Jack Fry banged home five runs with a triple and a pinch-hit grand slammer against the Flying Dutchmen.

Mules Beaten, 6-0

Muhlenberg batters could do nothing against Musselman. The senior righthander gave up only two hits and two walks in pitching the only complete game so far for the injury-plagued Greyhound mound corps. He struck out nine, and it wasn't because of amateurish umping because American League arbiter Jim Honochuk, who lives in Allentown, took his place behind the Moravian catcher.

Five hits gave Musselman four runs in a fourth-frame uprising. (Cont. on p. 4, col. 4)

GREYHOUND GRAPEVINE

by Alan Wildblood

Six different pitchers started for Moravian in its first six baseball games as a result of injuries and a tight schedule.

VINCE SEAMAN, Terry Musselman, Frank Dox, Ralph Eltringham, Gary Laubach and ED McCANDLESS all had a chance to prove themselves worthy of getting into rotation as they drew successive assignments from coach Gil Gillespie.

MUSSELMAN alone pitched a complete game, a two-hit win over Muhlenberg. Seaman lasted 6 2/3 innings, while yielding only one run to Franklin and Marshall. LAUBACH, against Lafayette, and McCandleless, against Drew, both stayed in for 6 1/2 frames and gave up four runs. ELTRINGHAM was relieved after four innings of shutout ball against Swarthmore. Dox pitched only two innings, during which Wilkes failed to score.

The only hurlers on the roster who failed to draw a starting nod in early action were Bob Zerfass and JEFF FEIST. Feist has a sore arm and Zerfass, who came out of the bullpen on three occasions couldn't start until this week because a broken finger prevented him from swinging a bat. Adding to pitching woes, Musselman got a welt on his throwing arm after he was hit by a pitch in the Wilkes contest. And finally, Seaman was sidelined in the same game when he pulled his shoulder after only four deliveries.

* * * * *

The "TEN RUN RULE," that says a Momo intramural softball game ends when one club gets a 10-run lead is provoking many gripes. The rule denies the chance of developing character that athletics usually affords. The ten run rule reinforces a tendency to give up in the face of high odds. If DENNY ROBISON, star playmaker for Moravian's 1964-edition courtsters, worried about odds, he would have given up basketball because of his height deficiency.

A quit-while-you-are-behind provision is especially dangerous in an intramural softball loop. If two slowballers are alternating on the hill—and this can happen—and the best defensive players are back in the dorms "booking" for a Health hourly, ten runs can be scored every inning. Take the big rally out of the diamond sport, and what is left?

The biggest horror of Fast-Pitch Softball Rule No. 1 is its last phrase, AT THE UMPIRE'S DISCRETION. An ump who may be the pitcher's roommate may find it difficult to be that discreet. A hungry official may stop a 33-23 ball game when DELMONICO is on the menu, but let a 56-0 one continue if he is afraid to face another SALISBURY.

Zerfass Shuts Out Temple

THIS PITCH by Moravian pitcher Bob Zerfass didn't turn into a Temple run, because the 'Hound hurler shut out the Owls, 2-0, Tuesday in his first start.

Greyhound Hurler Starts First Game; MC Nine Now 6-2

Dark clouds that threatened to blot out hopes of the Moravian baseball team for a banner season have blown away on the air currents set up by Bob Zerfass' strong arm.

The senior righthander, last year's workhorse, was unable to start for coach Gil Gillespie in any of the first seven ball games. He returned to a starting role Tuesday and pitched a six-hit shutout of Temple University at Philadelphia, winning 1-0 on a run batted in in the ninth inning by Doc Nagle. The 'Hounds record was brought to 6-2 as Zerfass joined Terry Musselman in the ranks of complete game pitchers.

Jack Fry, who had opened the inning with a single, stole second and then came across with the only run of the ball game on Nagle's two-out grounder up the middle to center field.

Fry and Nagle collected two hits apiece, as Owl pitcher Charles Bishop was as stingy as Zerfass, yielding only five base knocks.

