Course Suggested Text:

Course Requirements:

1. **PowerPoint Presentation** – (20%)
   March 1, 2007 CD is due.

2. **Weekly Written Work** (50%) to both of your supervisors
   Weekly lesson plans
   Weekly journals
   Video taping of a lesson from each experience and its review by you

3. **Professional Development Essay, Attendance, Preparation, & Cooperation** – (10%)

4. **Final Portfolio** – (20%) Due on or before April 30, 2007 at 4:00 PM

Attendance and participation: It is expected that you will attend and participate in all seminars. Seminars will begin at 4:00 and end at 6:00. If you need to be late for seminar, you will then submit to me a rationale for your delay. Those who select to be absent or not to participate in a professional manner will have their final grade lowered. Each unexcused absence will lower your final grade by 2%.

Academic Honesty: I will follow the academic honesty policy as stated in the 2006-2007 Student Handbook on pages 44-46. Failure to follow these guidelines may result in failing this course.

Grading: I will consult with your supervisors to assess your success in the field. In all areas, I will use the Moravian College standards of academic achievement as stated in the Student Handbook. It is within the instructor’s purview to apply qualitative judgment in determining grades for all of your assignments and your final grade for this course.
Cell Phones: Turn off cell phones during seminars. If your phone rings, you will share a snack for our next seminar.

School Attendance of Meetings: You are required to attend all professional meetings associated with your student teaching. This includes faculty meetings, in-service days, parent conferences, team meetings, technology training, and child study team meetings. You should attend everything that your cooperating teacher is attending.

Weekly Journal: Each week at the beginning of seminar, you will submit your weekly journal from the previous week to your college supervisors. Each supervisor has a mailbox. Mrs. Hovanec has one in the Education Office and Mrs. Crooker and Mrs. Kearns have one in the Art Department’s Office. You will place your weekly journals in each unless directed to do otherwise by your supervisor. This journal must include daily entries (minimum of one page per entry) that describe your student teaching experience such as what you are doing and observing. Your journals must also include reflective remarks about what you are thinking, how this all relates to concepts you leaned in your methods classes, how this all relates to ideas in your reading or what you have read. Your journals are not a place to complain about your experience. If you do have serious concerns, talk to your college supervisors. Do not work on your journals during class time. You need to be thoroughly engaged with your students even if your cooperating teacher is teaching. **Your evaluations of your lesson plans should not be included in your journal.** Lesson plan self-evaluations are attached to the lesson that was taught. Your journal entries will be handed back to you so you will have a complete journal at the end of your semester. Your journals need to be word processed.

Professional Development: It is expected that you will continue to read professional magazines as part of your plan for professional development. You should feel free to bring readings on current topics to seminar.

There will also be another professional development required. This is something more than the required school requirements. It might be a lecture presented by our college or others. It could be an art workshop at the Banana Factory or Allentown Museum. The topic of the professional development should be art or teaching related. It should not be a faculty meeting. A professional development experience is something beyond that. As professional development opportunities come up, please share them with everyone. After attending the professional development activity, you are required to submit a 2-3 page reflection on the activity. This paper should be submitted to me one week after the event. All professional development papers are due before April 20, 2007.

Weekly Lesson Plans: Each week at the beginning of seminar, you will submit to your college supervisors your word processed lesson plans from the previous week. They should be submitted along with your Weekly Journals. You must follow the lesson plan format included in the Student Teaching Handbook unless you have made other arrangements with your supervisors. The lesson plans should include some indication that your cooperating teacher has previewed them. The self-evaluation or reflection section in your lesson plan is crucial to your development as a teacher so be very thoughtful and reflective. The evaluation for each lesson should be about one page in
length even when you are permitted to do block planning. Written reflections should be included with your block plans.

**Weekly Schedules:** Every Friday you will e-mail your schedule for the next week to both your supervisors. Include your name, coop, school, and room number on each of your schedules. Use your technology to develop a weekly grid with times and days on it. Bold or star the lesson that you would want one of us to observe. We will try to fit it in our schedules.

