## Recruiting Moravian College Liberal Arts Students

*"...All too often we are giving young people cut flowers when we should be teaching them to grow their own plants." --John Gardner*

Liberal Arts Students at Moravian College receive an education that provides them with the ability to think, learn, as well as the capability to see the world from a global perspective. Students are taught to apply knowledge to world issues through research, critical thinking and analytical techniques.

### WHAT CAN OUR LIBERAL ARTS STUDENTS DO?

Our Liberal Arts Students can do it all – Our students are taught to function by using their minds to develop solutions. Most employers would agree that they desire to have employees that can think for themselves, and work autonomously or in the context of a team. Our students can do just that in business, social services, education, government, research, technology and in many other areas. Our students are the cultivators of tomorrow’s successes.

### SKILLS

Moravian College Liberal Arts Students consistently exhibit the skills that employers are searching for in potential candidates. Our Liberal Arts Students have valuable skills and abilities including:

- |   |                       |                          |
|---|-----------------------|--------------------------|
| Communication skills (verbal and written) | Honesty/integrity     | Teamwork skills          |
| Persuasive marketing skills               | Interpersonal skills  | Motivation/initiative    |
| Strong work ethic                         | Analytical skills     | Flexibility/adaptability |
| Computer skills                           | Organizational skills | Detail orientation       |
| Leadership skills                         | Self-confidence       | Creativity               |
| Entrepreneurial drive                     | Sense of humor        | Critical thinking skills |

### EXPERIENCE

Moravian College Liberal Arts Students typically have obtained work experience through internships, cooperative education, field studies, community service, and faculty research projects. Our students are aware of the professional world and its nuances prior to graduation. Therefore, when they join your organization they perform at a high level.