Evens Record

The Mo Mo hurler, who dropped a game in relief to Swarthmore earlier, evened his season record at 1-1 as he struck out 11 and walked five. His opponent fanned 10 and passed only three as he made a strong bid to repeat the 2-0 shutout that Temple handed Moravian last season.

Both pitchers had to get out of jams in the middle innings to keep the game scoreless. The Hounds filled the bases in the fifth, but Bishop got George Pitilos on a ground out to end the inning.

Zerfass came through with a strikeout of Jesse Hodges in the sixth to strand three baserunners.

The Moravian righthander narrowly escaped in the seventh, as Carm Ferullois' liner to left went foul with runners on first and third.

Albright comes to Steel Field for a double header this afternoon.

OGO "A" Softballers Win Third Intramural Game

OGO's "A" softball team brought its intramural record to 3-0 with two wins the week before Spring vacation. The OGO club tallied 12 times in the fourth inning to knock off defending champion TKE "A" and then beat their "B" brothers, 13-10.

TKE "B" also won two games, downing the Underdogs, 8-6, on a three-run homer by Gil Keller. Bob Scammel ripped a triple and two singles for the losers. The TKE seconds also knocked off OGO "B", 14-3.

Ernie Yarborough hurled the TKE first stringers to an 8-2 victory over SPO, after the latter had shut out OGO "C", 2-0.

Next week's schedule:

Monday, April 26
4:15—Hassle Horns vs SPO
5:00—OGO "B" vs Underdogs

Tuesday, April 27
4:15—TKE "A" vs OGO "C"
5:00—Whefcomes vs OGO "B"

Wednesday, April 28
4:15—OGO "A" vs SPO
5:00—TKE "B" vs Whefcomes

Cartier, Kelhart, Hound Netman Undefeated In '65

Bill Cartier, George Kelhart, and the Moravian team all remained unbeaten in tennis action as the Greyhounds edged Muhlenberg, 5-4, on Tuesday at Allentown.

The Mules were the third victim of the Moravian netmen, who were tied, 4-4, by Lafayette. Included in the wins was a 9-0 sweep of PMC.

Cartier won his 22 straight singles match, dumping Mule Dan Garrison, 6-0, 6-3. Kelhart stopped George Wells' winning streak at three.

Besides the undefeated 'Hounds, Gordon Rupert registered a singles win against Lafayette. Cartier, teamed with brother Fred, scored a doubles victory in the darkness-curtailed match at Easton.

The closest sets were 6-2 in the slaughter of PMC.

Still Unbeaten, Moravian Faces Tough Golf Test

Moravian's undefeated golf team warmed up for today's big match with Franklin & Marshall with a 15-3 lashing of Muhlenberg Tuesday at the Bethlehem Municipal Golf Course.

The defeat of the Mules followed equally decisive wins over Albright, 16 1/2-1 1/2, and Upsala, 15-3, during the pre-Easter recess.

Yesterday's home match pitted the 'Hounds (3-0) against a bunch of Diplomats who defeated previously unbeaten Lehigh, 14-4.

Each time out a different member of coach Terry Jackson's team has been low man. Freshman Don Powell paced the 'Hounds in the F & M match with a 74 for the par-72 course.

Fred Laist shot a 74 in the defeat of visiting Upsala, while Dick Fisher missed par by only one as he fired a 73 in the Albright match.

Mark DellaFera, Mike Reber, and Don Brown round out the six-man Moravian squad.

Board of Trustees Ratifies Six Faculty Promotions

Six faculty members of Moravian College have received promotions effective Sept. 1. The announcement was made by Dr. Raymond S. Hauptert, college president, following ratification by the Board of Trustees.

Dr. Dorothy Tyler, assistant professor of French and German, is promoted to associate professor and becomes chairman of the Department of Modern Languages.

Dr. Herman E. Collier Jr., chairman of the Division of Natural Sciences and Mathematics, is promoted from associate to full professor.

Four instructors are promoted to assistant professors. They are Mrs. Rae N. Griffith, biology; Mrs. Jane R. Haynes, French; Miss Christina Whytock, physical education, and Joseph L. Powlette, physics.