**Video Taping:** Your supervisors will video tape a lesson from each experience. They will not review it with you, but you are to use a weekly lesson review form to assess your own lesson. After you submit this, you and your supervisor can review the lesson together. You will need to give me $5.00 for the two DVD’s. Money due on or before January 15th. When you are handing in all of your paper work to Mrs. Kubera on January 12th, you could also pay her the $5.00.

**PowerPoint Presentations:** You are required to make a PowerPoint presentation of your first student teaching experience. Your presentation must include at least 8 slides and should highlight creative lessons and activities that your students engaged in during your first student teaching experience. The PowerPoint should demonstrate your high quality technological skills. Use as many “bells and whistles” as you can to impress your future employer. Several slides may be devoted to you as a professional artist and may depict other aspects of you that would be of interest to a hiring administrator. This project will be graded. It is due on March 1st at 6:00 PM. On March 1st, each person will submit a copy of your PowerPoint presentation to me on a CD. Make sure your CD is labeled. We will view them together during our seminar on March 12, 2007.

**Final Portfolio:** This will demonstrate how successful you were in your preservice experiences. It is a tool that is used during the interviewing process. It should be something that you will continue to update.

The following items should be included:

- Title page and table of contents
- Resume
- Statement of your philosophy of how people learn and experience art. It may also include your classroom management ideas, etc.
- A sampling of lessons plans with a statement of why (rationale) you included this in your portfolio. The statement should be on a separate page before your lesson plan, etc. - Each should have different focuses. Lesson should incorporate adaptations for diverse and inclusive populations, cooperative and collaborative structures, differentiated instruction, etc. Some lesson plans should include pictures of student artifacts, assessment tools, and photographs of students engaging in lessons.
- Technology skills - List of computer skills, samples, and a statement of how you would use computers to support learning in an art classroom.
- Evidence of teamwork - Pictures or a description of the people that you have worked with at your school setting.
Evidence of professional development or growth – Experiences such as staff development program, a professional organization meeting, IU workshop, illustrators’ visit, etc., should be presented in a page or two documenting and reflecting about them. If there were handouts, you should include those.

Something extra that you want to share that will make your portfolio special like setting professional goals for the next three-five years, etc. You may want to create special sections that would focus on how you directed extracurricular activities, community activities or a three-year professional development plan.

Any certificates such as memberships into honor societies, professional organizations, etc.

Later you will add: documents, references, transcripts, certification documents, etc.

Your portfolio needs to look very professional. You should showcase your talents and your organizational skills. Photos with computerized (nothing hand written) captions are eye catching. Remember, “A picture is worth a 1000 words.” A picture will often give you an excuse to talk about something you did in class with your students.

Portfolios are due April 30, 2007 in my office by 4:00 PM.

Job Fair = March 21, 2007 = You are excused from student teaching for that day.

Due Dates that are important to you:

- TB test - MUST BE to Ms. Kubera (PPHAC 225) by Monday, January 15. The test can be done in the Moravian College Health Center on December 15 or by your own physician during the semester break. If you choose to go to the Health Center, December 15 is the date to go. The test must be read within 48-72 hours. This will give the Health Center time to read the results before they close for the semester break. If you go before December 15, your test will not be valid for your second student teaching experience. Remember, the test is valid for only three months so don’t get it done too early.

- Criminal Record Check - Copy MUST BE to Ms. Kubera by Monday, January 15.

- PA Child Abuse Clearance - Copy MUST BE to Ms. Kubera by Monday, January 15.

- Application for Certification and $40 money order made out to "Commonwealth of Pennsylvania"- needs to be to Ms. Kubera by March 20. This application requires a doctor’s signature so have this signed at the same time you have your School Personnel Health Record signed.

