Course Requirements:

Participation/Preparation: 10%
Each student is expected to read all assigned materials closely and critically, and to come to class prepared to discuss the readings thoughtfully. Each week, students will be provided with "Focus Questions." It is expected that students will be able to respond to these questions in depth; however, it is also hoped that you will be able to go beyond these questions and be able to discuss connections to course material and related reading and presentations. The class may have periodic unannounced quizzes to test student knowledge, and these will be included as part of the overall participation grade. It is imperative that each student be present and on time so that they may contribute to discussions. Excessive absences (more than two) and/or lateness will necessarily affect your final grade. If you anticipate that you will be late or absent, please inform me via email or telephone. While such notification will be appreciated and understood as courtesy, it will not be viewed as excusing the absence or lateness. Cases of absence based on medical reasons will be excused, provided a doctor’s note is provided. Movies will be shown in this course, and will be arranged for viewing at a scheduled evening period. Although all efforts will be made to accommodate student schedules, each student
is responsible for viewing the movie on their own if they are unable to attend the scheduled viewing.

Please also observe common courtesy in class in regard to cell phones and eating in class.

Mid-term exams: 20% each
Students will take two in-class examinations based on assigned readings, lectures, films and discussions.

Short papers: 15% each
Students will write two essays (4 pages each) analyzing specific themes from the assigned primary readings. Further details will follow. Out of justice to the other students in this class, all late papers will be downgraded one letter grade for each day of lateness. Please be familiar with the Moravian College Code of Academic Conduct provided in the Student Handbook covering issues of academic integrity.

Final in-class Examination: 20%
This final exam, to be scheduled by the Registrar during finals week, will focus primarily on topics raised in class since the previous mid-term exam. However, students can expect to address a final essay question that draws on the major cumulative themes raised in this class.

Note: All of the course requirements listed above must be successfully completed to pass the course. I reserve the right to change the syllabus at anytime during the semester.