Mrs. Tyler succeeds Dr. Margaret Gump, who will retire from full-time teaching after 22 years of service and 11 years as department chairman. Dr. Gump will continue in a part-time capacity.

In the departmental reorganization, Dr. Tyler will advise French majors, Dr. Paul E. Mueller, associate professor, will advise German majors and Michael Elias, assistant professor, will serve as Spanish advisor.

Mrs. Tyler was formerly head of the Department of Modern Languages at Moravian Preparatory School, serving there from 1952 to 1963, when she joined the college faculty. She is a graduate of Cornell University, where she received her bachelors and masters degrees and a doctor of philosophy degree in Comparative Literature.

Besides teaching in public schools in Marcellus, N.Y., and as a substitute teacher in Bethlehem, Mrs. Tyler has taught at Keuka College, Keuka Park, N.Y. and Wells College, Aurora, N.Y.

Dr. Collier was formerly on the college faculty (1955 - 57) and chairman of the Department of Chemistry before entering the industrial field in 1957. He has served as a technical research consultant for Superior Metals Corp. of Bethlehem and from 1957-63 was research analytical chemist with E. I. DuPont DeNemours Co. in Wilmington, Del. Mr. Collier returned to Moravian in September 1963.

He is a graduate of Randolph-Macon College, Ashland, Va., earning his bachelors degree in chemistry in 1950, and received his masters and doctorate in 1952 and 1955 respectively from Lehigh University. Dr. Collier studied under a Socony-Mobil Fellowship in Chemistry at Lehigh and has studied also at Massachusetts Institute of Technology.

Mrs. Griffith has been at Moravian since 1958. She is a graduate

of Westhampton College of the University of Richmond, where she received her bachelors degree, and has taken graduate work at Marywood College, Scranton and Lehigh University, receiving her masters degree at Lehigh in 1962.

Mrs. Haynes, a graduate of Butler University, Indianapolis, Ind., received her masters degree from the University of Illinois, and has studied at the Sorbonne at the University of Paris and Besancon University in France. A member of the Moravian faculty since 1959, she previously was an instructor at both Butler and the University of Illinois.

Miss Whytock, daughter of Mr. and Mrs. John Whytock, 1835 Main St., joined the faculty in 1962. She is a 1960 graduate of Springfield College and taught physical education at East Meadow High School in New York before returning to Bethlehem.

In addition to her responsibilities in the woman's physical education department, she also is director of the inter-collegiate and inter-mural programs for women.

Powlette is a Moravian graduate, receiving his degree in 1960. He was a teaching and research assistant from 1960-63 at Cornell University, where he earned his masters degree.

As a Moravian undergraduate, he was a member of the Triangle Honor Society and one of the early participants in the honors program. He was president of Sigma Phi Omega social fraternity, a member of the band and of Rho Alpha Upsilon science fraternity.

C.U.B. News

On Friday, April 30, the Senior Farewell Dance will be held in Johnston Hall.

Some students might enjoy waitress service; some may not. To satisfy both, the following arrangements can be made:

The Cafeteria will be open for the regular Friday cafeteria-style meal.

The Dining Room will be partitioned off, with waitresses serving either of the regular food items that evening, Grilled Cube Steak for the meat selection and Lobster Tail for the fish option. Tie and jacket, heels and hose attire would be required. Tablecloths and candles will provide a pleasant atmosphere. Cost: \$1.85 — Steak, 2.35 — Lobster (for Guests & Day students).

In order to make this service feasible, a minimum of 20 people will be necessary. Kindly sign up at the CUB desk by Tuesday, April 27, 11 p.m. If the minimum number have not signed up at that time, you will be notified on Wednesday of the cancellation.

Remember—this is an arrangement for optional service, as the cafeteria will serve cafeteria-style as usual. The candidates for the Queen of Senior Farewell will be eating in the Germantown Room with their escorts.

Choir . . .

(Cont. from p. 1, col. 5)

Some spent their time viewing historical sites, while others toured the shopping area. Most members were tired and ready to leave for home at the appointed time.