A. Lesson Plan Format for Art Education

I. OVERVIEW OF THE LESSON
   A. Date of lesson
   B. Time and Length of lesson
   C. Group Structure(s)
   D. Lesson Topic
   E. Grade Level
   F. Cooperating Teacher

II. PENNSYLVANIA STATE STANDARDS
List the number and a brief description of the Pennsylvania State standards addressed through your lesson.

III. GENERAL OBJECTIVE(S)
A general objective describes what students will learn through your lesson. Appropriate verbs to use include "to learn," "to understand," "to know," "to appreciate. An example would be, "Students will understand that immigrants arriving at Ellis Island often faced many hardships to come to the United States."

IV. BEHAVIORAL OBJECTIVE(S)
1. A behavioral objective describes what students will do during the lesson. The objective should begin with a statement of the important conditions under which the behavior will occur ("After students have watched a PowerPoint presentation of the Lewis and Clark expedition…"), followed by a description of student behavior using verbs that are measurable or observable ("…students will list…"), followed by a brief description of the level of acceptable performance.

2. Appropriate verbs to use with a behavioral objective include identify, state, describe, define, solve, compare, contrast, read.

3. An example of a complete behavioral objective would be: "After reading The Alaska Expedition, students will draw a poster that illustrates the different modes of transportation important to the expedition. The poster must clearly and accurately represent at least three different modes of transportation."

V. INSTRUCTIONAL MATERIALS
1. This section requires a list of all materials needed to implement the lesson.

2. This list should include source and title of print and non-print materials.

3. The list should include source and quantity of consumable materials any handouts and/or transparencies utilized should be attached to the lesson plan when it is submitted for evaluation.

VI. ACTIVITY AND PROCEDURE
   A. MOTIVATION and INTRODUCTION
This section of the plan requires a complete explanation of how the lesson will be taught and should flow in a developmental, logical, sequential manner. The introduction should (a) establish the purpose of the lesson for the students; (b) connect the lesson to prior knowledge; (c) engage the learners (MOTIVATE THEM).
B. DEVELOPMENT
This sub-section should include a detailed and sequential explanation of the developmentally appropriate methods (strategies) that will be employed to teach this lesson. You might include such things as:

- a description of teacher modeling;
- ways to check for students’ understanding;
- ideas for differentiated instruction and techniques to provide for guided practice;
- an explanation of room arrangement;
- the vocabulary to be developed;
- a list of questions to be asked and even expected student response.

C. STRATEGIES FOR DIVERSE LEARNERS
This section should include accommodations listed in PDE Chapter 15/Section 504 Plans, strategies developed for ESOL students, specially designed instruction listed in IEPs, and strategies used to meet the needs of other diverse learners. It is critical that you have access to the pertinent documents. Often the same strategy may be listed in different documents for different students. For instance visual cues could be an appropriate strategy identified in any of the above documents. You should also discuss the strategies with your cooperating teacher and key support teachers such as the ESOL teacher and the special education teacher.

D. SUMMARY AND CLOSURE
This should include an explanation of the techniques that will be used to summarize or review the lesson’s content.

E. ASSIGNMENT
(when appropriate)

VII. EVALUATION

A. ASSESSMENT for STUDENTS
There should be a clear, logical link between the student behavior described in the behavioral objective and the assessment of student performance. An assessment strategy for the sample behavioral objective given above might be, "The students' posters will be examined to determine whether they have accurately identified at least three modes of transportation important to the Alaska Expedition."

When you link your assessment strategy to your behavioral objective, you improve the validity of your assessment and increase the probability that your assessment will be more "authentic."

This is an important part of your lesson plan and should be thought through prior to teaching the lesson.

B. SELF EVALUATION on HOW YOU TAUGHT the LESSON
Experience + Reflection = Growth
You are expected to thoughtfully consider every lesson taught in light of how your latest performance as a teacher correlates with what you believe teaching and learning should be.

Evaluate your lesson in terms of the stated outcomes, the appropriateness of methodology, the results of the student evaluations and the reactions of your students.

After the lesson is taught, ask yourself:

1. What Worked?
2. What needs to be improved?
3. How could it be improved?
