**Assignments and Grading**

Assignments are due as indicated below. Please note that unless a mutually agreeable revised due date is negotiated with the instructor, any late assignment will lose five percentage points for each calendar day it is late, and any assignment not submitted within two weeks of the due date will receive a “0.” It is within the instructor’s purview to apply qualitative judgment in determining grades for an assignment or for a course.

Attendance

Due to the nature and structure of the seminar, attendance at each meeting is crucial. If you must miss a session, please call the instructor to explain. When an absence is unavoidable, a written précis of the assigned readings must be submitted on or before the next regularly scheduled session. A missing or incomplete written response to readings following an absence will reduce the final grade by five percentage points. More than two class absences or a pattern of late arrivals to class may, at the discretion of the instructor, result in a failing grade for the seminar. See *Education Department Field Experience Handbook* for field experience attendance guidelines.

Academic Honesty

You are encouraged, and in some instances, required to use conventional and on-line secondary source materials, but all work that you submit must be your own. Be certain to cite the sources that you used, and take care to avoid plagiarism, which the *Moravian College Student Handbook* defines as “the use, deliberate or not, of any outside source without proper acknowledgement” (52). Consult *Writers Inc.*, *The MLA Handbook for Writers of Research Papers*, and the student handbook for more information on this topic. Note that academic dishonesty will result in a zero for the assignment and notification of the Academic Dean, in accordance with Moravian College policy.