The program of music used on the tour included contemporary composers, early American Moravian composers, and a Bach Cantata. The Choir also sang two American folk songs, accompanied by the guitar.

The student group is directed by Mr. Richard Schantz and accompanied by his wife, Mrs. Monica Schantz.

1036 LINDEN ST.

BETHLEHEM, PA.

868-9651 — Diagonally Across From Liberty High

MoMo Baseball Team . . .

After Bob Corradi singled and Tom Evans walked, Doc Nagle drove in Corradi with another single.

Subsequent one-baggers by Musselman and George Pitsilos knocked across two more, and Andy Straka brought the Moravian pitcher home with an opposite-field double.

Wilkes Loses, 7-2

Nehilla added three singles to his triple in the defeat of Wilkes, as the winners overcame two unearned Colonel runs with five scores in the fifth inning. Musselman picked up his second win in relief as he pitched in his third straight game.

Swarthmore took advantage of four walks given up by Zerfass in four innings of hurling. The total equaled the 'Hound throwers' free-pass output for 44 innings of work in 1964.

Zerfass, who relieved starter Ralph Eltringham in the fifth, had a 1-0 lead going into the Swarthmore sixth when he gave up two runs. The Moravian right-hander issued a pair of bases on balls.

Both runners scored on a single by Jim Truitt, after they had advanced on a wild pitch and become the first earned runs charged to the 'Hound staff this year.

The Garnet scored two more the next inning on a single, two walks, and Dana Carroll's bases-loaded single.

Leopards Score, 6-3

Gary Laubach started his first game against Lafayette, but was replaced by Zerfass in the seventh after allowing the Leopards to take a 4-2 lead.

Zerfass entered with the bases full and only one out after Lafayette had already scored once in the frame. The reliever fanned the next two batters and held the winners scoreless in the eighth, but then had to leave for a pinch hitter because a finger injury prohibited him from gripping the bat.

His replacement, Frank Dox,

(Cont. from p. 3, col. 2)

gave up the fifth and sixth Leopard tallies in the ninth.

Moravian outhit Lafayette, 13-10, and knocked out starting hurler Preston Denby in the seventh after he had allowed 10 base knocks.

In that inning the Greyhounds brought the score to 4-3, but saw their bid for the lead thwarted when Fry's long line drive to right with two men on was hauled in by Dan Kristoff for the final out. George Pitsilos accounted for three of the Moravian hits.

Drew Edged, 6-4

Freshman pitcher Ed McCandless won his first start for Moravian on the 'Hounds big inning against Drew.

McCandless, having given up the first two runs of the game in the top of the sixth, saw the Mo Mo batsmen come back with their five in the bottom half of the inning.

Ron Berta, Fry, and Nagle drove in four of the barkers with singles, in a rally that got an assist from three Drew errors.

Dox had to put out the fire in the next frame for McCandless, as the losers closed the gap to 5-4. He then held Drew scoreless for its last two times up to save the game.

Picnic In The Valley

Coming on the heels of two losses and a squeaking win, the game with Lebanon Valley was a picnic. Musselman, in seven innings, and Zerfass, in two, gave up only three hits between them. Musselman won his third.

Meanwhile Fry hit safely three times himself after he pinch hit in the third. Five of Moravian's nine safeties were for extra bases.

Vince Seaman won the opener, as he held F & M hitless until John Crawford singled with two out in the seventh. Bob Corradi had kept the no-hitter going with a backhand, shoestring catch of a line drive to left field.

Doubles by Straka and Riccardi scored two of the 'Hounds three runs, while Musselman finished up pitching. The Diplomats got only two hits.

gort

Well, Adam, I hear you've been entrusted with a most important task.

Yes, Gort...I've been selected to give names to all cattle, and to the fowl of the air, and to every beast of the field.

Perhaps I can help. Take yond small brute for instance... How about calling it "horse"?

Mmmm...Don't think so. We'll call it...oh... "Eohippus". And that thing there will be "Glyptodont".

And that'll be "Uintatherian". While over there, say, a "Protoceratops" yonder a "Tyrannosaurus", while there a....

Hardly the job to entrust to a pedant!
