COURSE OBJECTIVES
Students will learn the basic strokes using games based instruction, the standard method of instruction and group instruction. Each of the strokes (backhand; forehand; serve; volley; overhead) will be taught in a group lesson with students have an opportunity to practice the strokes and to be evaluated. Upon the completion of the instruction, the students will learn the basics of singles play and doubles play and have the opportunity for competition. Those students who show proficiency for the strokes will continue in the class but will concentrate on playing competitively. Intermediate students will be able to move into the group lessons for strokes that they or the instructor think that they need more instruction in.

COURSE REQUIREMENTS
1. Attendance
2. Active Participation
3. Cooperation with classmates and instructors
4. All absences must be excused and will be dealt with on an individual basis.
5. If all requirements are met the student will pass the course.
