COURSE DESCRIPTION:

An introduction to the theory and application of two dimensional design as it applies to the creation of pictorial space. Students will be guided through a series of weekly projects in visual expression, introducing them to the formal elements of design: line, shape, value, color, and space and the principles of organization: harmony, variety, balance, proportion, scale, dominance, movement, and economy in a variety of concepts, mediums, and techniques.

TEXT:

A text will not be required. I will bring a variety of texts to class, which may be used during class or signed out by students for longer periods of time.

MATERIALS:

Students will be provided with all materials required for this class. The cost of materials will be billed to each student’s account. Do not purchase any materials for this class until after the first class meeting.

CRITIQUES:

At the end of each project there will be a major critique during which each student’s project solution will be pinned to the studio wall as a group. The instructor leads, with full student involvement, a discussion in which the work of each student is assessed in terms of: meeting the projects objectives (technically, formally, and conceptually), originality and creativity, degree of involvement, problem solving ability, craftsmanship, and presentation. Learning to analyze one’s own work and the work of others is as important a skill as making the work. There will also be many individual and small group preliminary critiques.
GRADING:

Each project must be successfully completed in order to receive credit for the course. Final grades will be based on: work done both in and out of class, meeting the projects objectives, level of achievement, creativity and imagination, craftsmanship, and presentation. Class participation and attendance are considerations when assigning grades. How well you prepare for class, work during class, and participate in critiques and discussions will influence your grade.

THE FOLLOWING MEANINGS ARE ASSIGNED TO GRADES:

A. Superior: 93-100,  A-  91-92
   Scholarship:  strong exceeding requirements of instructor
   Initiative:  contributions exceeding the assignment, showing independent resourcefulness
   Attitude:  positive, beneficial to class
   Individual Improvement:  continually developing

B.  Good - Above average:  B+  88-90,  B  84-87,  B-  81-83
   Scholarship:  accurate and complete, meeting all requirements of instructor
   Initiative:  good, meeting requirements of assignments
   Attitude:  proper, beneficial to class
   Individual Improvement:  shows signs of progress, responds positively to criticism

C.   Average:  C+  78-80,  C  74-77,  C-  71-73
   Scholarship:  barely meeting requirements of instructor
   Initiative:  uncertain, apparent only at times
   Attitude:  generally neutral, but not objectionable
   Individual Improvement:  not showing signs of progress, not responding to criticism

D.  Below average, yet passing:   70-61
   Scholarship:  not meeting requirements of instructor,
   Initiative:  not meeting requirements of assignments, not completing assignments
   Attitude:  indifferent, possibly objectionable
   Individual improvement:  not noticeable

F.  Completely unsatisfactory:   60 and below

Students will receive in-progress grades throughout the semester:

Assigned projects, in studio work  85 %
Attendance and Class participation  15 %
ATTENDANCE:

All students must attend all classes and required lectures. Poor attendance and or consistent tardiness could negatively impact a project's grade, and by extension your overall course grade. Class participation and attendance are major considerations when assigning grades for projects and final grades. How well you prepare for class, work during class time, and participate in critiques and discussions will influence your final grade. Work that is late due to illness, or other emergencies, will not be penalized. A doctor’s excuse, notification by the health center, or some other form of written notification (an e-mail) is necessary for all absences. Without some form of written excuse you will receive an unexcused absence. Students are responsible for assignments given on a day when they are not in class. All missed work must be made up within a reasonable amount of time.

LECTURES and TRIPS:

During the course of the semester you will be required to attend an on-campus art event and an off-campus (generally a bus trip to NYC to visit museums and galleries) art event and write a short (250-300 word) paper on one of these events in addition to your design requirement. Each paper is generally due one week after the date of the event. Types of events include Gallery Openings, Forums and Bus Trips. Gallery Openings are public events which occur at some point during the course of each Gallery Exhibition. These generally include a short talk by the artist being shown or the curator of the exhibit. Forums may feature slide talks by art department faculty, visiting artists, art historians, critics, and/or art professionals such as conservators, illustrators, and art editors. The Bus Trip is usually to New York City, where we might start the day viewing classic works at the Metropolitan Museum of Art and finish by experiencing cutting edge work made yesterday and exhibited in Chelsea.

Dates for Events this semester: To be announced

Date for Bus Tip to NYC: tentatively, Friday, March 30, 2007

STUDENTS with DISABILITIES or SPECIAL NEEDS:

Students who require accommodations for this course must first contact Academic Support Services, the Counseling Center, or Student Health Services. Please do this as soon as possible so that we may have a dialogue as to your needs and the recommended accommodations.

**This outline is a guide and may be subject to change.**

**NOTE:** Students who undertake projects which are larger or more involved than that which is normally undertaken by the rest of the class may receive extended working time.

**STUDIO:** Students are responsible for the studio and equipment. Please get into the habit of cleaning up after yourself at the end of each work session. No personal listening devices are allowed in class. Turn off cell phones before class begins. You may bring drinks to class (coffee, soda, etc.), but please do not bring food to class.

**ATTENDANCE AT ALL CRITIQUES IS MANDATORY.** If you are absent without a doctor's excuse or some form of written explanation (including e-mail), you will receive a partial grade reduction of up to 10 points for the assignment. If you attend the critique but do not hand in your work, you will receive up to a 4 point reduction for each class that the work is late. All problems may be resubmitted if you choose to rework them after they are graded. You have two (2) weeks to do so.
SAFETY PROCEDURES:

1. Read, understand, and follow all recommendations for health and safety precautions labeled on products.

2. Read, understand and follow all manufacturer recommendations for the proper use of products, materials, and tools.

3. Always follow all recommended studio rules and procedures.

4. Wear proper protective eyewear; dust masks, protective clothing, etc. as indicated.

5. Do not operate tools or equipment without being instructed in their proper and safe use.

6. Do not use materials without being instructed in their proper and safe use.

7. Always work in a well ventilated, well lighted, and safe workplace.

8. Report any unusual incident with materials, tools or equipment immediately to the instructor and to the College's nurse.
